A Summary of the evidence for the genuineness ... of the Holy Scriptures. Eleventh edition, revised and corrected Thomas Hartwell HORNE,1861 **Exploring the Evidence for Creation** Henry M. Morris,2012-09-01 In Exploring the Evidence for Creation Henry Morris III merges years of meticulous research alongside the latest findings of science to present powerful evidence that upholds the biblical account of the earth s beginnings In response to the growing number of Christians who attempt to wed evolutionary theories with the biblical account of creation Morris ably demonstrates the two worldviews are entirely incompatible In this survey of the evidence for creation he answers these crucial questions What does the natural world teach us about creation Can we observe evolution happening today Can we believe in a Creator and still be true to science Morris lays out evidence that is rational scientific and biblical Readers will marvel as they discover the many ways that scientific research points with stunning clarity to a Creator and Designer whose glory is very much on display in the cosmos *The Chronology of Creation, Or, Geology and Scripture Reconciled* Thomas Hutton,1850 **Discourse on the Divine Unity, or a Scriptural proof ... of the one supreme Deity of the God and Father of all, etc** William CHRISTIE (of Montrose.),1810 **Select Scriptural Proofs of the Trinity, arranged in four discourses; ... to which are annexed notes and illustrations** Richard GRAVES (Dean of Ardagh.),1819 *Berkhof's Systematic Theology Revised* Louis Berkhof,2019-09-06 Considered one of the best books on Systematic Theology ever written it covers all the basics on the reality of God the atonement of Christ and the final state of man and the last things Anyone that wishes to study theology would be wise to read this book as many in the Reformed tradition hold that this book is a landmark book in its field Now in larger print *Creation* J. F. Rutherford,2013-10 This is a new release of the original 1927 edition Systematic Theology Louis Berkhof,2024-03-14T00:00:00Z Considered one of the classics on Systematic Theology the book covers all the basics on the reality of God the atonement of Christ and the final state of man and the last things Anyone who wishes to study theology would be wise to read this book as many in the Reformed tradition hold that it is

a landmark in its field It is arguably the most important twentieth century compendium of Reformed Theology The work seemed particularly important to me writes the author in view of the widespread doctrinal indifference of the present day of the resulting superficiality and confusion in the minds of many professing Christians of the insidious errors that are zealously propagated even from the pulpits and of the alarming increase of all kinds of sects *The Creation and the Scripture* Gilbert Chichester Monell,1882 Evidence for the Bible Elgin L. Hushbeck Jr.,2007-01-31 The first volume in the Consider Christianity series discusses the evidence for the inspiration and reliability of the Bible and deals with objections Hushbeck invites dialogue on this key issue of the Christian faith Christian **The scriptural account of creation vindicated by the teaching of science; or, A new method of reconciling the Mosaic and geological records of creation** William Paul,1870 **The Balance of Scriptural Evidence on Trinitarianism and Unitarianism, with the Explanations and Arguments Usually Advanced in Support of the Two Systems** Francis KNOWLES (Theological Writer.),1835 *The Bible Record of Creation True for Every Age* P.
