Reproductive uncertainty: Understanding the regulations on assisted reproductive technologies in China Tiantian Chen,2025-01-07 This book provides the first sustained account of intense debates in China over the ban on single women s access to assisted reproductive technologies ARTs Drawing on the author s fieldwork in clinics and government agencies in Beijing it mainly explains Chinese policymakers and clinicians rationale for restricting single women s use of ARTs even if they celebrate ARTs as a success of Chinese modernization strategies The main concept explored in this book is uncertainty ARTs become a source of discomfort for the Chinese government and clinics because they reveal the uncontrollability of human destiny they introduce ambiguities into genetic and legal paternity and they undermine clinical and bureaucratic authority This book uses ARTs as a lens on broader social changes in China The uncertainty of ARTs reflects the limits of Chairman Deng Xiaoping s reform It also informs that the Chinese government has reversed policies by repackaging tradition and tightening party control The book s interpretation of uncertainty challenges the linear and progressive paradigm of modernization China s development path is distinct from the sequential logic of Western modernist conceptions of history

National Union Catalog, 1980 ,1981 Catholic Theology of Marriage in the Era of HIV and AIDS Emily Reimer-Barry,2015-04-09 Marriage for Life begins by listening to the lived experiences of Catholic married HIV positive women in order to better understand their struggles The eight women interviewed in Chicago Illinois USA shared their stories of marriage of family life of church involvement and of living with HIV Their candid reflections offer a fresh and grounded perspective on the challenges of living with HIV in a US context After listening to and learning from these women s experiences Reimer Barry constructs a theology of Christian marriage that is life giving in a world with AIDS While Catholic teachings have developed and now affirm the equal dignity of women and men

troubling legacies of women's subordination remain embedded in liturgical practices and theological texts. Arguing that self care is an indispensable component of a healthy marriage, Reimer Barry constructs a life affirming theology of marriage that is sensitive to the struggles of her collaborators. She argues that marriage for life must promote the full flourishing of both partners, respect wives as equal partners with their husbands, and offer a coherent and empowering sexual ethic. Building on the wisdom of her collaborators' lived experiences, Reimer Barry examines the need for a more adequate Catholic response to HIV and AIDS, arguing that church communities should promote comprehensive sexual education, affirm both abstinence and condom use for HIV prevention, and actively work to reduce stigmatizing behaviors within church communities. She also unpacks the implications of marriage for life for Catholic liturgical practice, marriage preparation programs, sexual education programs, and family ministries. Modeling her method on what Pope Francis calls the art of accompaniment, Reimer Barry argues that Catholic theology of marriage must be renewed and updated so that all can plainly understand that marriage is for life.

*Maternal and Child Health Nursing* Adele Pillitteri, 2013-11-25 Adele Pillitteri aims to ensure that today's students have a technical understanding without losing the importance of compassion in their role as a nurse. The text presents pediatrics and maternity as a continuum of knowledge, taking a holistic approach and viewing maternity and pediatric content as a family event. The text links theory closely with application that helps students gain a deeper understanding of content and be better prepared to practice in their careers. Provided by publisher.
