Moore,1997 A guide to the process of developing a nursing library from library administration resources and services accreditation budgeting personnel management and public relations to collection development and evaluation cataloguing special collections and resource centers Annotation copyrighted by Book News Inc Portland OR Juvenile Justice Richard Lawrence,Craig Hemmens,2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings The readings will have a policy orientation giving them a real world applied character The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field **The Metaphorical Society** Daniel Rigney,2001-03-21 This book introduces the novice reader to modern social theory through the creative exploration of eight major metaphors that have shaped Western understandings of human society Rigney vividly yet concisely examines each major theoretical perspective in sociology including functionalism conflict theory rational choice

and symbolic interactionism He shows how each of these theories is rooted in a particular metaphorical tradition Over decades and centuries Rigney argues social theorists have variously likened societies to organisms and living systems to machines battlefields legal systems marketplaces games theatrical productions and discourses Most interestingly Rigney deftly shows how nearly all Western social theories fit with one or more of the metaphors He emphasizes a humanistic understanding of society with an emphasis on the creative agency of social actors and communities The book offers students a rich understanding of social theory yet it is simultaneously concise and broad ranging allowing instructors to further pursue detailed exploration of any perspectives they choose Bureaucratic Archaeology Ashish Avikunthak,2022-02-03

Bureaucratic Archaeology is a multi faceted ethnography of quotidian practices of archaeology bureaucracy and science in postcolonial India concentrating on the workings of Archaeological Survey of India ASI This book uncovers an endemic link between micro practice of archaeology in the trenches of the ASI to the manufacture of archaeological knowledge wielded in the making of political and religious identity and summoned as indelible evidence in the juridical adjudication in the highest courts of India This book is a rare ethnography of the daily practice of a postcolonial bureaucracy from within rather than from the outside It meticulously uncovers the social cultural political and epistemological ecology of ASI archaeologists to show how postcolonial state assembles and produces knowledge This is the first book length monograph on the workings of archaeology in a non western world which meticulously shows how theory of archaeological practice deviates transforms and generates knowledge outside the Euro American epistemological tradition The Sourcebook of Architectural & Interior Art

Jill Schaefer,2004-09 **The International Self** Mira M. Sucharov,2012-02-01 The International Self explores an age old question in international affairs one that has been particularly pressing in the context of the contemporary Middle East what leads long standing adversaries to seek peace Mira M Sucharov employs a socio psychoanalytic model to argue that collective identity ultimately shapes foreign policy and policy change Specifically she shows that all states possess a distinctive role identity that tends to shape behavior in the international realm When policy deviates too greatly from the established role identity the population experiences cognitive dissonance and expresses this through counternarratives an unconscious representation of what the polity collectively fears in itself propelling political elites to realign the state s policy with its identity Focusing on Israel s decision to embark on negotiations leading to the 1993 agreement with the Palestine Liberation Organization PLO Sucharov sees this policy reversal as a reaction to the unease generated by two events in the 1980s the war in Lebanon and the first Palestinian Intifada that contradicted Israelis perceptions of their state as a defensive warrior Her argument bridges the fields of conflict resolution Middle East studies and international relations **New Serial**

Vallacher,Stephen John Read,Andrzej Nowak,2002-11-01 Recent years have witnessed the ascendance of a new way to conceptualize and investigate the nature of dynamism at different levels of

psychological reality Areas of inquiry as diverse as cognitive neuroscience developmental psychology organizational behavior and political sociology are being reframed in terms that allow rigorous and precise insight into basic dynamic processes There are signs that this new approach to dynamics is emerging as a potentially integrative paradigm for personality and social psychology as well This special issue highlights this new paradigm and illustrates its relevance to a broad spectrum of topics in personality and social psychology

Translation and Adaptation in Theatre and Film Katja Krebs, 2013-08-15

This book provides a pioneering and provocative exploration of the rich synergies between adaptation studies and translation studies and is the first genuine attempt to discuss the rather loose usage of the concepts of translation and adaptation in terms of theatre and film At the heart of this collection is the proposition that translation studies and adaptation studies have much to offer each other in practical and theoretical terms and can no longer exist independently from one another As a result it generates productive ideas within the contact zone between these two fields of study both through new theoretical paradigms and detailed case studies Such closely intertwined areas as translation and adaptation need to encounter each other's methodologies and perspectives in order to develop ever more rigorous approaches to the study of adaptation and translation phenomena challenging current assumptions and prejudices in terms of both The book includes contributions as diverse yet interrelated as Bakhtin's notion of translation and adaptation Bollywood adaptations of Shakespeare's Othello and an analysis of performance practice itself arguably an adaptive practice which uses a variety of languages from English and Greek to British and International Sign Language As translation and adaptation practices are an integral part of global cultural and political activities and agendas it is ever more important to study such occurrences of rewriting and reshaping By exploring and investigating interdisciplinary and cross cultural perspectives and approaches this volume investigates the impact such occurrences of rewriting have on the constructions and experiences of cultures while at the same time developing a rigorous methodological framework which will form the basis of future scholarship on performance and film translation and adaptation

The Politics of Gun Control Robert J. Spitzer, 2025-08-28 Since its initial publication in 1995 this book has become the classic work on every important element of the tumultuous national gun debate in America This new edition brings together the latest developments and research in gun politics policy law history and criminology to provide a comprehensive and accessible source widely used by scholars journalists and in classrooms In this era of polarized politics this book provides a unique window into how and why that polarization drives our politics Among the new topics covered in this edition are the Supreme Court's new foray into applying history to evaluate modern gun laws the effects of political whipsawing between Democratic and Republican control of government and the consequences of that for gun laws violence and policy New to the Tenth Edition Analysis of the Supreme Court's *Rahimi* decision that for the first time implemented its controversial history based standard for judging the constitutionality of current gun laws Highlights the whiplash between the pro gun policy actions of the Biden administration and the second Trump administration's about face

to roll back those initiatives Chronicles the rise and nearly cataclysmic implosion of the once vaunted National Rifle Association as self created problems brought it to the brink of disaster and as legal actions against the NRA finally came to an end Elucidates the scramble of other gun rights groups to replace the NRA as the nation s foremost anti gun law organization Presents new and updated statistical research on gun ownership in America gun related fatalities public opinion support of red flag laws and other gun control measures After a surge in gun violence and gun ownership both have receded to pre pandemic levels and the murder rate continues its decline after a short upsurge Includes new pedagogical features of chapter summaries and discussion questions in each chapter

The SAGE Handbook of Rhetorical Studies Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field Key Features Brings together scholars from across the disciplines of Speech Communication English and Writing Studies While rhetoric is by definition interdisciplinary self identified scholars in the field are most often institutionally separated from one another This Handbook bridges this divide by providing a refreshing range of transdisciplinary views on the nature status definition and scope of rhetoric today Offers a thorough going overview of rhetorical studies today Organized in four sections Historical Studies in Rhetoric Rhetoric Across the Disciplines Rhetoric and Pedagogy and Rhetoric and Public Discourse the volume provides a single resource for engaging rhetorical studies Underscores the importance of rhetoric to education across a wide range of disciplines as well as to effective participation in public arenas Thus the volume connects rhetoric s long teaching tradition to an activist agenda for informed civic engagement Addresses methodological and theoretical difficulties and offers means of negotiating them Provides one of the first introductions to rhetorical studies across cultures and to the related debates concerning comparative and contrastive rhetorics
