Jordan, 1999 *Creation in Six Days* offers an exegetical literary and theological defense of the traditional interpretation of the Genesis account of six day creation Jordan s account is primarily designed to answer any approach to the text of Genesis such as the increasingly popular Framework Hypothesis that pits the text s literary features against its historical and narrative sense Beyond his exegetical critique of several prominent positions Jordan offers a constructive reading of the early parts of Genesis and also seeks to uncover the assumptions which attract people to the Framework Interpretation and similar views The explanation he says lies in the acceptance of many of the questionable assumptions of modern science on the part of most Christians today coupled with the pervasiveness of a gnostic or nonhistorical attitude toward the Christian faith **The Future of Creation Order** Gerrit Glas, Jeroen de Ridder, 2018-01-12 This work provides an overview of attempts to assess the current condition of the concept of creation order within reformational philosophy compared to other perspectives Focusing on the natural and life sciences and theology this first volume of two examines the arguments for and against the beauty coherence and order shown in the natural world being related to the will or nature of a Creator It examines the decay of a Deist universe and the idea of the pre givenness of norms laws and structures as challenged by evolutionary theory and social philosophy It describes the different responses to the collapse of order that given by Christian philosophy scholars who still argue for the idea of a pre given world order and that of other scholars who see this idea of stable creation order and or natural law as redundant and in need of a thorough rethinking It studies the particular role that reformational philosophy has

played in the discussion It shows how ever since its inception almost a century ago the concepts of order and law principle structure have been at the heart of this philosophy and that one way to characterise this tradition is as a philosophy of creation order Reformational philosophers have maintained the notion of law as holding for reality This book discusses the questions that have arisen about the nature of such law is it a religious or philosophical concept does law just mean orderliness How does it relate to laws of nature Have they always existed or do they emerge during the process of evolution

The Heart of God Riaan Engelbrecht,2023-02-21 Why talk about the heart We read in Matthew 22 36 Teacher which is the great commandment in the law 37 Jesus said to him You shall love the Lord your God with all your heart with all your soul and with all your mind 38 This is the first and great commandment It is that simple We must love God WITH ALL OUR HEART Not part of it Not proportionally In totality We must be consumed by a love for God for He is must be our first love Our heart must beat for God in the morning in the afternoon in the evening yes every second of the day Our hearts must yearn for God for God is glorious and wonderful God is jealous of our love He wants our heart He wants our affection attention and devotion There is nothing greater for your heart to beat for God and for God to live in our hearts through the indwelling presence of the Holy Spirit Only when our hearts yield to God can we seek a path of purity joy peace and love For God calls our hearts to beat in sync with His heart Do you know the heartbeat of God Do you know what His heart beats for For His heart speaks of love of beauty and majesty God calls for a pure heart a good heart and a heart that seeks the light of His splendour and glory

The Ministry, Vol. 05, No. 02 Various Authors,2001-02-01 In this issue of The Ministry Brother Lee helps us to have an appreciation for the Bible as the Word of God Having survived much persecution to be translated into many languages and dialects today the Bible is a precious gift that the Lord has bestowed on us Therefore we believers should treasure it The contents of the Bible are profound and mysterious being a revelation and explanation of the Lord Jesus Christ Himself and the processes through which He passed Therefore we should highly regard the Bible read it diligently and come to it to receive the Lord as life The following six messages are from the 2000 Memorial Day Conference in San Jose California entitled A New Revival Becoming the New Jerusalem In this series of messages the New Jerusalem is presented not in a general way but in a way that specifically focuses on becoming the New Jerusalem Hence the burden of these messages can be summarized in the following four statements 1 the New Jerusalem is the consummation of God becoming man and man becoming God in life in nature and in expression but not in the Godhead 2 the Triune God and we become the New Jerusalem by the divine dispensing of Himself into us as the flowing Triune God for our enjoyment to be our eternal blessing for His eternal glory 3 we become the New Jerusalem the enlargement of God the corporate God man through the process of God s organic salvation and 4 the

S., 1710 **Breathing In Breathing Out** Dr. Linda Youngberg Ballard, 2024-03-12 Breathing In Breathing Out is a devotional book written by a physician for her patients and friends An ordered set of daily devotionals designed to create a coherent biblical understanding of who we are who God is and what God wants from us It is a prescription for living our best life in the middle of a difficult and demanding world It was inspired by the written word of God and from the experiences of a life lived in the world as it is It is designed for anyone who is seeking to know more about God and for those who already know him well **The Facts on the Ground** William Dyrness, 2021-12-16 Starting with the fraught and often contested role of Christian participation in contemporary culture and in the light of the chaotic challenges of recent events William Dyrness develops a biblical theology of cultural wisdom both its poetics and its practice as a way of making sense both of these human cultural challenges and of God's presence on the way to the New Creation Making use of the biblical category of wisdom in both Old and New Testaments Dyrness offers a fresh way to understand both human responsibility in culture and God's presence and purposes for creation as this developed in the life of Israel and was embodied in the life and teachings of Christ Centrally the book argues Christ's life and teaching represent a Christian wisdom that opened up new possibilities for human culture This Christian wisdom emerged as the Gospel made its way in culture first into the Greco Roman world of the Early Church and then since the Reformation into the modern period Dyrness suggests this Christ centered cultural wisdom offers resources that help illumine and transform received notions of common grace and even general and special revelation *The Austin Dogmatics* Paul Van Buren, 2012-06-12 Publication of the Austin Dogmatics fills a gap in American theological history In 1963 the author published *The Secular Meaning of the Gospel* which the press identified with the death of God movement While the author denied the association the Austin Dogmatics explains how he moved from the strict Barthianism of his early period to the linguistic analysis of his middle period His late and perhaps most important work that lay ahead was yet in another direction entirely making van Buren one of the most versatile and adventuresome American theologians of the second half of the twentieth century THE ONE AND THE ONLY... Jedidiah "Dee" Duaya, 2014-04-25 While in the world we have come to understand that there are many gods with many followers leading to many religions the truth of the matter is that not all the gods are all right and true at the same time One God has to be the right one making him the true one as well and all the rest of them have to be wrong and false gods at the same time

The One and the Only book will help all of us reason in discovering who this right and true God is but most importantly this book will challenge those that claim to be acquainted with this right and true God not to keep him for themselves making him a private property and preventing the rest of the world from accessing this God by dictating who can come to him and who cannot but on the contrary they will be reminded of their responsibility to share him and to be the bridge of the people to this God without being an hindrance In The One and the Only we will have to come to the conclusion that nobody can privatize God or control him but all of us in each of our own ways can relate and personalize this God in our lives If there is One true God then He must be the one and the only God for everybody and He must be accessible for everyone who so want him in their world
