1995 International Motion Picture Almanac International Motion Picture Almanac:

International Motion Picture Almanac Quigley Publishing, 2008 *Motion Picture Almanac*, 2002 **International Motion Picture Almanac** Terry Ramsaye, 1992 Overseas Information Programs of the United States Government United States. Department of State. Division of Library and Reference Services, 1951 *Hollywood's War with Poland, 1939-1945* M.B.B. Biskupski, 2010-01-08 During World War II Hollywood studios supported the war effort by making patriotic movies designed to raise the nation's morale. They often portrayed the combatants in very simple terms. Americans and their allies were heroes and everyone else was a villain. Norway, France, Czechoslovakia, and England were all good because they had been invaded or victimized by Nazi Germany. Poland, however, was represented in a negative light in numerous movies. In *Hollywood's War with Poland 1939-1945* M.B.B. Biskupski draws on a close study of prewar and wartime films such as *To Be or Not to Be* 1942, *In Our Time* 1944, and *None Shall Escape* 1944. He researched memoirs, letters, diaries, and memoranda written by screenwriters, directors, studio heads, and actors to explore the negative portrayal of Poland during World War II. Biskupski also examines the political climate that influenced Hollywood films. **Cinema of Outsiders** Emanuel Levy, 1999 The most important development in American culture of the last two decades is the emergence of independent cinema as a viable alternative to Hollywood's safe and innocuous entertainment. Indeed, while Hollywood studios devote much of their time and energy to churning out big budget star-studded event movies, a renegade independent cinema that challenges mainstream fare continues to flourish with strong critical support and loyal audiences. A New Pot of Gold Stephen Prince, 2002-03-15 Facing an economic crisis in the 1980s, Hollywood moved to control the markets of videotape, pay cable, and pay per view. This volume examines the transformation that took the industry from the production of theatrical film to media software. *Technical Report NAVTRADEVCE* 269-7, 1956 **John Wayne's America** Garry Wills, 1998-03-02 The Pulitzer Prize-winning author of *Lincoln at Gettysburg* brings his eloquence, his wit, and his on-target perceptions of American life and politics to this fascinating well-drawn portrait of John Wayne, a true 20th-century hero. Deeply satisfying at every level. *Michael Stern*, *San Francisco Chronicle* of photos. **The Star System** Paul McDonald, 2001-06-13 Looks at the development and changing organization of the star system in the American film industry. Tracing the popularity of star performers from the early cinema of attractions to the Internet universe, Paul McDonald explores the ways in which Hollywood has made and sold its stars. Through focusing on particular historical periods, case studies of Mary Pickford, Bette Davis, James Cagney, Julia Roberts, Tom Cruise, and Will Smith illustrate the key conditions influencing the star system in silent cinema, the studio era, and the New Hollywood. Hollywood Reborn James Morrison, 2010 The book focuses on the way various film icons engaged in and helped define some major issues of cultural and social concern to America by making heavily politicized movies during the 1970s. **Hollywood Stardom** Paul McDonald, 2012-11-26 By integrating star studies and film industry studies, *Hollywood Stardom* reveals the inextricable bonds between culture and commerce in contemporary notions of film stardom.

Integrates the traditions of star studies and industry studies to establish an original and innovative mode of analysis whereby the star image is replaced with the star brand Offers the first extensive analysis of stardom in the post studio era Combines genre narrative acting and discourse analysis with aspects of marketing theory and the economic analysis of the film market Draws on an extensive body of research data not previously deployed in film scholarship A wide range of star examples are explored including George Clooney Mel Gibson Tom Cruise Daniel Day Lewis Tom Hanks Will Smith and Julia Roberts

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1970 The Republic Pictures Checklist Len D. Martin,2015-08-13 Republic Pictures Corporation began as a motion picture laboratory in 1915 By 1935 Republic had become a studio and released its first movie Westward Ho starring a young John Wayne who would stay with Republic for the next 17 years Republic would go on to produce highly successful Westerns starring singing cowboys Gene Autry and Roy Rogers as well as serial adventure series The studio cranked out so many exciting not to mention money making serials that it became known as The Thrill Factory Occasionally Republic would produce and distribute A features such as Macbeth and The Quiet Man but it was the B Westerns and adventure serials that they knew best how to produce and market Until its demise in 1959 Republic fed hungry moviegoers with a steady diet of B Westerns serials dramas series pictures and musicals The Republic Pictures Checklist provides a full listing of Republic releases with plot synopses release dates alternate titles chapter titles and awards All of Republic s output including documentaries and training films is included

Harnessing the Technicolor Rainbow Scott Higgins,2009-02-17 Like Dorothy waking up over the rainbow in the Land of Oz Hollywood discovered a vivid new world of color in the 1930s The introduction of three color Technicolor technology in 1932 gave filmmakers a powerful tool with which to guide viewers attention punctuate turning points and express emotional subtext Although many producers and filmmakers initially resisted the use of color Technicolor designers led by the legendary Natalie Kalmus developed an aesthetic that complemented the classical Hollywood filmmaking style while still offering innovative novelty By the end of the 1930s color in film was thoroughly harnessed to narrative and it became elegantly expressive without threatening the coherence of the film s imaginary world Harnessing the Technicolor Rainbow is the first scholarly history of Technicolor aesthetics and technology as well as a thoroughgoing analysis of how color works in film Scott Higgins draws on extensive primary research and close analysis of well known movies including Becky Sharp A Star Is Born Adventures of Robin Hood and Gone with the Wind to show how the Technicolor films of the 1930s forged enduring conventions for handling color in popular cinema He argues that filmmakers and designers rapidly worked through a series of stylistic modes based on the demonstration restraint and integration of color and shows how the color conventions developed in the 1930s have continued to influence filmmaking to the present day Higgins also formulates a new vocabulary and a method of analysis for capturing the often elusive functions and effects of color that in turn open new avenues for the study of film form and lay a foundation for new work on color in cinema *The Enlarged European Union* Peter Mair,Jan

Zielonka,2002 The European Union will be a much more diversified entity after the forthcoming eastward enlargement The applicant states from Eastern Europe are much poorer than the current member states from Western Europe Their democracy and in some cases even their statehood is newly established and presumably more fragile Their economic legal and administrative structures are less developed This collection of essays will try to examine the origin nature scale and implications of this divergence How much divergence is likely to be imported by the Union and will it hamper the process of European integration This volume looks at differences and similarities in the field of macro economics welfare systems democracy institutional infrastructure civic orientations and popular culture The book shows that the map of convergence and divergence in the future EU will be very complex and will not correspond exactly with the old east west divide Moreover the division lines are constantly changing with the enlargement process representing an important factor pushing individual states into a single regulatory frame if not in a common political direction However there are other unifying factors at play globalization produces different models and loyalties than Europeanization Moreover the European pulling effect works unevenly in different functional fields and in different countries There are also many factors that produce greater divergence rather than convergence across the European Union a certain degree of divergence is thus unavoidable The book shows in particular that certain types of divergence can be beneficial rather than merely detrimental in the process of European integration

Ruth Roman Derek Sculthorpe,2022-07-05 With her striking looks the raven haired dark eyed Ruth Roman had an air of sophistication that made her seem sexy yet wholesome She had to strive harder than most to establish herself as a leading actress in Hollywood during its glory years and finally broke through in 1949 with her role in Champion As one of the last Warner Bros contract players she appeared in Alfred Hitchcock s classic Strangers on a Train Seen at her best in strong parts such as the ambitious Ronda Castle in Anthony Mann s The Far Country or as a modern day Lady Macbeth she enjoyed a varied career as a freelancer before re inventing herself as a character actress of note on television A remarkable return to the screen in the bizarre psycho horror The Baby 1973 assured her of cult status This is the first book dedicated to a committed but often undervalued actress who is fondly remembered by fans of classic film More than a biography it seeks to contextualize the actress within her own time illuminate her Hollywood experience and celebrate her extensive career

Tracking Anthropological Engagements Regna Darnell,Frederic W. Gleach,2018-12-01 Histories of Anthropology Annual series presents diverse perspectives on the discipline s history within a global context with a goal of increasing awareness and use of historical approaches in teaching learning and conducting anthropology The series includes critical comparative analytical and narrative studies involving all aspects and subfields of anthropology Volume 12 Tracking Anthropological Engagements examines the work and influence of Hans Sidonius Becker Franz Boas Sigmund Freud Margaret Mead Karl Popper and Anthony F C Wallace as well as anthropological perspectives on the 1964 Project Camelot Latin American cultures at the 1892 Madrid International Expositions sixteenth century cosmography and topography in

Amazonia the launch of the Great War Centenary Association website and community produced wartime narratives in Ontario Canada Ulrich's International Periodicals Directory Carolyn Farquhar Ulrich,1998 Twentieth Century-Fox Peter Lev,2013-03-15 When the Fox Film Corporation merged with Twentieth Century Pictures in 1935 the company posed little threat to industry juggernauts such as Paramount and MGM In the years that followed however guided by executives Darryl F Zanuck and Spyros Skouras it soon emerged as one of the most important studios Though working from separate offices in New York and Los Angeles and often of two different minds the two men navigated Twentieth Century Fox through the trials of the World War II boom the birth of television the Hollywood Blacklist and more to an era of exceptional success which included what was then the highest grossing movie of all time The Sound of Music Twentieth Century Fox is a comprehensive examination of the studio s transformation during the Zanuck Skouras era Instead of limiting his scope to the Hollywood production studio Lev also delves into the corporate strategies distribution models government relations and technological innovations that were the responsibilities of the New York headquarters Moving chronologically he examines the corporate history before analyzing individual films produced by Twentieth Century Fox during that period Drawn largely from original archival research Twentieth Century Fox offers not only enlightening analyses and new insights into the films and the history of the company but also affords the reader a unique perspective from which to view the evolution of the entire film industry
