Creation Of Confederate Nationalism Ideology And Identity In The Civil War South

Peter J. Parish

Creation Of Confederate Nationalism Ideology And Identity In The Civil War South:

The Creation of Confederate Nationalism Drew Gilpin Faust, 1989-12-01 For decades historians have debated the meaning and significance of Confederate nationalism and the role it played in the outcome of the Civil War Yet they have paid little attention to the actual development and content of this Confederate ideology In *The Creation of Confederate Nationalism* Drew Gilpin Faust argues that coming to a fuller understanding of southern thought during the Civil War period offers a valuable refraction of the essential assumptions on which the Old South and the Confederacy were built She shows the benefits of exploring Confederate nationalism as the South's commentary upon itself as its effort to represent southern culture to the world at large to history and perhaps most revealingly to its own people *Reader's Guide to American History* Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The *Reader's Guide to American History* is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history *The Jewish South* Shari Rabin, 2025-04-01 A panoramic history of the Jewish American South from European colonization to today In 1669 the Carolina colony issued the Fundamental Constitutions of Carolina which offered freedom of worship to Jews heathens and other dissenters ushering in an era that would see Jews settle in cities and towns throughout what would become the Confederate States The *Jewish South* tells their stories and those of their descendants and coreligionists who followed providing the first narrative history of southern Jews Drawing on a wealth of original archival findings spanning three centuries Shari Rabin sheds new light on the complicated decisions that southern Jews made as individuals families and communities to fit into a society built on Native land and enslaved labor and to maintain forms of Jewish difference often through religious innovation and adaptation She paints a richly textured and sometimes troubling portrait of the period exploring how southern Jews have been targets of antisemitism and violence but also complicit in racial injustice Rabin considers Jewish immigration and institution building participation in the Civil War the 1915 lynching of Leo Frank and Jewish support for and resistance to the modern fight for Black civil rights She examines shifting understandings of Jewishness highlighting both the reality of religious diversity and the ongoing role of Christianity in defining the region Recovering a neglected facet of the American experience *The Jewish South* enables readers to see the South through the eyes of people with a distinctive religious heritage and a southern history older than the United States itself **Sheet Music of the Confederacy** Robert I. Curtis, 2024-03-28 The creation of the Confederate States of America and the

subsequent Civil War inspired composers lyricists and music publishers in Southern and border states and even in foreign countries to support the new nation Confederate imprint sheet music articulated and encouraged Confederate nationalism honored soldiers and military leaders comforted family and friends and provided diversion from the hardships of war This is the first comprehensive history of the sheet music of the Confederacy It covers works published before the war in Southern states that seceded from the Union and those published during the war in Union occupied capitals border and Northern states and foreign countries It is also the first work to examine the contribution of postwar Confederate themed sheet music to the South s response to its defeat to the creation and fostering of Lost Cause themes and to the promotion of national reunion and reconciliation The Irish in the South, 1815-1877 David T. Gleeson, 2001 This book explores the story of the Irish in America and southern culture The Irish who migrated to the Old South struggled to make a new home in a land where they were viewed as foreigners and were set apart by language high rates of illiteracy and their own self identification as temporary exiles from famine and British misrule They countered this isolation by creating vibrant tightly knit ethnic communities in the cities and towns across the South where they found work usually menial jobs Finding strength in their communities Irish immigrants developed the confidence to raise their voices in the public arena forcing native southerners to recognize and accept them first politically then socially The Irish integrated into southern society without abandoning their ethnic identity They displayed their loyalty by fighting for the Confederacy during the Civil War and in particular by opposing the Radical Reconstruction that followed By 1877 they were a unique part of the Solid South Unlike the Irish in other parts of the United States the Irish in the South had to fit into a regional culture as well as American culture in general

Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieouui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader s guide for

easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500-1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784-1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

The Fredericksburg Campaign Gary W. Gallagher, 2000-11-09 It is well this is so terrible We should grow too fond of it said General Robert E Lee as he watched his troops repulse the Union attack at Fredericksburg on 13 December 1863 This collection of seven original essays by leading Civil War historians reinterprets the bloody Fredericksburg campaign and places it within a broader social and political context By analyzing the battle's antecedents as well as its aftermath the contributors challenge some long held assumptions about the engagement and clarify our picture of the war as a whole The book begins with revisionist assessments of the leadership of Ambrose Burnside and Robert E Lee and a portrait of the conduct and attitudes of one group of northern troops who participated in the failed assaults at Marye's Heights Subsequent essays examine how both armies reacted to the battle and how the northern and southern homefronts responded to news of the carnage at Fredericksburg A final chapter explores the impact of the battle on the residents of the Fredericksburg area and assesses changing Union attitudes about the treatment of Confederate civilians The contributors are William Marvel Alan T Nolan Carol Reardon Gary W Gallagher A Wilson Greene George C Rable and William A Blair

This Corner of Canaan Randolph B. Campbell, 2013 Randolph B. Campbell has spent the better part of the last five decades helping Texans rediscover their history producing a stream of definitive works on the social political and economic structures of the Texas past Through meticulous research and terrific prose Campbell's collective work has fundamentally remade how historians understand Texan identity and the state's southern heritage as well as our understanding of such contentious issues as slavery westward expansion and Reconstruction Campbell's pioneering work in local and county records has defined the model for grassroots research and community studies in the field More than any other scholar Campbell has shaped our modern understanding of Texas In this collection of seventeen original essays Campbell's colleagues friends and students offer a capacious examination of Texas's history ranging from the Spanish era through the 1960s War on Poverty to honor Campbell's deep influence on the field Focusing on themes and methods that Campbell pioneered the essays debate Texas identity the creation of nineteenth century Texas the legacies of the Civil War and Reconstruction and the remaking of the Lone Star State during the twentieth century Featuring some of the most well known names in the field as well as rising stars

the volume offers the latest scholarship on major issues in Texas history and the enduring influence of the most eminent Texas historian of the last half century **A Shattered Nation** Anne Sarah Rubin,2009-06 Those interested in the nature of American nationalism will find much food for thought in this accomplished discussion of the way Southerners rejected their American identities during the Civil War and developed a sense of themselves as Confederates Foreign Affairs Historians often assert that Confederate nationalism had its origins in pre Ci **Aspects of American History** Simon Henderson,2009-01-26 Aspects of American History examines major themes personalities and issues across American history using topic focused essays Each chapter focuses on key events and time periods within a broad framework looking at liberty and equality the role of government and national identity The volume engages with its central themes through a broad ranging examination of aspects of the American past including discussions of political history foreign policy presidential leadership and the construction of national memory In each essay Simon Henderson introduces fresh angles to traditional topics consolidates recent research in themed essays analyzes views of different historians offers an interpretive rather than narrative approach gives concise treatment to complex issues Including an introduction which places key themes in context this book enables readers to make comparisons and trace major thematic developments across American history

Decoding **Creation Of Confederate Nationalism Ideology And Identity In The Civil War South**: Revealing the Captivating Potential of Verbal Expression
