For people with disabilities it is a lifetime struggle They need an abundance of encouragement Thus parents and family members should learn how to emphasize the strength of these children and help them achieve goals that are within their capabilities Wever doesnt claim to have all the answers There is no perfect pattern for raising disabled children But she points out the importance of being willing to live with uncertainties to have faith and to make a difference with love compassion and perseverance     Fair Housing Amendments Act of 1979 United States.
