Summary of Stephen E. Ambrose's Crazy Horse and Custer Milkyway Media, 2022-04-28 Please note This is a companion version not the original book Book Preview 1 The Great Plains of North America stretch from the Mexican border to the Canadian frontier They are semiarid and essentially treeless They can be a delight for life or a misery depending on the weather 2 The Plains are a windy environment and the animals that live there are accustomed to it The climate is healthy and invigorating and the grass is abundant The buffalo provided an apparently inexhaustible meat supply 3 The horse was introduced to the Americas by the Spanish and within a few decades was in use by the tribes of the southern Plains The Indians enjoyed the horses and when they acquired a gray or brown horse the first

thing they did was to paint the skin 4 The horse was another white man's innovation that the Plains Indians were able to take advantage of The gun gave the eastern tribes great advantages over their western neighbors and the Sioux were the only Indian nation to defeat the United States in war and force it to sign a peace treaty favorable to the red man *Military Conquest of the Prairie* Tore T. Petersen, 2016-06-10 The Military Conquest of the Prairie is a study on the final wars on the prairie from the Native American perspective When the reservation system took hold about one third of tribes stayed permanently there one third during the harsh winter months and the last third remained on what the government termed unceded territory which Native Americans had the right to occupy by treaty For the Federal government it was completely unacceptable that some Indians refused to submit to its authority Both the Red River war 1874-75 in the south and the great Sioux war 1876-77 in the north were the direct result of Federal violation of treaties and agreements At issue was the one sided violence against free roaming tribes that were trying to maintain their old way of life at the heart of which was avoidance on intermingling with white men Contrary to the expectations of the government and indeed to most historical accounts the Native Americans were winning on the battlefields with clear conceptions of strategy and tactics They only laid down their arms when their reservation was secured on their homeland thus providing their preferred living space and enabling them to continue their way of life in security But white man perfidy and governmental double cross were the order of the day The Federal government found it intolerable that what it termed savages should be able to determine their own future Vicious attacks were initiated in order to stamp out tribalism resulting in driving the US aboriginal population almost to extinction Analysis of these events is discussed in light of the passing of the Dawes Act in 1887 that provided for breaking up the reservations to the Indian Reorganization Act of 1934 that gave a semblance of justice to Native Americans

Custer's Conqueror William J. Bordeaux, 2010 William J Bordeaux Buffalo Killer Pte as ela William J Bordeaux was a bona fide member of the Brule band of the Sioux tribe His grandfather James Bordeaux was one of the early French fur traders who bravely carried on his trade and barter with the Sioux when the virgin prairies of the west were still an open frontier A lineal descendent of Red Cormorant Woman H ntk lutawin his grandmother he was well versed in his mother tongue Being proficient in several dialects of the native language he was able to converse with sage and grizzled old warriors and thus obtain information impossible for a white man to learn His close union with his own tribe and daily conversations with them is an assurance that no doubtful or transcribed evidence will appear on these pages In Bordeaux's search for material for a history of his people he spent considerable time traveled and talked to the oldest Indians on the different Sioux Indian Reservations Through his research he stored up and accumulated a wealth of stories and legends with awe inspiring fables and facts which would be valuable to story writers These fragmentary myths and authentic facts connected with his people would have been lost without these writings In his travels for the purpose of obtaining datum relative to the hostile activities by the different war chiefs he found one warrior that stood out alone excelling all other Sioux war braves as to
