Creating Community on College Campuses Irving J. Spitzberg, Virginia V. Thorndike, 1992-01-01 *Creating Community on College Campuses* addresses the most critical and difficult issues facing higher education in the 1990s improving the quality of teaching and learning raising academic standards protecting freedom of expression and simultaneously enhancing community of the whole and community of the parts This book offers an understanding of community as a complex concept one that incorporates the values of a democratic society and encourages learning and participation by all citizens of the campus and discusses topics such as race and ethnicity the climate for women harassment and free speech alcohol crime Greek life and interaction among faculty and students The authors conclude with concrete recommendations to support the implementation of pluralistic learning communities on our nation s campuses **Resources in Education** ,1993 Mixed Race Students in College Kristen A. Renn, 2012-02-01 It s kind of an odd thing really because it s not like I m one or the other or like I fit here or there but I kind of also fit everywhere And nowhere All at once You know Florence My racial identity I would have to say is multiracial I am of the future I believe there is going to come a day when a very very large majority of everybody in the world is going to be mixed with more than one race It s going to be multiracial for everybody Everybody and their mother Jack Kristen A Renn offers a new perspective on racial identity in the United States that of mixed race college students making sense of the paradox of deconstructing racial categories while living on campuses sharply divided by race and ethnicity Focusing on how peer culture shapes identity in public and private spaces the book presents the findings of a qualitative research study involving fifty six undergraduates from a variety of institutions Renn uses an innovative ecology model to examine campus peer cultures and documents five patterns of multiracial identity that illustrate possibilities for integrating notions of identity construction and deconstruction with the highly salient nature of race in higher education One of the most ambitious scholarly attempts to date to portray the diverse experiences and identities of mixed race college students the book also discusses implications for higher education practice policy theory and research

Professionalization, Partnership, and Power Hugh G. Petrie, 1995-08-31 The concept of professional development schools PDS has recently emerged as one of the most exciting possibilities for systematic educational reform These teaching hospitals of the education profession typically are real schools in a district that take on with a cooperating institution of higher education special responsibilities for inquiry and professional preparation Although still in their infancy PDSs as places for professional preparation and of inquiry into teaching learning and teacher education have major policy potential

Resources in Education ,1997 **Burning Down the House** Brian Pusser, 2012-02-01 *Burning Down the House* presents a riveting analysis of one of the most nationally prominent and bitterly contested policy battles in the history of American higher education the struggle to eliminate affirmative action at the University of California A timely and essential addition to the literature on affirmative action it examines the political economic legal and organizational factors that shaped

the debate in California and offers unique insight into the contemporary politics of admissions policy university governance and the role of higher education in broader state and national political contests to come Books in Print ,1991 **Race and Educational Reform in the American Metropolis** Dan A. Lewis,Kathryn Nakagawa,1994-12-23 The Quest for Equity in Higher Education Beverly Lindsay,Manuel J. Justiz,2001-08-16 Investigating the role of equity diversity and affirmative action in colleges and universities in the United States this book critically examines the issues in light of public debates voter referenda and legislative enactments seeking to influence public policy The contributors argue that providing information and critical skills to students and scholars preparing students for the world of work especially in a rapidly changing technological environment and generating new research and knowledge bases are missions of higher education that can be enhanced with affirmative action as a form of equity Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 American Book Publishing Record ,2003 Whitaker's Books in Print ,1998 Forthcoming Books Rose Arny,2001-08 Metropolitan Universities ,2006 **Bibliographic Guide to Education** ,2001 lists publications cataloged by Teachers College Columbia University supplemented by The Research Libraries of The New York Public Library The Bibliographic Index ,2005 Directions ,1991

Jobs-careers-professions Leon V. Werner,2001 This book consists of citations covering a wide spectrum of the job hunting employment and professional fields The decisions leading to the job interview including educational choices and the events which occur during one s employment will form a large part of an individual s life s experiences Most individuals will work at several different jobs during a lifetime of work **One Nation Divisible** Michael B. Katz,Mark J. Stern,2006-03-16 American society today is hardly recognizable from what it was a century ago Integrated schools an information economy and independently successful women are just a few of the remarkable changes that have occurred over just a few generations Still the country today is influenced by many of the same factors that revolutionized life in the late nineteenth century immigration globalization technology and shifting social norms and is plagued by many of the same problems economic social and racial inequality One Nation Divisible a sweeping history of twentieth century American life by Michael B Katz and Mark J Stern weaves together information from the latest census with a century s worth of data to show how trends in American life have changed while inequality and diversity have endured One Nation Divisible examines all aspects of work family and social life to paint a broad picture of the American experience over the long arc of the twentieth century Katz and Stern track the transformations of the U S workforce from the farm to the factory to the office tower Technological advances at the beginning and end of the twentieth century altered the demand for work causing large population movements between regions These labor market shifts fed both the explosive growth of cities at the dawn of the industrial age and the sprawling suburbanization of today One Nation Divisible also discusses how the norms of growing up and growing old have shifted Whereas the typical life course once involved early marriage and living with large extended families Americans today

commonly take years before marrying or settling on a career path and often live in non traditional households Katz and Stern examine the growing influence of government on trends in American life showing how new laws have contributed to more diverse neighborhoods and schools and increased opportunities for minorities women and the elderly One Nation Divisible also explores the abiding economic paradox in American life while many individuals are able to climb the financial ladder inequality of income and wealth remains pervasive throughout society The last hundred years have been marked by incredible transformations in American society Great advances in civil rights have been tempered significantly by rising economic inequality One Nation Divisible provides a compelling new analysis of the issues that continue to divide this country and the powerful role of government in both mitigating and exacerbating them A Volume in the Russell Sage Foundation Census Series *Subject Guide to Books in Print* ,1993
