**Building Bridges of Understanding** Lucia De Garcia, 2012-10-19 The idea for this book began to form in my mind when in a rather rare moment of solitude I stood on a high bluff overlooking the Pacific Ocean contemplating a lovely Southern California sunset As I gazed to the horizon at the vivid red and orange hues of the setting sun a gentle sea breeze carried to my ears the faint whispers of my ancestors imploring me from across the ages to pen the words that would chronicle their struggles It seemed to me significant that their efforts which most certainly influenced and shaped my life would now provide me the inspiration to write this book Thus I made the decision to embark upon this story which I hope will serve not only as an enduring testimonial to the trials and tribulations of my forebears but also as a guide to inspire others to share their life experiences through the written word In the northern part of the South American continent in the Andean Mountains the longest mountain range in the world I was born the fifth of eleven siblings My given name is Luca Fabiola Giraldo Estrada Botero Vega Restrepo Londoo a cultural tradition in Latin America to instill in us a sense of heritage so we will never forget our roots going back at least three generations This narrative contains both humorous and serious anecdotes It includes ancient wisdom poetry and songs in Spanish and English that still resonate in my heart chart the course of my life and sustain me The people I have met in my tireless and frequent journeys across hemispheres have transformed my life world leaders in politics religion business community building and the arts I especially want to share events that deeply moved me in sacred places and paid homage alongside believers including Cistercian monks Shamans Muslims Hindus Buddhists Christians and Jews all of whom
