**The Community of the Weak** Hans-Peter Geiser,2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story *Tactics of Hope in Latinx Children's and Young Adult Literature* Jesus Montaña,Regan Postma-Montaña,2024-06-01 Using Gloria Anzald a s theories of *conocimiento* as a critical lens the authors examine several literary works including Side by Side Lado a lado They Call Me G ero Land of the Cranes Efr n Divided and Gabi a Girl in Pieces *New Perspectives on Healing, Restoration and Reconciliation in John's Gospel* Jacobus Kok,2016-10-05 In New Perspectives on Healing Restoration and Reconciliation in John Jacobus Kobus Kok investigates the depth and applicability of Jesus healing narratives in John s gospel Against the background of an ancient group oriented worldview it goes beyond the impasse of most Western approaches to interpreting the Biblical healing narratives to date He

argues that the concept of healing was understood in antiquity as in some parts of Africa in a much broader way than we tend to understand it today He shows inter alia why the interaction between Jesus and the Samaritan woman could be interpreted as a healing narrative illustrating the ancient interrelationship between healing restoration and reconciliation

**Healing Symbols in Psychotherapy** Erik D. Goodwyn, 2016-03-02 Ritual scholars note that rituals have powerful psychological social and even biological effects but these findings have not yet been integrated into the practice of psychotherapy and psychiatry In *Healing Symbols in Psychotherapy* Erik D Goodwyn attempts to rectify this by reviewing the most pertinent work done in the area of ritual study and applying it to the practice of psychotherapy and psychiatry providing a new framework with which to approach therapy The book combines ritual study with depth psychology placebo study biogenetic structuralism and cognitive anthropology to create a model of interdisciplinary psychology Goodwyn uses examples of rituals from history folklore and cross cultural study and uncovers the universal themes embedded within them as well as their psychological functions As ritual scholars show time and again how Western culture and medicine is ritually impoverished the application of ritual themes to therapy yields many new avenues for healing The interdisciplinary model used here suggests new ways to approach problems with basic identity
