Creating a Ballet Edward Thorpe, 1981

Geographic Personas Blake Allmendinger, 2021-06

During the late nineteenth and twentieth centuries as the American West underwent a series of transformations certain pivotal figures also undertook a process of self transformation *Geographic Personas* reveals a practice of public performance impersonation deception and fraud exposing the secret lives of men and women who capitalized on changes occurring in the region These changes affected the arts land ownership scientific exploration definitions of race gender and sexual orientation and relations between the United States and other countries throughout the world In addition to well known figures such as Clarence King and Willa Cather *Geographic Personas* examines lesser known players in the performative process of westward expansion including Isadora Duncan the founder of modern American dance Polish actress Helena Modjeska Adolf Hitler's favorite author Karl May Japanese poet Yone Noguchi Sylvester Long a mixed race star of Native American silent films whose mother was born into slavery and the perpetrator of the greatest land grant hoax in U S history While scholars have written about the environmental demographic and economic changes that occurred in the West during the nineteenth century

Allmendinger adds a crucial piece to this dialogue He brings to light the experiences of artists dancers film stars con men and criminals in stories of self transformation that are often sad tragic and poignant Richard Rodney Bennett: The

Different Drummer Jann Parry, 2010-10-07 Kenneth MacMillan's ballets are in constant demand by world famous companies particularly *Romeo and Juliet*, *Manon* and *Mayerling*. However MacMillan was tormented by an acute sense of being an outsider and often at odds with the institutions in which he worked. A real life Billy Elliot from a Scottish working class family, MacMillan demonstrated a prodigious talent for dancing from an early age. Following the premature death of his mother, the young MacMillan sought an escape and despite his father's disapproval secured a place at Sadler's Wells. Paradoxically he found himself crippled by stage fright during the height of his professional career, leaving him with only one option: choreography. He went on to produce ballets which defied convention and became renowned for challenging audiences. Despite criticism, MacMillan achieved international acclaim, becoming artistic director of both the Berlin Ballet and the Royal Ballet. On a personal level, he found unexpected happiness with his wife and daughter in the later stages of his life, making it all the more tragic when he died suddenly at the age of 62. This stunning biography reveals a complex artist who fiercely guarded his own privacy whilst his ballets communicated his darkest and most intimate thoughts. *Dancers and Choreographers* Leslie Getz, 1995. Covers the full range of English language dance book literature published in the twentieth century as well as all the scholarly periodicals in the field from the United States, Great Britain, Canada and Australia.

Twentieth-century Dance in Britain Joan W. White, 1985. Twentieth century dance in Britain tells the stories of five major dance companies: Ballet Rambert, The Royal Ballet, companies in London, Festival Ballet, London Contemporary Dance Theatre and The Scottish Ballet. **The New Yorker** Harold Wallace Ross, William Shawn, Tina Brown, David Remnick, Katharine Sergeant Angell, White, Rea Irvin, Roger Angell, 1927. *Bibliographic Guide to Dance* New York Public Library. Dance Collection, 1992. **Modernism after the Ballets Russes** Gabriela Minden, 2025-07-14. Serge Diaghilev's Ballets Russes holds a renowned position in the history of modernism across various arts. The company's daring productions brought together leading artists working in diverse fields from Igor Stravinsky to Pablo Picasso, from Bronislava Nijinska to Coco Chanel, redefining the possibilities of artistic collaboration and shaping the trajectories of dance, music, fashion and the visual arts. But what of the Ballets Russes's role in the text-based theatre? Despite the intrinsic link between dance and theatre as performance arts, the company's contributions to dramatic literature and dramaturgy have remained surprisingly elusive. This book establishes the Ballets Russes as a powerful force in the development of modernist theatre in Britain, revealing how the company's avant-garde repertoire inspired the creation of new composition strategies and performance techniques that privileged the immediacy of expression offered by the moving dancing body. *Modernism after the Ballets Russes* examines the philosophical conditions of early twentieth-century Britain's theatrical landscape, marked by growing interest in Nietzschean interpretations of classical drama and Wagnerian notions of the Gesamtkunstwerk, to illuminate the allure of the Ballets Russes's re-centring of dance as the foundation of theatre art. It shows that Diaghilev's ballets provided new ways of thinking about the relationship between the literary and embodied aspects of dramatic performance, fueling collaborations between

eminent dramatists and theatre practitioners Harley Granville Barker J M Barrie Terence Gray and W H Auden and lesser known choreographers Cecil Sharp Tamara Karsavina Ninette de Valois and Rupert Doone Through the prism of the Ballets Russes this group of artists crafted distinctive new theatrical forms including a whimsical terpsichorean fantasia and a politically subversive poetic dramatic satire as well as new methods of staging Shakespearean comedy and Attic tragedy Together this book contends these literary and dramaturgical innovations represent a previously neglected strand of modernism one that saw the dramatic power of the moving body expand the expressive resources of the period s theatrical arts
