Carter Wilson, 1974-04-02 A collection of 22 folktales from 17 different countries *Mayan Tales from Chiapas, Mexico*
Robert M. Laughlin, 2014-05-01 The forty two stories presented in this book were told to Robert Laughlin in Tzotzil by
Francisca Hernandez Hernandez an elderly woman known as Do a Pancha the only speaker of Tzotzil left in the village of San
Felipe Ecatepec in Chiapas Mexico Laughlin and Do a Pancha's running conversation is the source for the stories which
means they are told in much the same way that stories are told in traditional native settings Do a Pancha is bilingual in
Tzotzil and Spanish and the stories are presented here in English Tzotzil and Spanish They range from mythological sacred
stories to quasi historical legends to historical accounts of life in the twentieth century *Maya Or Mestizo?* Ronald
Loewe, 2010-01-01 This multifaceted and beautifully written ethnography of Maxcanu a small Maya town in the Yucatan
region of Mexico offers both an historical and a contemporary understanding of the way external pressures to modernize are
often met with forms of resistance that are rooted in rituals and oral tradition The Maya of the Yucatan have long been drawn
into the Mexican state's attempt to create modern Mexican citizens mestizos They have also been drawn into the North
American and global economy through agriculture and more recently tourism and US based evangelical organizations
Despite the many pressures to turn Mayas into mestizos the citizens of Maxcanu use subtle forms of resistance including
humour satire and language to maintain aspects of their traditional identity Maya or Mestizo skilfully weaves the history of
Mexico into a compelling tale of a community caught between tradition and modernity **Here, Our Culture Is Hard**
Laura McClusky, 2010-07-05 Marriage among the Maya of Central America is a model of complementarity between a man and
a woman This union demands mutual respect and mutual service Yet some husbands beat their wives In this pioneering book
Laura McClusky examines the lives of several Mopan Maya women in Belize Using engaging ethnographic narratives and a
highly accessible analysis of the lives that have unfolded before her McClusky explores Mayan women's strategies for
enduring escaping and avoiding abuse Factors such as gender age inequalities marriage patterns family structure
educational opportunities and economic development all play a role in either preventing or contributing to domestic violence
in the village McClusky argues that using narrative ethnography instead of cold statistics or dehumanized theoretical models
helps to keep the focus on people rehumanizing our understanding of violence This highly accessible book brings to the social
sciences new ways of thinking about representing and studying abuse marriage death gender roles and violence Canek
Ermilo Abreu Gómez, 1979-01-01 **Women of Chiapas** Christine Eber, Christine Kovic, 2013-10-18 This book presents the

Kitchenspace Maria Elisa Christie, 2009-08-17 Throughout the world the kitchen is the heart of family and community life Yet while everyone has a story to tell about their grandmother's kitchen the myriad activities that go on in this usually female world are often devalued and little scholarly attention has been paid to this crucial space in which family gender and community relations are forged and maintained To give the kitchen the prominence and respect it merits Maria Elisa Christie here offers a pioneering ethnography of kitchenspace in three central Mexican communities Xochimilco Ocoteppec and Tetecala Christie coined the term kitchenspace to encompass both the inside kitchen area in which everyday meals for the family are made and the larger outside cooking area in which elaborate meals for community fiestas are prepared by many women working together She explores how both kinds of meal preparation create bonds among family and community members In particular she shows how women's work in preparing food for fiestas gives women status in their communities and creates social networks of reciprocal obligation In a culture rigidly stratified by gender Christie concludes kitchenspace gives women a source of power and a place in which to transmit the traditions and beliefs of older generations through quasi sacramental food rites
