THE CRAFT OF POLITICAL RESEARCH

W. PHILIPPS SHIVELY

Craft Of Political Research

W. Phillips Shively

Craft Of Political Research:

The Craft of Political Research W. Phillips Shively, 2009 The Craft of Political Research W. Phillips Shively, James W. Endersby, 2025-02-07 The Craft of Political Research is a non technical introduction to research design and analysis in political science emphasizing the choices we make when we design a research project and analyze its results The book s approach centers on asking an interesting research question then designing inquiry to eliminate as many alternative explanations as possible How do we develop theory and what constitutes a good research question How do we operationalize measures and gather evidence to answer a question How do we analyze our data Students are introduced to such topics as multidimensional concepts levels of measurement validity reliability random and non random measurement error sampling case selection causality experimental and quasi experimental design statistical inference and regression and correlation analysis Throughout the emphasis is on understanding the back story of analysis why do we measure in a particular way why do we choose one design as against another why do we conduct our analysis as we do Emphasizing the internal logic of research methods the greatest strength of the book is its clarity and the broad range of political science examples provided It works at a conceptual level seeking an understanding of the principles that underlie techniques and the reasons why we choose them New to this edition New and revised examples from the US UK Canada Latin America and Africa among others and updated international data from organizations such as the World Bank and the United Nations Separate chapters on causality and research design with more discussion of each component of the political science research process New section on indexes and scales that reviews ways to improve reliability and validity of measures by combining several variables New sections reviewing collection of publicly available data including downloadable sources of quantitative data New material on internet surveys and other contemporary techniques used in political science research *The Craft of Political Research* W. Phillips Shively, 1974 **The Craft of Political Research** W. Phillips Shively, 1974 **Craft of Political Research, the Plus Mysearchlab with Etext -- Access Card Package** W. Phillips Shively, 2012-05-29 ALERT Before you purchase check with your instructor or review your course syllabus to ensure that you select the correct ISBN Several versions of Pearson s MyLab check with the seller before completing your purchase Used or rental books If you rent or purchase a used book with an access code the access code may have been redeemed previously and you may have to purchase a new access code Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code Check with the seller prior to purchase Updated in its 9th edition The Craft of Political Research immerses readers not only in how political scientists work but also in how ideas produce research questions and guide the selection of research methods Emphasizing the internal logic of research methods and the collaborative nature of the research process this slender text explores the design behind interesting questions problems in measurement and analysis and key statistical methods The Craft of Political Research s elegant explanations inspire a big picture understanding of how

political scientists explain political reality and encourage students to create their own inventive original and bold research work *The Craft of Political Research* W. Phillips Shively, 1998 This highly accessible book introduces and describes the cooperative process as well as the logic of empirical measurement and analysis of observations in the conception and pursuit of a research project Emphasizing the design of interesting research questions and basic problems of measurement and data analysis the book relies more on intuitive understanding than on formal development **Political Research** Sandra Halperin, Oliver Heath, 2020 The most accessible and practical guide to research methods written especially for politics and international relations students **Political Research** Lisa Harrison, Nicholas Startin, 2013-04-15 An excellent starting point for those new to the area of Research Methods this work assumes no prior knowledge of the subject and sets out the key issues involved in doing research in politics **Writing a Research Paper in Political Science** Lisa A. Baglione, 2015-03-17 In *Writing a Research Paper in Political Science* author Lisa Baglione breaks down the research paper into its constituent parts and shows students precisely how to complete each component The author provides encouragement at each stage and faces pitfalls head on giving advice and examples so that students move through each task successfully Students are shown how to craft the right research question find good sources and properly summarize them operationalize concepts design good tests for their hypotheses and present and analyze quantitative and qualitative data Even writing an introduction coming up with effective headings and titles presenting a conclusion and the important steps of editing and revising are covered Practical summaries recipes for success worksheets exercises and a series of handy checklists make this a must have supplement for any writing intensive political science course In this Third Edition updated sample research topics come from American government gender studies comparative politics and international relations And now more extensive materials are available on the web including checklists and worksheets that help students tackle each step calendar ideas to help them complete their paper on time and a glossary **Teaching Research Methods in Political Science** Jeffrey L. Bernstein, 2021-06-25 *Teaching Research Methods in Political Science* brings together experienced instructors to offer a range of perspectives on how to teach courses in political science It focuses on numerous topics including identifying good research questions measuring key concepts writing literature reviews and developing information literacy skills **Political Science Research Methods in Action** M. Bruter, M. Lodge, 2013-07-23 Through accounts from innovative research projects by world leading political scientists this volume offers a unique perspective on research methodology It discusses the practical and intellectual dilemmas researchers face throughout the research process in a wide range of fields from implicit attitude testing to media analysis and interviews **The Tragedy of Political Science** David M. Ricci, 1984-01-01 This book is both a comprehensive review and a thoughtful critique of the development of political science as an academic discipline in this century David Ricci eloquently describes the tragic dilemma of political science in America when political scholars deal with politics in a scientific fashion they reveal facts that contradict democratic expectations when the same scholars seek to justify

those expectations their moral arguments carry little professional weight Jacket *Teaching Undergraduate Political Methodology* Brown, Mitchell, Nordyke, Shane, Thies, Cameron G., 2022-08-12 Providing expert advice from established scholars in the field of political science this engaging book imparts informative guidance on teaching research methods across the undergraduate curriculum Written in a concise yet comprehensive style it illustrates practical and conceptual advice alongside more detailed chapters focussing on the different aspects of teaching political methodology **The Palgrave Handbook of Political Research Pedagogy** Daniel J. Mallinson, Julia Marin Hellwege, Eric D. Loepp, 2021-09-15 This Handbook addresses why political science programs teach the research process and how instructors come to teach these courses and develop their pedagogy Contributors offer diverse perspectives on pedagogy student audience and the role of research in their curricula Across four sections information literacy research design research methods and research writing authors share personal reflections that showcase the evolution of their pedagogy Each chapter offers best practices that can serve the wider community of teachers Ultimately this text focuses less on the technical substance of the research process and more on the experiences that have guided instructors philosophies and practices related to teaching it

Handbook of Contemporary Chinese Social Sciences Ping Hao, 2025-10-09 This Handbook presents thorough literature reviews and detailed analyses on the development of China's social sciences research since the reform and opening up in 1978 The handbook is comprised of 4 sections politics and law sociology and economics demography and education journalism studies and library science Written and edited by leading scholars from Peking University each volume critiques the research findings and provides guidance for future investigations of the respective field Given its scope the handbook will offer international academics an in depth and up to date understanding of the development of Chinese scholars research on Chinese social sciences over the past forty years **Post-Truth American Politics** David Ricci, 2023-10-12 David Ricci has written two books on political stories providing the foundations for Post Truth Democracy Yet the present book is arguably the most important yet The author writes that we need stories to make our way in the world But many stories say from identity politics are necessarily false because they are simplifications of some larger reality However not all stories are equally false or equally harmful Some lead to bad outcomes and it is the responsibility of scholars to counter harmful stories with other stories leading to better outcomes Therefore stories are an especially potent form of political power deserving of scholarly and journalistic attention

Democratization and Research Methods Michael Coppedge, 2012-06-25 Democratization and Research Methods summarizes what researchers know about why countries become and remain democracies and why they often do not It also evaluates the various methods social scientists use to answer such questions Michael Coppedge draws lessons that can be applied to any political phenomenon that is studied comparatively

Studyguide for Craft of Political Research, the by Shively, ISBN 9780205791200 Cram101 Textbook Reviews, 2014-06-13 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events

Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanies 9780205791200 This item is printed on demand *Doing Urban Research* Gregory Andranovich, Gerry Riposa, 1993-05-11 The book's focus on applied urban research would seem to make it particularly useful to nonacademic researchers Because it condenses a lot of information into a limited amount of space however the work will benefit from use in a classroom setting where an experienced researcher can elaborate on points made or examples used in the text supplement its contents with material from additional sources and guide students through the exercises suggested at the end of each chapter Canadian Journal of Urban Research What is the current spatial form and structure of our urban environment How can we study the factors and forces that account for the specific structure of urban space its social and political processes population distribution and land use Addressing these and other important issues Gregory D Andranovich and Gerry Riposa highlight specific urban research questions and the ways in which they can be approached by offering a framework for doing urban research Covering such topics as how to choose a research design secondary research methods for data collection and how to enhance research utilization the authors demonstrate ways to pair research questions with specific analysis and national level analysis Students and researchers in sociology political science psychology public policy and anthropology will find this book a useful guide for planning and executing urban research **Research Methods for Public Administrators** Gail Johnson, 2015-05-18 As in previous editions this highly practical book is written with beginning MPA students and practitioners in mind It focuses on the interpretation and use of research findings not just number crunching It covers the entire research process from initial questions to final report in clear jargon free language and includes numerous easy to understand examples and exercises that provide opportunities for concrete applications of the concepts It is solidly grounded in public administration and recognizes both the promise and limitations of research within a political environment Key features of the book It is highly practical and written to accommodate a mix of readers those who want to become analysts managers who will oversee research contracts and citizens who need to know whether to believe the facts and data they read in today's news It minimizes the use of jargon and explains difficult concepts in clear language Plentiful end of chapter exercises provide opportunities for concrete application of the concepts Key points are highlighted as takeaway lessons so readers are reminded about what really matters The tough questions to ask are suggested in every chapter Examples and applications are used throughout the book to illustrate concepts and add topical interest It covers the entire research process from initial questions to the final report This book demystifies and makes practical the research every public administrator and policy analyst needs to do the job well Online instructor's materials including a Test Bank PowerPoint slides and a Survey and Documental Analysis SDA guide are also available to adopters

Embracing the Melody of Appearance: An Psychological Symphony within **Craft Of Political Research**

In a global taken by displays and the ceaseless chatter of instantaneous transmission, the melodic beauty and emotional symphony created by the published term often diminish in to the back ground, eclipsed by the persistent noise and disturbances that permeate our lives. But, set within the pages of **Craft Of Political Research** a charming literary prize overflowing with fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, that captivating masterpiece conducts visitors on a psychological trip, well unraveling the hidden songs and profound influence resonating within each carefully crafted phrase. Within the depths of this poignant evaluation, we shall investigate the book is key harmonies, analyze their enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
