Creating A For Your Organization In The 21st Century Preserving History Series:

Creating Historic Preservation in the 21st Century de Teel Patterson Tiller, Richard D. Wagner, 2018-07-26 A must read for professionals and advocates of historic preservation who are concerned about preservation's future this volume is a compendium of powerful essays by thought leaders in the field first presented in 2016 as part of the fiftieth anniversary observation of the US National Historic Preservation Act Once primarily the concern of historians antiquarians and historic architects in the last century today historic preservation is a popular public movement a critical component of local land use ordinances a regional economic driver and a significant contributor to the nation's cultural identity By any measure the preservation of the built environment has been a success However as demographic economic and technological changes alter our future how will preservation be affected How will changes in the natural environmental and preservation education change the policies and practices of historic preservation during the 21st century The contributors here who are drawn from some of the leading academics and practitioners in preservation as well as environmentalists economists and historians provide answers to these and other questions about the future of historic preservation

Honor the Past White House Millennium Council (U.S.), 1998 **Keeping National Parks Relevant in the 21st Century**, 2005 Archaeology in Society Marcy Rockman, Joe Flatman, 2011-11-17 The practice of archaeology has many different facets from academia to government to cultural resource management to public media Considering the place of archaeology in society means understanding the role that archaeology has in the present day and a sense of the contributions that it can make in each of these areas both now and in the future Archaeologists come to the field to pursue a variety of interests teaching examining history preserving the environment or studying a specialized time period or interest The outside world has a number of other expectations of archaeology preservation tourism and education to name but a few From a broad and varied background the editors have compiled a rare group of contributors uniquely qualified to address questions about the current state of archaeology and its relevance in society There is no single answer to the question of how the field of archaeology should develop and what it can do for society Instead the authors in this volume lay out the many ways in which archaeology is relevant to the present day considering for example climate change energy exploration warfare national identity the importance of stories and how they are told and how and why opportunities to engage with the past through museums digs television classes and the print media have the form they currently do creating a state of the art tool for archaeologists policymakers and the public alike to understand the work of many in the field and address the challenges we all face
