Crawling from the Wreckage, Or, The White Man Limping Clifford Lawrence Meth, 1995-01-01      **Rock This Way** Mel Stanfill, 2023-08-15 Any and all songs are capable of being remixed But not all remixes are treated equally *Rock This Way* examines transformative musical works cover songs remixes mash ups parodies and soundalike songs to discover what contemporary American culture sees as legitimate when it comes to making music that builds upon other songs Through examples of how popular discussion talked about such songs between 2009 and 2018 Mel Stanfill uses a combination of discourse analysis and digital humanities methods to interrogate our broader understanding of transformative works and where they converge at the legal economic and cultural ownership levels *Rock This Way* provides a new way of thinking about what it means to re create and borrow music how the racial identity of both the reusing artist and the reused artist matters and the ways in which the law polices artists and their works Ultimately Stanfill demonstrates that the extent to which a work is seen as having new expression or meaning is contingent upon notions of creativity legitimacy and law all of which are shaped by white supremacy      *Uncanny Bodies* Scott T. Smith, José Alaniz, 2019-11-27 Superhero comics reckon with issues of corporeal control And while they commonly deal in characters of exceptional or superhuman ability they have also shown an increasing attention and sensitivity to diverse forms of disability both physical and cognitive The essays in this collection reveal how the superhero genre in fusing fantasy with realism provides a visual forum for engaging with issues of disability and intersectional identity race ethnicity class gender and sexuality and helps to imagine different ways of being in the world Working from the premise that the theoretical mode of the uncanny with its interest in what is simultaneously known and unknown ordinary and extraordinary opens new ways to think about categories and markers of identity *Uncanny Bodies* explores how continuums of ability in superhero comics can reflect resist or reevaluate broader cultural conceptions about disability The chapters focus on lesser known characters such as Echo Omega the Unknown and the Silver Scorpion as well as the famous Barbara Gordon and the protagonist of the acclaimed series Hawkeye whose superheroic uncanniness provides a counterpoint to constructs of normalcy Several essays explore how superhero comics can provide a vocabulary and discourse for conceptualizing disability more broadly Thoughtful and challenging this eye opening examination of superhero comics breaks new ground in disability studies and scholarship in popular culture In addition to the editors the contributors are Sarah Bowden Charlie Christie Sarah Gibbons Andrew Godfrey Meers Marit Hanson Charles Hatfield Naja Later Lauren O Connor Daniel J O Rourke Daniel Pinti Lauranne Poharec and Deleasa Randall Griffiths      **Within These Walls** The Lost Writer's Group, 2006-03 Welcome travelers Within these walls a group of dynamic writers share their stories and challenge notions of the norm of the conventional and of the ordinary Here lies pathos murder romance horror eroticism humor and adventure even political satire sexual abuse travels to foreign lands compassion love affairs and ghosts the entire
