Indurkha, 2013-03-09 Many metaphors go beyond pointing to the existing similarities between two objects they create the similarities Such metaphors which have been relegated to the back seat in most of the cognitive science research are the focus of attention in this study which addresses the creation of similarity within an elaborately laid out interactive framework of cognition Starting from the constructivist views of Nelson Goodman and Jean Piaget this framework resolves an apparent paradox in interactionism how can reality not have a mind independent ontology and structure but still manage to constrain the possible worlds a cognitive agent can create in it A comprehensive theory of metaphor is proposed in this framework that explains how metaphors can create similarities and why such metaphors are an invaluable asset to cognition The framework is then applied to related issues of analogical reasoning induction and computational modeling of creative metaphors **At a Loss to Eternity**

Thomas Porky McDonald, 2005-04-12 In direct contrast to the plethora of winning is everything material that has incrementally grown since the 1990s Thomas Porky McDonald poet and writer offers up *At a Loss to Eternity* an admittedly arbitrary look at a number of fine baseball teams that as the subtitle states *Didn't Win it All* Spanning from the early days of the modern World Series Era to the present McDonald attempts to enlighten those who are willing as well as those seemingly scarred by the burgeoning attitude that everyone is a loser except the one that wins the ultimate Championship League Champions who lost the World Series like the legendary 1906 Tinker to Evers to Chance Chicago Cubs or Milwaukee's Brew Crew 82 take their proper place amongst the elites that they ultimately lost the Fall Classic to Remarkable second place teams such as the 1942 Brooklyn Dodgers and the 1961 Detroit Tigers each winners of 100 regular season games are also afforded a forum here Storied franchises currently in the throes of long Championship droughts from Chicago's Cubs and White Sox to the Cleveland Indians are considered along with their former baseball purgatory roommate the Boston Red Sox who finally took it all in 2004 *At a Loss to Eternity* asks the reader to simply recall what professional sports and baseball in particular are really about The joy that those who love the Game get from it cannot be dismissed by a growing inane win or die attitude fostered by mass media and accepted incoherently in too many places Winning is wonderful and all athletes should certainly strive to win every time they enter the playing field Nonetheless any player that gives every ounce of effort they can toward the goal of winning could never be a loser despite what those who've probably never accomplished anything themselves would have you believe Winning isn't everything though aspiring to win surely should be The Red Sox 2004 World Championship exorcized many ghosts for some but the truth is that many wonderful teams and a number of All Time stars that did not win a World Title will always shine even though they never managed to secure a ring So much so that *At a Loss to Eternity* is in fact ultimately a tale of winners

Poet in the Grandstand Thomas Porky McDonald, 2010-11-18 In the area of ballpark hopping there have been a number of accounts written recorded or talked about in recent times sometimes for a cause or others just as a gimmick Through *Poet in the Grandstand* poet and writer Thomas Porky McDonald gives us a most unique twist on a preoccupation which has grown in the past few decades in the wake of the closings of classic old yards and the birth of the more entertainment and nostalgia driven open air parks From his first trip in 1990 to the fabled Comiskey Park of Shoeless Joe Jackson Bill Veeck and the Go Go Sox on through to the 2010 opening of Minnesota's fabulous Target Field featuring the modern M M Boys Joe Mauer and Justin Mourneau McDonald offers up a book that is part travelogue and part poetic tribute to all the places that men and women have gone to over the years for a very personal sense of joy This journey done methodically over two decades picks up steam as the chapters begin to flow The effect of McDonald himself clearly growing as a poet through the years is accentuated by the fact that more and more pieces are written in the later trips The end result is a most interesting volume of not just ballparks but Americana as numerous attractions taken in during those ballpark weeks and weekends are also noted and or dissected For fourteen seasons on his own and then six more

accompanied by friend and confidant Adam Boneker McDonalds travels highlighted by over 300 poems can take the reader back to a simpler time or into the possibilities of the future In chapter and in verse Poet in the Grandstand has something for both the baseball enthusiast and the curious traveler Fans of the game and lovers of the road will each find much to offer within these pages
