state controls on private businesses Clifford explores the effects of electrification on both grand politics and daily life In the geopolitical struggle of the Cold War Hong Kong became an explicitly anti Communist showcase of production and consumption Its bright lights and neon signs stood in contrast to the darkness and drabness of neighboring China Electricity transformed people s everyday lives allowing children to study at night streets to be lit and shops in a self consciously commercial mecca to stay open late Offering new perspectives on twentieth century Hong Kong Let There Be Light reveals electricity as a catalyst of modernization      **The London Philatelist** ,1894      *Catalogue of the Maps and Plans and Other Publications of the Ordnance Survey of England and Wales, and the Isle of Man* Great Britain.
