Grisham was turned down by sixteen agents before he found representation and it was only after Hollywood showed an interest in *The Firm* that publishers began to take him seriously. The anxiety of rejection is an inevitable part of any writer's development. In this book Ralph Keyes turns his attention from the difficulty of putting pen to paper, the subject of his acclaimed *The Courage to Write*, to the frustration of getting the product to the public. Inspiration isn't nearly as important to the successful writer, he argues, as tenacity, and he offers concrete ways to manage the struggle to publish. Drawing on his long experience as a writer and teacher of writing, Keyes provides new insight into the mind set of publishers, the value of an agent, and the importance of encouragement and hope to the act of authorial creation. *Subject Guide to Books in Print*
