global climate change to the heartwarming performances of hospital clowns Lewis demonstrates that over the past thirty years American humor has become increasingly purposeful and embattled Navigating this contentious world of controversial manipulative and disturbing laughter Cracking Up argues that the good news about American humor in our time that it is delightful relaxing and distracting is also the bad news In a culture that both enjoys and quarrels about jokes humor expresses our most nurturing and hurtful impulses informs and misinforms us and exposes as well as covers up the shortcomings of our leaders Wondering what's so funny about a culture determined to laugh at problems it prefers not to face Lewis reveals connections between such seemingly unrelated jokers as Norman Cousins Hannibal Lecter Rush Limbaugh Garry Trudeau Jay Leno Ronald Reagan Beavis and Butt Head and Bill Clinton The result is a surprising alarming and at times hilarious argument that will appeal to anyone interested in the ways humor is changing our cultural and political landscapes
