The Story of Drawing Susan Owens, 2024-09-10 Drawing is at the heart of human creativity The most democratic form of art making it requires nothing more than a plain surface and a stub of pencil a piece of chalk or an inky brush Our prehistoric ancestors drew with natural pigments on the walls of caves and every subsequent culture has practised drawing whether on papyrus parchment or paper Artists throughout history have used drawing as part of the creative process While painting and sculpture have been shaped heavily by money and influence drawing has always offered extraordinary creative latitude Here we see the artist at his or her most unguarded Susan Owens offers a glimpse over artists shoulders from Michelangelo Rembrandt and Hokusai to Van Gogh K

the Kollwitz and Yayoi Kusama as they work think and innovate as they scrutinise the world around them or escape into their imaginations The Story of Drawing loops around the established history of art sometimes staying close at other times diving into exhilarating and altogether less familiar territory Studies in Italian Art Andrew Ladis, 2001-12-31 Andrew Ladis is Franklin Professor of Art History at the University of Georgia Over the course of the last twenty years he has written extensively on Italian art In addition to books on Taddeo Gaddi and on the Brancacci Chapel he has made notable contributions to the study of early Italian painting and sculpture with essays on such figures as Giovanni Pisano Giotto Jacopo del Casentino Ambrogio Lorenzetti and Niccolo di Tommaso But the range of his interests made apparent by this collection extends far beyond fourteenth century Florence and Siena to encompass Tuscan painting of the fifteenth century Renaissance maiolica the writings of Giorgio Vasari biography and modern historiography Further the assembled essays and book reviews embrace a wide array of art historical problems such as connoisseurship patronage workshop procedure and the relationship between form and meaning Of particular note is a major interpretive essay on one of the key monuments of the Renaissance the mural decoration of the Brancacci Chapel painted by Masaccio Masolino and Filippino Lippi Appearing here in revised form this study is newly accompanied by a copious number of illustrations including some never before published *Creative Copies* Egbert Haverkamp Begemann, Carolyn Logan, 1988
