**by Women** Jane L. Donawerth, Carol A. Kolmerten, 1994-07-01 This collection speaks to common themes and strategies in women's writing about their different worlds from Margaret Cavendish's seventeenth-century Blazing World of the North Pole to the men-less islands of the French writer Scudery to the eighteenth and nineteenth-century utopias of Shelley and Gaskell and science-fiction pulps finishing with the more contemporary feminist fictions of Le Guin, Wittig, Piercy, and Michison. It shows that these fictions historically speak to each other and together amount to a literary tradition of women's writing about a better place. **The Cambridge Companion to Elizabeth Gaskell** Jill L. Matus, 2007-02-22 In the last few decades, Elizabeth Gaskell has become a figure of growing importance in the field of Victorian literary studies. She produced work of great variety and scope in the course of a highly successful writing career that lasted for about twenty years from the mid 1840s to her unexpected death in 1865. The essays in this Companion draw on recent advances in biographical and bibliographical studies of Gaskell and cover the range of her impressive and varied output as a writer of novels, biography, short stories, and letters. The volume, which features well-known scholars in the field of Gaskell studies, focuses throughout on her narrative versatility and her literary responses to the social, cultural, and intellectual transformations of her time. This Companion will be invaluable for students and scholars of Victorian literature and includes a chronology and guide to further reading. **Illustrated Catalogue of Books, Standard and Holiday** McClurg, Firm, Booksellers, Chicago, 1897

**Elizabeth Gaskell** Patsy Stoneman, 1987 When Patsy Stoneman's Elizabeth Gaskell first appeared in 1987, it was welcomed as the first major full-length feminist study of Gaskell. Victorian Studies. Though long out of print, it is still widely used and cited in university contexts, making it certain that this augmented edition will be equally welcome. This pioneering study, described as a model of feminist criticism, The Year's Work in English Studies, reveals Gaskell as an important social analyst who deliberately challenged the Victorian disjunction between public and private ethical values, maintaining a steady

resistance to aggressive authority and advocating female friendship rational motherhood and the power of speech as forces for social change Since 1987 Gaskell s work has risen from minor to major status Despite a wealth of subsequent gender oriented criticism however Stoneman s combination of psychoanalytic and political analysis which Choice found thought provoking in 1987 remains challenging in its use of modern motherhood theories This new edition therefore presents the original text unchanged except for bibliographical updating together with a new critical Afterword Patsy Stoneman s extensive new Afterword offers detailed evaluation of all the Gaskell criticism published between 1985 and 2004 which has a bearing on her subject and thus provides both a wide ranging debate on the social implications of motherhood and an invaluable survey of Gaskell criticism over the last twenty years This edition with an updated bibliography and index will bring a well known classic to a new audience while also offering a uniquely comprehensive overview of current Gaskell studies Book jacket
