**Ah, This! Talks on Zen Stories** Osho,2023-12-01 ZEN IS JUST ZEN There is nothing comparable to it It is unique unique in the sense that it is the most ordinary and yet the most extraordinary phenomenon that has happened to human consciousness It is the most ordinary because it does not believe in knowledge it does not believe in mind It is not a philosophy not a religion either It is the acceptance of the ordinary existence with a total heart with one's total being not desiring some other world supra mundane supra mental It has no interest in any esoteric nonsense no interest in metaphysics at all It does not hanker for the other shore this shore is more than enough Its acceptance of this shore is so tremendous that through that very acceptance it transforms this shore and this very shore becomes the other shore

**The Myth of Forgiving Others** Snigdha Mohanty,2021-07-28 Just let it go and forgive others Heard it often When we forgive we not only forget and let go of our hatred and disappointment we are also supposed to start back on a clean slate and love them unconditionally Do we do that really Deep down in our psyche forgiving others in the above sense stays with us only as a myth not a reality And myths always trap us and entangle us in a maze of misinformation and especially misunderstandings so that it becomes virtually impossible for us to get out and see the road ahead until we take a pause look around very carefully marking the pointers through which we have already gone round and round Once we do that there is a possibility that wisdom finally dawns on us What then is the real meaning of forgiving others If we can't forgive should we continue to get stuck forever in the same negative energies of hurt hatred and pain The solution for pain is not more pain but understanding compassion and healing But how do we get there
