Almost A Lifetime:

Almost Dysfunctional Larry Hubbell, 2002-02 Walter Stanley a middle aged mildly obsessive and slightly above average American political science professor thinks he may have made a mistake Why did he choose Russia as the site for his sabbatical He s tired of the drunken camaraderie he finds the crowded buses a Hobbesian world writ small and he frequently becomes irate stepping in dog feces in the halls of his apartment Away from his wife and family he meets Lientjies Steenkamp a beautiful young South African Communist who he becomes infatuated with upon their first meeting Can a slightly burned out tenured college professor find happiness in a dreary society with a woman fifteen years his junior **The**

Man in the Wooden Hat Jane Gardam, 2009-10-27 Second in the Old Filth trilogy An astute subtle depiction of marriage absolutely wonderful The Washington Post Acclaimed as Jane Gardam s masterpiece Old Filth is a lyrical novel that recalls the fully lived life of Sir Edward Feathers The Man in the Wooden Hat is the history of his marriage told from the perspective of his wife Betty a character as vivid and enchanting as Filth himself They met in Hong Kong after the war Betty had spent the duration in a Japanese internment camp Filth was already a successful barrister handsome fast becoming rich in need of a wife but unaccustomed to romance A perfect English couple of the late 1940s As a portrait of a marriage with all the bittersweet secrets and surprising fulfillment of the fifty year union of two remarkable people The Man in the Wooden Hat is a triumph Fiction of a very high order from a great novelist working at the pinnacle of her considerable power it will be read and loved and recommended by all the many thousands of readers who found its predecessor Old Filth so compelling and thoroughly satisfying Funny and affecting It s remarkable The New York Times Book Review The latest occasion to celebrate Gardam a superb novel Maureen Corrigan NPR Told with quintessentially British humor Gardam s prose is witty and precise Publishers Weekly starred review It s magnificent Funny intelligent and immensely moving Kirkus Reviews [African](#)

[Traditional Religion versus Christianity](#) Dmitry Usenco, 2020-06-02 Breaking away from the centuries long theological tradition Dmitry Usenco offers a radically new semiotic reading of spirituality proceeding on his original theory of the initial cultural unity that embraces language technology and religion African Traditional Religion comes into focus as a valid alternative and in the long run an equal partner to Christianity in the creation of a modern pluralistic society While the author s concepts and conclusions may seem controversial to some none of the readers can discard them as irrelevant Africa s future will in many respects depend on her ability to preserve her cultural heritage in which religion plays a crucial part

A Precariat Charter Guy Standing, 2014-04-10 Guy Standing s immensely influential 2011 book introduced the Precariat as an emerging mass class characterized by inequality and insecurity Standing outlined the increasingly global nature of the Precariat as a social phenomenon especially in the light of the social unrest characterized by the Occupy movements He outlined the political risks they might pose and at what might be done to diminish inequality and allow such workers to find a more stable labour identity His concept and his conclusions have been widely taken up by thinkers from Noam Chomsky to

Zygmunt Bauman by political activists and by policy makers This new book takes the debate a stage further looking in more detail at the kind of progressive politics that might form the vision of a Good Society in which such inequality and the instability it produces is reduced A Precariat Charter discusses how rights political civil social and economic have been denied to the Precariat and argues for the importance of redefining our social contract around notions of associational freedom agency and the commons Second Supplemental Appropriations for Fiscal Year 1974 United States. Pitenis,2004-05-25 The Rubber Band Wars by Angela A Pitenis There is a more complex society in middle school than one would ever believe This story delves into the experiences of elementary school students from kindergarten to grade 8 The Rubber Band Wars is targeted for ages 10 11 and 12 but appeals to all The characters have been developed to reflect the various personalities found at school There are six main characters that walk the readers through one month near the end of a school year The book opens up with an accusation as the opening line to the introduction states Korter started it Conflicts develop right from that moment as the reader is puzzled as to what sort of events had taken place Meeker the antagonist starts the conflict as he relentlessly pesters Korter the main character and the conflict escalates from here Tension develops between these two and the story deals with how Meeker and Korter recruit students to support their side trying to prove the more support for either Meeker or Korter represents a win Korter thought that by recruiting more people to support his efforts Meeker would leave him alone As tensions mounted Meeker and Korter found a harmless method of annoying each other s team members The choice of tools used to provoke each other was rubber bands hence the title of this fast paced story The Rubber Band Wars As the story unfolds these characters create clubhouses to hold secret meetings during recess safe from any spies sent from the other side As the conflict progresses well into the story there arises more twists in the story as the members in Korter s elite group separate and new members join and Meeker has his own share of troubles when the only information of Korter s next move is drenched in lemon juice and is nothing more than heaps of pulp on the floor To make the story even more interesting Korter despises substitute teachers and everyone knows it and he will do anything to keep them away from his class including his most famous pranks As the month comes to a close the conflict starts to resolve itself Teachers finally get involved and resolutions begin to diffuse the conflict The story doesn t leave the reader hanging on to last words however The story offers how the characters end up in their lives and what they become as adults and it proves that just because someone seems to be a particular type of person at the moment it doesn t necessarily mean that is the way that person will be their entire life This is a highly recommended story for young adults who have the same sense of adventure as the characters in this book Angela Pitenis gives us an astoundingly original story that will change nearly everything you ever thought about middle school with a timeless tale appealing to all young readers this is a book that

readers of children s fiction will treasure It is a story that one can read over and over again Viruses: More Friends Than Foes (Revised Edition) Karin Moelling,2020-08-26 Coronavirus AIDS and Ebola Viruses are normally defined as pathogens Most viruses are however not enemies or killers Well known virologist and cancer researcher Karin Moelling describes surprising insights about a completely new and unexpected world of viruses Viruses are ubiquitous in the oceans our environment in animals plants bacteria in our body even in our genomes They influence our weather can contribute to control obesity and can surprisingly be applied against threatening multi resistant bacteria The success story of the viruses started more than 3 5 billion years ago in the dawn of life when even cells did not exist They are the superpower of life There are more viruses on earth than stars in the sky Viruses are everywhere Some of them are incredibly ancient Many viruses are hundredfold smaller than bacteria but others are tenfold bigger and they were discovered only recently the giant viruses even deep within the permafrost where they were reactivated after 30 000 years The author talks about a completely new world of viruses which are based on the most recent in part her own research results Could viruses have been our oldest ancestors Have viruses even invented social behavior do they lead to geniuses such as Mozart or Einstein or alternatively to cancer They can help to cure cancer In this book the author made a clear distinction between what is fact and what is her vision This book is written for a general audience and not just for the experts Its aim is to stimulate thinking and perhaps to attract more young scientists to enter this field of research This revised edition is brought up to date by a new chapter on the SARS CoV 2 pandemic Related Link s Bidwell's Travels Austin Bidwell,1897
