Creation And Judgement Creation Texts In Some Eighth Century Prophets:

Creation and Judgement Stefan Paas,2003-01-01 This exegetical study consists of a thorough discussion of creation texts in the books of Amos Hosea and Isaiah and a critical examination of some popular views on creation in the Bible *Creation and Judgement* ,1942 *Creation and Judgement* Stefan Paas,2021-10-11 This book explores how the books of Amos Hosea and Isaiah use language of creation This is done by a religion of history approach of ancient Israel with respect to its belief in YHWH as a Creator and by an exegetical survey of the relevant texts in the prophets mentioned It is established that creation language was introduced in Israel long before the Exile and is used in a flexible manner depending on context and situation Elaborate attention is given to its use in contexts of judgement This study is relevant for students of the prophets who are looking for a thorough discussion of many texts and a critical examination of some popular views on creation in the Bible

Amos and the Cosmic Imagination James R. Linville,2017-11-30 Said to contain the words of the earliest of the biblical prophets 8th century BCE the book of Amos is reinterpreted by the author in light of new and sometimes controversial historical approaches to the Bible Amos is read as the literary product of the Persian era community in Judah Its representations of divine human communication are investigated in the context of the ancient writers own role as transmitters and shapers of religious traditions Amos s extraordinary poetry expresses mythical conceptions of divine manifestation and a process of destruction and recreation of the cosmos which reveals that behind the appearances of the natural world is a heavenly cosmic temple **God and World in the Old Testament** Prof. Terence E. Fretheim,2010-08-01 Fretheim presents here the Old Testament view of the Creator God the created world and our role in creation Beginning with The Beginning he demonstrates that creation is open ended and connected Then from every part of the Old Testament Fretheim explores the fullness and richness of Israel s thought regarding creation from the dynamic created order to human sin from judgment and environmental devastation to salvation redemption and a new creation *The Theology of the Land in Amos 7-9* Robert Khua Hnin Thang,2014-10-14 In the book of Amos the language about land is used extensively including terms and ideas such as Zion YHWH s bringing of Israel into the land references to various sanctuaries and places harvest and famine the relationship between the northern kingdom and Judah and references to the land of other nations However this subject of the land has never been studied as a theological topic in its own right but only as part of other themes This work follows a synchronic reading of Amos and employing textual literary and historical criticism the author carries out a careful theological analysis of the land Although the findings are set in the context of the entire book of Amos the study focuses on chapters 7 9 to explore the topic with closer detail The Composition and Redaction of the Book of Amos Tchavdar S. Hadjiev,2009-03-26 This Oxford dissertation offers a fresh redactional analysis of the Book of Amos It starts with a critical survey of existing approaches and an examination of the methodological issues involved and proceeds with a detailed exegetical analysis of the prophetic text which forms the basis for the redactional conclusions It steers a middle

course between extreme conservative treatments which trace all the material back to the prophet Amos and more radical sceptical approaches which attribute most of the prophetic oracles to the work of later redactors The composition of the book began with two collections the Polemical scroll written not long after the end of Amos ministry and the Repentance scroll composed shortly before 722 BC The Repentance scroll was reworked in Judah towards the end of the 8th century BC and the two scrolls were combined to form a single work sometime during the 7th century BC The Book underwent only one redaction during the exilic period which sought to actualise its message in a new historical context The study pays special attention to the literary structure aim and probable historical circumstances of the various collections which gradually evolved into the present Book of Amos and seeks to show how the prophetic message lived on and spoke to the various communities which preserved and transmitted it *Prophecy and Apocalyptic* D. Brent Sandy, Daniel M. O'Hare, 2007-11 A current and accessible guide to the literature on Old Testament prophecy *Cantos and Strophes in Biblical Hebrew Poetry II* P. van der Lugt, 2010-01-11 This volume deals with the poetic framework and material content of the Second and Third Books of the Psalter Psalms 42-72 and 73-89 It is a continuation of the Psalms Project started in OTS 53 2006 Formal and thematic devices demonstrate that the psalms are composed of a consistent pattern of cantos stanzas and strophes The formal devices include quantitative balance on the level of cantos in terms of the number of verselines verbal repetitions and transition markers A quantitative structural approach also helps to identify the focal message of the poems Introductions to the design of biblical poetry and the rhetorical centre of the psalms conclude this massive study The third volume dealing with the Fourth and Fifth Books of the Psalter Psalms 90-106 and 107-151 is in preparation Exile and Suffering Bob Becking, Dirk J. Human, 2009 At the fiftieth anniversary of the Old Testament Society of South Africa a conference was organized on the theme Exile and Suffering This volume contains a selection of the papers presented Focal questions are such themes as What do we really know about the Exile To what degree did suffering take place How did the Ancient Israelites cope with the disaster Where the ancient traditions sufficient to deal with the Exile Or did this period produce new forms of theology The significance of the Exile as a matrix for understanding suffering until this day is also dealt with

Scribal Culture and Intertextuality JiSeong James Kwon, 2016-05-12 JiSeong James Kwon discusses similar linguistic expressions and themes between Job and Deutero Isaiah and attempts to find out a common historical background He argues that both Job and Deutero Isaiah significantly reflect common scribal ideas although each text belongs to wisdom and prophetic genre From the back of the book **Torah and Tradition** Klaas Spronk, Hans Barstad, 2017-02-20 The proceedings of the sixteenth joint meeting presented in this volume will show the fruits of the ongoing cooperation between the members of the British Society for the Study of the Old Testament and the Dutch Oudtestamentische Werkgezelschap The theme of the conference was Torah and Tradition The volume brings together many different approaches in describing the multifaceted traditions behind the Hebrew Bible in its present form **A Redactional Study of the Book of Isaiah**

13-23 Jongkyung Lee,2018 This book argues that a series of programmatic additions were made to the oracles concerning the nations in Isa 13 23 during the late exilic period by the same circle of writers who were responsible for Isa 40 55 These additions were made to create continuity between the ancient oracles against the nations from the Isaiah tradition

Mapping Metaphorical Discourse in the Fourth Gospel Beth M. Stovell,2012-06-07 In Mapping Metaphorical Discourse in the Fourth Gospel Beth M Stovell examines the metaphor of Jesus as king throughout the Fourth Gospel using an interdisciplinary metaphor theory incorporating cognitive and systemic functional linguistic approaches with literary approaches

God's Enduring Love in the Book of Hosea Joy Philip Kakkanattu,2006 Joy Philip Kakkanattu provides an exegetical and theological analysis of an important and difficult text of the Old Testament through a synchronic and diachronic reading Detailed critical notes which discuss the textual difficulties accompany the translation of the text from Hebrew In the detailed exegesis special attention is given to study of the key terms theologically significant in Hos 11 1 11 against the context of the whole book The exegesis shows that in Hos 11 8 9 it is not the repentance of Yahweh that causes the withholding of His anger against Israel but Yahweh s constancy in His election of Israel as His son More than a change of heart the decision not to execute the deserved judgement witnesses Yahweh s divine nature Special attention is dedicated to the parent metaphor employed in Hos 11 1 11 It is concluded that more than expressing the Yahweh Israel relationship as a father son relationship the text speaks of it in terms of parent child relationship In the diachronic analysis the author deals with the origin and formation of Hos 11 1 11

Faith and Wisdom in Science Tom McLeish,2014-05-29 Can you Count the Clouds asks the voice of God from the whirlwind in the stunningly beautiful catalogue of nature questions from the Old Testament Book of Job Tom McLeish takes a scientist s reading of this ancient text as a centrepiece to make the case for science as a deeply human and ancient activity embedded in some of the oldest stories told about human desire to understand the natural world Drawing on stories from the modern science of chaos and uncertainty alongside medieval patristic classical and Biblical sources Faith and Wisdom in Science challenges much of the current science and religion debate as operating with the wrong assumptions and in the wrong space Its narrative approach develops a natural critique of the cultural separation of sciences and humanities suggesting an approach to science or in its more ancient form natural philosophy the love of wisdom of natural things that can draw on theological and cultural roots Following the theme of pain in human confrontation with nature it develops a Theology of Science recognising that both scientific and theological worldviews must be of each other not holding separate domains Science finds its place within an old story of participative reconciliation with a nature of which we start ignorant and fearful but learn to perceive and work with in wisdom Surprisingly science becomes a deeply religious activity There are urgent lessons for education the political process of decision making on science and technology our relationship with the global environment and the way that both religious and secular communities alike celebrate and govern science

Abomination of Desolation in Matthew 24.15 Michael P. Theophilos, 2012-02-23 A new understanding of the term Abomination of Desolation in Matthew's gospel is given shedding light on the term Son of Man as well *The Concept of Divine Sovereignty in Micah* Colin Semwayo, 2019-12-14 We live in a world gone awry Social injustice pervades our societies the poor are disdained despotic leaders and nations seem to control world events and racism and hatred abound Yet while it might appear that evil reigns the sovereign God is in control Such is the message of the book of Micah a text that underscores God's presence in the world righting wrongs delivering the marginalized and restoring the intended order of creation In this careful explication of the minor prophet Dr Semwayo challenges those who would question the text's unity revealing Micah as a powerful theological reflection on the reestablishment of Yahweh's sovereignty on earth Connecting the Zion Davidic traditions to the Abrahamic covenant Semwayo articulates a vision of hope that is as relevant for us in the twenty first century as it was for Micah's original audience *Revisiting the Days of Genesis* Bryan C. Hodge, 2011-01-01 A commitment to historical grammatical hermeneutics often has been confused with a commitment to literal language Time in our modern conception has been construed as a measurement of temporal units and the numbers assigned to them as merely counting those units However a study is needed to explore whether this is the Genesis author's use of time and whether numerical values utilized suggest something other than tracking simple measurements This book attempts to offer an answer to this question by analyzing the ancient Near Eastern and literary context of the Book of Genesis in terms of its use of temporal language in determining its value within the narrative It is the contention of this book that both of these concepts have been misunderstood to such an extent that these misperceptions often obstruct interpreters from understanding the sociological and theological intent of the author to convey a theology of God man creation and chaos that addresses concerns of both the ancient and the modern reader
