Improve Your Marriage By Improving Your Focus Dr. Mark Avery Reed, Dr Mark Avery Reed s book *Improve Your Marriage By Improving Your Focus* shows that God s intent is for our marriage to be happy and mutually enriching as we start emphasizing what we are receiving from our spouse and learn to increase simple marriage building behaviors As we improve our ability to see ourselves our spouse and our marriage as the Lord does we focus less on problems and express greater gratitude to each other We become happier In *Improve Your Marriage By Improving Your Focus* we learn that a healthy happy marriage requires two people who have decent mental health Hence chapter 1 explains the key characteristics of mental and spiritual health Sadly this topic is seldom addressed at length in books on how to have a good marriage Dr Reed offers many surprising and very helpful insights on such matters as appropriate self disclosure romance intimacy proper expectations physical affection sex and the real nature of both agape and erotic love The seldom mentioned but important subject of how to hear from God for our marriage is also discussed with practical ideas which can be applied to any area of our life Other topic areas with valuable input include how to listen effectively dealing with conflict without emphasizing our problems building hope and optimism for our marriage strengthening commitment and how to focus on

what is positive Improve Your Marriage By Improving Your Focus also points out Forty ways we can improve our self image since someone with a poor self image will find ways to avoid deep intimacy lest they be rejected Fifty five Bible verses which indicate we should focus on what is positive The biblical difference between justified and unjustified complaining and how unjustified griping greatly harms our marriage This book provides practical help by which most any two people with decent mental health can move their marriage from unsatisfying to at least satisfying or from good to even better **Forthcoming Books** Rose Arny,1998 **Drink Less in 7 Days** Georgia Foster,2020-11-11 If you enjoy a drink but would like to reduce your intake this is the book for you Increased alcohol consumption in society today is rarely out of the news But it seems that most therapies and therapists offer an all or nothing solution give up completely or give in to the drink However there is good news for those of us who would like to reduce our intake without giving up completely Clinical hypnotherapist Georgia Foster offers us a middle way and even better it takes just seven days Georgia is a world leading therapist specialising in overdrinking behaviour as well as anxiety and self esteem and other issues Her drink less courses have a high success rate 95% of attendees report reduced alcohol consumption and in her new book she shares the secrets of this success Georgia uses short questionnaires and tick boxes to help the reader establish how they currently relate to alcohol and then gives simple practical steps to help the reader take back control of their drinking *A Fine Romance* Judith Sills,1993-04-06 Where is this thing called love And how do you get there from here For many it s an elusive goal that s over even before it has a chance to start but it doesn t have to be In *A FINE ROMANCE* nationally recognized psychologist Dr Judith Sills shows how the whole agonizing and exhilarating process of love actually develops between two people and how the rules of successful courtship can be learned and mastered Dr Sills covers all the skills you need to develop the right relationship in the areas of intimacy compromise and commitment She also takes you step by step through the five stages of a relationship SELECTION when you actively or passively choose a partner SEDUCTION the dating days when you and your partner decide if the relationship is romantic platonic or dead SWITCH that uncomfortable period when the pursuer backs off just as the partner responds NEGOTIATION when you both acknowledge your differences and try to find a decent way to fight about them COMMITMENT the negotiation to marriage There is no one right person There is only your ability to give and receive love This book will help lovers learn how to do just that **Codes and Evolution** Marcello Barbieri,2024-05-09 This text builds upon the over 1500 papers published in peer reviewed journals revealing that there are more than 200 biological codes in living systems The author claims this experimental fact is bound to change biology forever This book shows how this very discovery reveals that coding is a new mechanism of life just as the discovery of electromagnetism revealed the existence of a new physical force in the universe The existence of many biological codes furthermore Barbieri argues is one of those experimental facts that have extraordinary theoretical consequences It implies that coding is not only a mechanism that constantly operates in all living systems but also a mechanism of evolution more precisely a mechanism that gave origin

to the absolute novelties of the history of life This amounts to saying that evolution took place by two distinct mechanisms by natural selection and by natural conventions two mechanisms that are fundamentally different because natural selection is the result of copying and deals with information whereas natural conventions are the result of coding and deal with meaning This volume appeals to students and researchers working in the fields of semiotics philosophy biology and mathematics
