Cracking the Case of ISO 9001:2015 for Manufacturing, Third Edition Charles A. Cianfrani, John E. (Jack) West, 2016-09-08      **How to Audit the Process-Based QMS** Dennis R. Arter, Charles A. Cianfrani, John (Jack) E. West, 2012-08-17 This book is intended to help those involved in managing and conducting audits to ISO 9001 2008 It can be used as a guide to establishing a new audit program or for revitalizing one that has been operational for some time It focuses on achieving an audit program that produces value adding results for the organization Arter Cianfrani and West experts in both ISO 9001 and auditing believe that the art and science of auditing quality management systems that have been designed and implemented following the process approach the foundation of ISO 9001 2008 is more challenging and interesting than auditing discrete elements to determine whether documented procedures and records exist Auditing a process based QMS or even small elements of such a system requires auditors to understand and integrate into an audit all aspects of organizational activities from high level planning through ensuring that customers are satisfied The role of auditing is evolving and the skills and competence required to do it well also must evolve The contents of this book will help auditors understand their role in the organization and discharge their auditing duties in a way that is challenging to them and contributes to the success of the organization      Cracking the Case of ISO 9001:2000 for Service Charles A. Cianfrani, Jack West, John E. West, 2003

**Unlocking the Power of Your QMS** John (Jack) E. West, Charles A. Cianfrani, 2005-02-01 Some organizations just get by While they may realize some successes over time they often aren't traceable to the organization's quality management system QMS Other organizations can trace performance improvements to their QMSs and therefore are able to sustain and expand upon them Working from the tenet that performance improvement is too important to be left to chance the authors of **Unlocking the Power of Your QMS** have meticulously combed the most fundamental globally accepted quality standards and criteria and have culled 12 principles that can serve as a foundation for mature quality management systems Next through an assessment by top management the mission vision and business model of the organization are determined and aligned with these 12 principles West and Cianfrani make the case that there is nothing an organization can do that can have more benefit than the development and deployment of its principles This book not only convinces you it provides you with the guidelines you need to dramatically improve performance in your organization      **Cracking the Case of ISO 9001:2015 for Service, Third Edition** Charles A. Cianfrani, John E. (Jack) West, 2016-09-08 This guide is intended to help everyone in a service organization participate in creating and sustaining a foundation of integrity meet requirements and customer expectations and support robust processes to the advantage of everyone in the organization and to each of its customers It provides a simplified explanation of the clauses of ISO 9001 2015 including What's required Why to do it Implementation tips Questions to ask to assess conformity Also included is a chapter that answers the question Why do ISO 9001 2015 and a chapter that summarizes the key differences with past editions of ISO 9001 To assist the user in implementation of QMS processes this
