

Murrow affirmed the credo of Cold War liberalism with memorable words such as these:

"We cannot defend freedom abroad by deserting it at home. The action of McCarthy has caused alarm and dismay amongst our allies abroad and given comfort to our enemies."

"And whose fault is it? This is not a rhetorical question. Cassius was right. The fault, dear Brutus, is not in our stars, but in ourselves. Good night and good luck."

A lone man performing without a net on television was an act of show-stopping oratory. Not once did he falter, stutter, mangle a pronunciation, or miss a cue. He drew on native sources for inspiration and argument. Shakespeare may have penned his curtain line, but the common sense of Thomas Paine, rhetorical rhythms of Abraham Lincoln, and clarion calls about fear itself of FDR echoed in Murrow's prose.

By the end of the broadcast, Murrow had vanquished the threat to the Republic with what Doherty writes "Not in the back, but straight on, in the heart" (177).

If Milton Berle was the first superstar made by television, McCarthy was perhaps the first to be undone by television. That may be the most important idea in Doherty's well-researched and footnoted book.

Creating the Land of the Sky: Tourism and Society in Western North Carolina

Richard D. Starnes. Tuscaloosa: University of Alabama Press, 2005.

Appalachia has always been a romantic section of America although condescended to and considered inferior. This Li'l Abner country and people has been described as our contemporary ancestors and felt to be the backwater of society. But it has

always held an attraction, at least to many people. After the Civil War the moneyed people of the South liked to retreat in the summer time to the mountains to escape the heat and accompanying diseases. Because of the attraction of the mountains, however, a conflict was bound to arise eventually between the outsiders who were attracted to the scenery and climate and the locals who were perfectly content not to have the infusion of outside money. Asheville, North Carolina, because of its size, location and desire to attract tourists, has always been a hotspot of conflict. The first literary genius Tom Wolfe captured the weakness of his mother and family in trying to attract tourist money. But, as he recognized, he and his kind were bound to lose the fight. Outsiders beyond the South after the War increasingly brought their money and demands into the region. Although it was not an easy conquest they gradually changed the habits and even speech patterns of the region. For better or worse, Appalachia now is not the Appalachia of Al Capp's comic strip nor of our contemporary ancestors. The whole course of human movement is outlined in this incisive and descriptive book—all that is, except the impact of bootleggers and their stilling throughout history. That is a fascinating chapter in human behavior not restricted to but certainly very powerful in Appalachia. Oh, well, that chapter has been poured several times elsewhere.

Creating The Land Of The Sky Tourism And Society In Western North Carolina:

Creating the Land of the Sky Richard D. Starnes, 2010-03-12 A sophisticated inquiry into tourism's social and economic power across the South. In the early 19th century planter families from South Carolina, Georgia, and eastern North Carolina left their low country estates during the summer to relocate their households to vacation homes in the mountains of western North Carolina. Those unable to afford the expense of a second home relaxed at the hotels that emerged to meet their needs. This early tourist activity set the stage for tourism to become the region's New South industry. After 1865, the development of railroads and the burgeoning consumer culture led to the expansion of tourism across the whole region. Richard Starnes argues that western North Carolina benefited from the romanticized image of Appalachia in the post-Civil War American consciousness. This image transformed the southern highlands into an exotic travel destination, a place where both climate and culture offered visitors a myriad of diversions. This depiction was further bolstered by partnerships between state and federal agencies, local boosters, and outside developers to create the attractions necessary to lure tourists to the region. As tourism grew, so did the tension between leaders in the industry and local residents. The commodification of regional culture, low-wage tourism jobs, inflated land prices, and negative personal experiences bred no small degree of animosity among mountain residents toward visitors. Starnes's study provides a better understanding of the significant role that tourism played in shaping communities across the South.

North Carolina Women Michele Gillespie, Sally G. McMillen, 2014 This first of two volumes on North Carolina women chronicles the influence and accomplishments of individual women from the pre-Revolutionary period through the early 20th century. They represent a range of social and economic backgrounds, political stances, areas of influence, and geographical regions within the state. Even though North Carolina remained mostly rural until well into the twentieth century, and the lives of most women centered on farm, family, and church, Gillespie and McMillen note that the state's people exhibited a progressive streak that positively influenced women. Public funds were set aside to advance statewide education; private efforts after the Civil War led to the founding of numerous black schools and colleges; and in 1891, the General Assembly chartered the State Normal and Industrial School, later UNC-G, as one of the first publicly funded colleges for white women. By the late 19th century, as several essays in this volume reveal, education played a pivotal role in the lives of many white and black women. It inspired their activism and involvement in a world beyond their traditional domestic sphere.

wiley blackwell New South Indians Christopher Arris Oakley,2024-01-12 The Eastern Band's economic decisions of the 1900s did not occur in a vacuum. In fact, these decisions reflected regional changes and the broader development of the post-Civil War American South. The Eastern Band of Cherokee Indians formally incorporated under North Carolina law in the 1880s and their economic policies evolved as the country experienced Jim Crow segregation, the Great Depression, World War II, and the civil rights movement. During the twentieth century, members of the Eastern Band embraced an economic strategy partially based on tourism. In the late 1900s, they pursued policies that facilitated the rise of casino gaming. Divided into five chapters, Christopher Arris Oakley's *New South Indians* traces the economic development of the Eastern Band throughout the twentieth century to better contextualize the Cherokee Tribal Council's 1990s decision to incorporate gaming into the nation's economic strategy. In building his contextual framework, Oakley discusses the interdependent relationships forged by Cherokee Tribal Council members with various public and private entities in order to protect their land, manage their resources, and advance the well-being of their nation's economy and community. *New South Indians* also situates the story within the history of the American South. Thus, the saga of the Eastern Band's struggle for economic autonomy and financial stability throughout the stormy twentieth century can be seen as an integral part of the historical account of western North Carolina. A multifaceted glimpse into a vital aspect of contemporary southern history, *New South Indians* is sure to appeal to a wide variety of readers, from those captivated by Native American culture and the history of the modern South to those interested in economic history.

Moonshiners and Prohibitionists Bruce E. Stewart,2011-04-22 A masterly study of how the business of homemade liquor shaped the history and culture of a region. *Journal of American History*. Homemade liquor has played a prominent role in the Appalachian economy for nearly two centuries. The region endured profound transformations during the extreme prohibition movements of the nineteenth century when the manufacturing and sale of alcohol, an integral part of daily life for many Appalachians, was banned. *Moonshiners and Prohibitionists: The Battle over Alcohol in Southern Appalachia* chronicles the social tensions that accompanied the region's early transition from a rural to an urban industrial economy. It analyzes the dynamic relationship of the bootleggers and opponents of liquor sales in western North Carolina as well as conflict driven by social and economic development that manifested in political discord and also explores the life of the moonshiner and the many myths that developed around hillbilly stereotypes. A much needed contribution to our understanding of the complex social, economic, religious, and cultural issues underlying the prohibition impulse that swept the South between 1880 and 1920. *Journal of Southern History*.

Southern Journeys Richard D. Starnes,2003-07-23 The first collection of its kind to examine tourism as a complicated and vital force in southern history, culture, and economics. Anyone who has seen Rock City, wandered the grounds of Graceland, hiked in Great Smoky Mountains National Park, or watched the mermaids swim at Weeki Wachee knows the southern United States offers visitors a rich variety of scenic, cultural, and leisure activities. Tourism has been and is still one of the most powerful economic forces in the

modern South It is a multibillion dollar industry that creates jobs and generates revenue while drawing visitors from around the world to enjoy the region's natural and man-made attractions This collection of 11 essays explores tourism as a defining force in southern history by focusing on particular influences and localities Alecia Long examines sex as a fundamental component of tourism in New Orleans in the early 20th century while Brooks Blevins describes how tourism served as a modernizing influence on the Arkansas Ozarks even as the region promoted itself as a land of quaint primitive hillbillies Anne Whisnant chronicles the battle between North Carolina officials building the Blue Ridge Parkway and the owner of Little Switzerland who fought for access and advertising along the scenic highway One essay probes the racial politics behind the development of Hilton Head Island while another looks at the growth of Florida's panhandle into a redneck Riviera catering principally to southerners rather than northern tourists Southern Journeys is a pioneering work in southern history It introduces a new window through which to view the region's distinctiveness Scholars and students of environmental history business history labor history and social history will all benefit from a consideration of the place of tourism in southern life

Creating the Land of the Sky Richard Dale Starnes, 2000 Blood in the Hills Bruce Stewart, 2012-01-01 To many antebellum Americans Appalachia was a frightening wilderness of lawlessness peril robbers and hidden dangers The extensive media coverage of horse stealing and scalping raids profiled the region's residents as intrinsically violent After the Civil War this characterization continued to permeate perceptions of the area and news of the conflict between the Hatfields and the McCoys as well as the bloodshed associated with the coal labor strikes cemented Appalachia's violent reputation Blood in the Hills A History of Violence in Appalachia provides an in-depth historical analysis of hostility in the region from the late eighteenth to the early twentieth century Editor Bruce E Stewart discusses aspects of the Appalachian violence culture examining skirmishes with the native population conflicts resulting from the region's rapid modernization and violence as a function of social control The contributors also address geographical isolation and ethnicity kinship gender class and race with the purpose of shedding light on an often stereotyped regional past Blood in the Hills does not attempt to apologize for the region but uses detailed research and analysis to explain it delving into the social and political factors that have defined Appalachia throughout its violent history The Edible South Marcie Cohen Ferris, 2014 Edible South The Power of Food and the Making of an American Region Terra Incognita Anne Bridges, Russell Clement, 2014 Terra Incognita is the most comprehensive bibliography of sources related to the Great Smoky Mountains ever created Compiled and edited by three librarians this authoritative and meticulously researched work is an indispensable reference for scholars and students studying any aspect of the region's past Starting with the de Soto map of 1544 the earliest document that purports to describe anything about the Great Smoky Mountains and continuing through 1934 with the establishment of the Great Smoky Mountains National Park today the most visited national park in the United States this volume catalogs books periodical and journal articles selected newspaper reports government publications dissertations and theses published

during that period This bibliography treats the Great Smoky Mountain Region in western North Carolina and east Tennessee systematically and extensively in its full historic and social context Prefatory material includes a timeline of the Great Smoky Mountains and a list of suggested readings on the era covered The book is divided into thirteen thematic chapters each featuring an introductory essay that discusses the nature and value of the materials in that section Following each overview is an annotated bibliography that includes full citation information and a bibliographic description of each entry Chapters cover the history of the area the Cherokee in the Great Smoky Mountains the national forest movement and the formation of the national park life in the locality Horace Kephart perhaps the most important chronicler to document the mountains and their inhabitants natural resources early travel music literature early exploration and science maps and recreation and tourism Sure to become a standard resource on this rich and vital region Terra Incognita is an essential acquisition for all academic and public libraries and a boundless resource for researchers and students of the region

Sombreros and Motorcycles in a Newer South P. Nicole King, 2012-02-15 In 1949 Alan Schafer opened South of the Border a beer stand located on bucolic farmland in Dillon County South Carolina near the border separating North and South Carolina Even at its beginning the stand catered to those interested in Mexican themed kitsch sombreros toy pinatas vividly colored panchos salsas Within five years the beer stand had grown into a restaurant then a series of restaurants and then a theme park complete with gas stations motels a miniature golf course and an adult video shop Flashy billboards featuring South of the Border s stereotypical bandit Pedro advertised the locale from 175 miles away An hour south of Schafer s site lies the Grand Strand region sixty miles of South Carolina beaches and various forms of recreation Within this region Atlantic Beach exists From the 1940s onward Atlantic Beach has been a primary tourist destination for middle class African Americans as it was one of the few recreational beaches open to them in the region Since the 1990s the beach has been home to the Atlantic Beach Bikefest a motorcycle festival event that draws upward of 10 000 African Americans and other tourists annually Sombreros and Motorcycles in a Newer South studies both locales separately and together to illustrate how they serve as lens for viewing the historical social and aesthetic aspects embedded in a place s culture over time In doing so author Nicole King engages with concepts of the Newer South the contemporary era of southern culture which integrates Old South and New South history and ideas about issues such as race taste and regional authenticity Tracing South Carolina s tourism industry through these locales King analyzes the collision of southern identity and place with national corporatized culture from the 1940s onward Sombreros and Motorcycles in a Newer South locates campy but historic tourist sites that serve as important texts for better understanding how culture moves and more inclusive notions of what it means to be southern today

Senator Sam Ervin, Last of the Founding Fathers Karl E. Campbell, 2007 Drawing on newly opened archival material Karl Campbell illuminates the character of the man and the historical forces that shaped him The senator s distrust of centralized power Campbell argues helps explain his ironic reputation as a foe of civil rights and a champion of civil

liberties from publisher description **Destination Dixie** Karen L. Cox, 2018-03-15 Once upon a time it was impossible to drive through the South without coming across signs to See Rock City or similar tourist attractions From battlegrounds to birthplaces and sites in between heritage tourism has always been part of how the South attracts visitors and defines itself yet such sites are often understudied in the scholarly literature As the contributors to this volume make clear the narrative of southern history told at these sites is often complicated by race influenced by local politics and shaped by competing memories Included are essays on the meanings of New Orleans cemeteries Stone Mountain Georgia historic Charleston South Carolina Yorktown National Battlefield Selma Alabama as locus of the civil rights movement and the homes of Mark Twain Margaret Mitchell and other notables Destination Dixie reveals that heritage tourism in the South is about more than just marketing destinations and filling hotel rooms it cuts to the heart of how southerners seek to shape their identity and image for a broader touring public now often made up of northerners and southerners alike **Closed Seasons** Julia Brock, 2025-05-07 In a unique and personal exploration of the game and fish laws in Alabama Georgia and Mississippi from the Progressive Era to the 1930s Julia Brock offers an innovative history of hunting in the New South The implementation of conservation laws made significant strides in protecting endangered wildlife species but it also disrupted traditional hunting practices and livelihoods particularly among African Americans and poor whites Closed Seasons highlights how hunting and fishing regulations were relatively rare in the nineteenth century but the emerging conservation movement and the rise of a regional sportsman identity at the turn of the twentieth century eventually led to the adoption of state level laws Once passed however these laws were plagued by obstacles including insufficient funding and enforcement Brock traces the dizzying array of factors propaganda racial tensions organizational activism and federal involvement that led to effective game and fish laws in the South *History and Hope in the Heart of Dixie* Gordon E. Harvey, Richard D. Starnes, Glenn Feldman, 2006-08-20 Can any good thing come from Auburn John Shelton Reed Revisiting race relations in an Upland South community Lacrosse Arkansas Brooks Blevins Southern accents the politics of race and the passage of the Economic Opportunity Act of 1964 Susan Youngblood Ashmore Is there a balm in Gilead Baptists and reform in North Carolina 1900 1925 Richard D Starnes The beginnings of interracialism Macon Georgia in the 1930s Andrew M Manis Race class the Southern conference and the beginning of the end of the New Deal coalition Glenn Feldman Wallaceism is an insidious and treacherous type of disease the 1970 Alabama gubernatorial election and the Wallace freeze on Alabama politics Gordon E Harvey Divide and conquer interest groups and political culture in Alabama 1929 1971 Jeff Frederick The scholar as activist Dewayne Key Evangelist for constitutional reform Bailey Thomson The historian as public policy activist Dan T Carter **Tourism in the Mountain South** C. Brenden Martin, 2007 C Brenden Martin examines tourism in the context of the transformation of transportation networks urban and rural community development and the changing role of government in regulating tourism Martin illustrates how tourism represents a double edged sword cutting both ways in its impact on the

region It is a transformative force that has accelerated the modernization of the Mountain South in many ways and yet tourism has also provided the main economic rationale for the region s cultural historical and environmental preservation movements

BOOK JACKET Public Administration and Nonprofit Management in Practice Aimee L. Williamson, Marc Holzer, 2025-10-01 This insightful text edited by two renowned experts provides students of public administration and nonprofit management with a collection of relevant global case studies and corresponding activities The chapters are structured around common themes and concepts across the field including the foundations of public administration managing people and administering public services and improving efficiency and efficacy The cases which are derived from countries around the world focus on building the knowledge skills and abilities needed by public and nonprofit administrators globally providing a much needed supplement to many of the introductory texts in public administration Each case is contextualized by a short synopsis reflective questions references further reading and learning activities The compact case format helps students focus on a specific area of public management with organization by chapter giving instructors choices among cases and the ability to group related topics The discussion questions in the cases will develop students analytical thinking of real scenarios for the application of course content Public Administration and Nonprofit Management in Practice should be used as either core or recommended reading for courses on public and nonprofit management at both the undergraduate and graduate levels including Master of Public Administration MPA courses and related degree programmes Instructors will find comprehensive teaching notes online to support this case based approach to learning

The Violent World of Broadus Miller Kevin W. Young, 2024-04-30 In the summer of 1927 an itinerant Black laborer named Broadus Miller was accused of killing a fifteen year old white girl in Morganton North Carolina Miller became the target of a massive manhunt lasting nearly two weeks After he was gunned down in the North Carolina mountains his body was taken back to Morganton and publicly displayed on the courthouse lawn on a Sunday afternoon attracting thousands of spectators Kevin W Young vividly illustrates the violence wracked world of the early twentieth century in the Carolinas the world that created both Miller and the hunters who killed him Young provides a panoramic overview of this turbulent time telling important contextual histories of events that played into this tragic story including the horrific prison conditions of the era the rise of the Ku Klux Klan and the influx of Black immigrants into North Carolina More than an account of a single murder case this book vividly illustrates the stormy race relations in the Carolinas during the early 1900s reminding us that the legacy of this era lingers into the present

Henry W. Blair's Campaign to Reform America Gordon B. McKinney, 2013-01-01 This title follows Henry W Blair s remarkable political career At the heart of his efforts was a push to improve the America s system of public education but his reform programmes addressed a wide range of issues including legal rights economic rights women s suffrage and racial equality He consistently supported black voting rights introduced an antilynching bill in 1894 and worked as a lobbyist with the NAACP at the age of 80

Conserving Southern Longleaf Albert G. Way, 2011-11-01 The Red Hills region of south

Georgia and north Florida contains one of the most biologically diverse ecosystems in North America with longleaf pine trees that are up to four hundred years old and an understory of unparalleled plant life At first glance the longleaf woodlands at plantations like Greenwood outside Thomasville Georgia seem undisturbed by market economics and human activity but Albert G Way contends that this environment was socially produced and that its story adds nuance to the broader narrative of American conservation The Red Hills woodlands were thought of primarily as a healthful refuge for northern industrialists in the early twentieth century When notable wildlife biologist Herbert Stoddard arrived in 1924 he began to recognize the area s ecological value Stoddard was with the federal government but he drew on local knowledge to craft his land management practices to the point where a distinctly southern agrarian form of ecological conservation emerged This set of practices was in many respects progressive particularly in its approach to fire management and species diversity and much of it remains in effect today Using Stoddard as a window into this unique conservation landscape Conserving Southern Longleaf positions the Red Hills as a valuable center for research into and understanding of wildlife biology fire ecology and the environmental appreciation of a region once dubbed simply the pine barrens

The Top Books of the Year Creating The Land Of The Sky Tourism And Society In Western North Carolina The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Creating The Land Of The Sky Tourism And Society In Western North Carolina : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
