Innovative Interventions To Reduce Dementia Caregiver Distress David W. Coon, PhD,Dolores Gallagher-Thompson, PhD, ABPP,Larry W. Thompson, PhD,2002-10-31 Increasing evidence has demonstrated that caregivers of dementia victims are at risk for depression and other medical problems In what ways can health care providers improve or maintain the well being of dementia caregivers This volume provides an overview of emerging themes

in dementia caregiving research and presents a broad array of practical strategies for reducing caregiver distress including interventions for specific populations such as ethnic minority caregivers male caregivers and caregivers with diverse sexual orientations Innovative approaches include the value of partnering with primary care physicians to improve quality of life for both patient and caregiver and the use of technological advances to help distressed caregivers A timely cutting edge book written for clinicians of varying backgrounds who provide direct services to families of dementia victims For Further Information Please Click Here

A Field-Centred Approach to Gestalt Therapy Lothar Gutjahr, 2024-05-07 In Gestalt therapy sociological political and economic research is often neglected or ignored Drawing on analyses about current societal conditions this book considers that there is no such thing as a postmodern therapy and offers a new approach to Gestalt therapy Gestalt therapy is still currently based on the Cartesian worldview even if relational approaches are in search for an in between The author's approach of Gestalt therapy is based on an idea by the founders Contact is the first reality so the field coemerges and coexists with individuals' perceptions providing specific conditions demands limitations and opportunities An individual's field is not an afterthought established by the perspective of the first person singular i.e. individuals but a *conditio sine qua non* Gutjahr reflects on both theoretical and practical aspects of the field's many processes of resonance Putting the field consistently at the centre of his approach the author describes the main tenets expanding on previous versions of Gestalt therapy This important new book is at the cutting edge of the current discussion of relational and field oriented approaches to Gestalt therapy and will be of particular interest to practitioners of Gestalt therapy psychotherapists phenomenologists as well as theorists of philosophy sociology and therapy
