Webb, World Crafts Council, 1968 Pictorial compendium of over 400 objects of contemporary handicrafts from countries throughout the world **Crafts and Craftsmen of New Jersey** Walter Hamilton Van Hoesen, 1973 A look at eighteenth and early nineteenth century crafts and craftsmen of New Jersey *Handicrafts and Reconstruction Arts and Crafts Exhibition Society*, 1919 **The Craftsman** Richard Sennett, 2009-02-05 Why do people work hard and take pride in what they do This book a philosophically minded enquiry into practical activity of many different kinds past and present is about what happens when people try to do a good job It asks us to think about the true meaning of skill in the skills society and argues that pure competition is a poor way to achieve quality work Sennett suggests instead that there is a craftsman in every human being which can sometimes be enormously motivating and inspiring and can also in other circumstances make individuals obsessive and frustrated The Craftsman shows how history has drawn fault lines between craftsman and artist maker and user technique and expression practice and theory and that individuals pride in their work as well as modern society in general suffers from these historical divisions But the past lives of crafts and craftsmen show us ways of working using tools acquiring skills thinking about materials which provide rewarding alternative ways for people to utilise their talents We need to recognise this if motivations are to be understood and lives made as fulfilling as possible *Crafts and Craftsmen in Pre-colonial Eastern India*, 2021 **Utopian Craftsmen** Lionel Lambourne, 1980 Crafts and Craftsmen of the Middle East Suraiya Farooqi, Randi Deguilhem, 2005-03-24 Crafts and Craftsmen of the Middle East presents research on craft workers within and outside the guild structure from the modern and contemporary Mediterranean world From the late sixteenth century Ottoman Empire to traditional style crafts in twentieth century Turkey and Egypt the book surveys a multitude of traditions It begins in 1582 when Istanbul artisans paraded in front of Sultan Murad III moves through to the eighteenth century struggles between artisans and tax farmers in Tokat the artisans of Cairo and the craftsmen of Adana and into nineteenth century accounts of Istanbul's women workers and Jewish butchers This book is essential to all those interested in the history of the culture and society of the Islamic Mediterranean *Crafts and Craftsmen in Traditional India* M. identities explores artisanal identity and culture in early modern London It demonstrates that the social intellectual and political status of London s crafts and craftsmen were embedded in particular material and spatial contexts Through examination of a wide range of manuscript visual and material culture sources the book investigates for the first time how London s artisans physically shaped the built environment of the city and how the experience of negotiating urban spaces impacted directly on their distinctive individual and collective identities Applying an innovative and interdisciplinary methodology to the examination of artisanal cultures the book engages with the fields of social and cultural history and the histories of art design and architecture It will appeal to scholars of early modern social cultural and urban history as well as those interested in design and architectural history
