Through interviews with Chinese pastors, evangelists, and lay Christians, he provides a rare view of what it means to live in the shadow of both the government and the well-known house churches. Registered churches have received criticism from both of these sources as well as from many churches in other countries, particularly the United States. Ten Harmsel examines the charges leveled against registered churches and presents a balanced picture of the complexity of the church situation in China. Such complexity arises, for instance, in the registered churches' struggle to respond to new religious regulations and the controversy over Sinicization. China has become a major center of twenty-first century Christianity, and despite how little is known about registered churches in the West, these congregations play a significant role in shaping Chinese Christianity today. *Books in Print Supplement*, 2002 **Military Chaplains' Review**, 1984 **Pamphlet, No. 1**- United States. Schneider, 1993-08 An analytic overview of the history of social welfare and juvenile justice in Boston. Schneider traces cogently the origins, development, and ultimate failure of Protestant and Catholic reformers' efforts to ameliorate working-class poverty and juvenile delinquency. Choice.
