Seagoing John McCormick, The great virtue of McCormick s memoirs is their blunt honesty He writes with a persuasive directness about what happened to him and what he believes Arts and Letters The title of John McCormick s autobiographical book may be taken both literally and symbolically In a literal sense going to sea was

an early and powerful ambition while seagoing is also a metaphor for the twists and turns in a rootless life a long voyaging This is not a conventional autobiography It is personal only as necessary for continuity and never confessional The essays center upon telling episodes in the author's life and strive for objectivity and accuracy about the recent past both personal and historical He does so as he writes without any pretension of producing a true history The events of his life are necessarily unique to him thus he finds uniqueness in the events that impinged upon him McCormick begins with his early years growing up in the American mid West during the Depression a time of broken family relations and random jobs He relates his falling away from religious faith He describes his first experience as a sailor in a tanker which gave him physical liberation a world free of constrictions as with Hemingway In discussing his early teaching experience he gives a vivid portrayal of Germany in the immediate postwar years along with observations of residual pro Hitler sentiment and the awkward circumstances for Germans of the immediate past He devotes a chapter to a moving memoir of his friend Francis Fergusson eminent Rutgers University scholar McCormick also relates his experience as an amateur bullfighter and reiterates his defense of bullfighting as an art He paints a vivid picture of an adventure at sea while working on a definitive biography of George Santayana reflecting also on changes in the genre of biography with its prevailing emphasis on trivia and sensationalism In describing his retirement to England McCormick describes the conflict between nationalism and expatriation He punctuates details of his naval war experiences with thoughtful observations on military combat Finally in his closing chapter Coda Closet Space McCormick attempts to make sense of old age and death This autobiographical account of a well lived life encompasses far more than a splendid teaching and literary career It will provide insight and good reading for those who know McCormick's scholarly work for students of the humanities and for the general public interested in vivid prose John McCormick is professor emeritus of comparative literature at Rutgers University and honorary fellow of English and literature at the University of York He is the author of *George Santayana A Biography* *Catastrophe and Imagination* *The Middle Distance* and *Fiction as Knowledge* *The Greatest Works of French Literature: 100+ Novels, Short Stories, Poetry Collections & Plays* Stendhal, Jules Verne, Gustave Flaubert, Anatole France, Émile Zola, Victor Hugo, Guy de Maupassant, Jean-Jacques Rousseau, Alexandre Dumas, François Rabelais, George Sand, Marcel Proust, Gaston Leroux, Charles Baudelaire, Molière, Pierre Corneille, Jean Racine, Voltaire, Pierre Choderlos de Laclos, Alexandre Dumas fils, 2023-12-18 *The Greatest Works of French Literature 100 Novels Short Stories Poetry Collections Plays* represents a comprehensive exploration into the heart and soul of French literary brilliance spanning several centuries of intellectual and creative thought This anthology encapsulates the diversity and depth of French literature covering a gamut of genres from the tragic to the comedic the romantic to the realist Significant for its inclusion of a variety of literary styles this collection brings together the monumental works of renowned authors like Voltaire Marcel Proust and Gustave Flaubert among others offering readers an unparalleled mosaic of French literary heritage Each piece carefully selected for its historical and cultural significance invites readers into the complexities
