## **Along Wits Trail The Humor And Wisdom Of Ronald Reagan:**

**Along Wit's Trail** Ronald Reagan, L. William Troxler, 1983 *Reagan and Public Discourse in America* Michael Weiler, W. Barnett Pearce, 2006-08-27 A critical assessment of the impact of the administration of President Ronald Reagan on public discourse in the United States The authors show that more than any president since John F Kennedy Reagan's influence flowed from his rhetorical practices And he is remembered as having reversed certain trends and cast the U S on a new course The contributors to this insightful collection of essays show that Reagan's rhetorical tactics were matters of primary concern to his administration's chief political strategists Along Wit's Trail Ronald Reagan, 1984 **Humor** Library of Congress. National Library Service for the Blind and Physically Handicapped, 1987 The A to Z of the Reagan-Bush Era Richard S. Conley, 2009-09-28 The 1980s and early 1990s were remarkable for the triumph of conservatism in the United States and its closest allies The victories of Presidents Ronald Reagan and George H W Bush in the United States were complemented by the electoral successes of Margaret Thatcher in the United Kingdom and Brian Mulroney in Canada The relationship between Reagan and Bush and their conservative counterparts was particularly important in providing a united front on foreign policy whether the target was the Soviet Union Communist insurgencies in Africa or Latin America or Iraqi dictator Saddam Hussein The Reagan Bush era witnessed some of the most dramatic events of the latter half of the 20th century the collapse of the Soviet Union a presidential assassination attempt political scandal a stock market crash military invasions and the explosion of the space shuttle Challenger The A to Z of the Reagan Bush Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on important persons events institutions policies and issues **American Humor** Arthur Power Dudden, 1987-04-30 The paramount question answered in this absorbing collection of essays is What's so funny about American humor and why What are American humor's characteristics How have they evolved and displayed themselves Which characteristics are distinctively or even uniquely American Originally appearing as an issue of the American Quarterly these essays take a close look at American humor from revolutionary times to the present day and particularly focus on the neglected trends of the past fifty years Looking at American comic figures as diverse and even surprising as Mark Twain and Richard Nixon at various vehicles for American humor such as comic strips radio and television movies and standup comedians and at different genres of humor including political ethnic and feminist humor this book brings a lively new perspective to the study of American culture

**Bibliographic Guide to North American History**, 1984 Comic Media-style in the U.S. Political Campaigns Phillip Anthony Voight, 1996 Historical Dictionary of the Reagan-Bush Era Richard S. Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed

Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett's classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of *Historical Dictionary of the Reagan Bush Era* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era **Hatred of America's Presidents** Lori Cox Han, 2018-06-15 This work examines expressions of personal hostility and animosity toward presidents even beloved ones throughout American history and their impact on policymaking politics and culture People involved or simply interested in politics often ask whether today's political environment is more toxic than ever before *Hatred of America's Presidents: Personal Attacks on the White House from Washington to Trump* presents an impartial and authoritative history of invective toward the White House so readers can determine the answer for themselves The book focuses on the most representative and commonplace attacks of a vitriolic and personal nature detailing who instigated and trafficked in the attacks and how presidents administrations and political parties defended themselves It also illustrates how honest disagreements about policy such as FDR's New Deal Ronald Reagan's Central America policies George W Bush's invasion of Iraq and Barack Obama's Affordable Care Act fueled expressions of hatred and condemnation Finally the book includes perspectives from both the right and the left on the legitimacy of these attacks and the victims defenses as well as their impact on American politics and policy **Talking Books Adult** Library of Congress. National Library Service for the Blind and Physically Handicapped, 1984 **Presidential Temperament** Ray Choiniere, David Keirse, 1992 Twenty of the American Presidents were Guardians fourteen were Artisans eight were Rationalists and none were Idealists Half of them did what was sanctioned by law the rest did what would get the job done with or without legal authority Their inborn temperament and acquired methods for getting results pre determined their results before during and after their presidency The authors say temperament dominates circumstances in determining presidential behaviour in war and peace in prosperity and depression in domestic and foreign politics *Presidents of the United States--their Written Measure* James Saylor, 1996 **Political Partisanship, Ideological Identification and Rhetorical Community** Roxann Louise Knutson, 1988 *Talking Book Topics*, 1985 **Obama Unmasked** Floyd Brown, Lee Troxler, 2008 Meet Obama's Biggest Nightmare The book that rips the mask off the man that hides behind sound bites and Hollywood spin If you want to get to know the real Obama read this book Celebrity Politics Darrell M. West, John M. Orman, 2003 This book looks at the history and contemporary role of celebrities in American politics and the long term implications of this trend It examines the intersection of prominent families such as the Kennedys Bushes and Clintons with entertainment figures like Charlton Heston now head of the National Rifle Association Since this book examines celebrity politics in historical context as well as in the contemporary

situation it can be used as a supplementary reading in introduction to American Politics courses as well as classes on mass media campaigns and elections Congress the presidency parties interest groups and popular culture Pref     *Humor Scholarship* Don Lee Fred Nilsen,1993-02-22 The serious study of humor has burgeoned in the last two decades spawning a wealth of publications touching upon an array of topics crossing national cultural and disciplinary lines This research bibliography captures the vibrancy and significance of the field of humor studies while documenting its output Organized into ten broad chapters reflecting types of humor and topics of humor research it provides extensive bibliographies on forty five fields of humor study each introduced by an essay outlining trends and pointing to major findings An appendix of humor research institutes journals scholars and academic programs as well as a subject and author index to the thousands of sources complete the volume Intended largely for library use by scholars and students in humor studies the volume s topical essays are valuable for text use in related courses the work s extensive bibliographies will foster research in diverse fields with a focus on humor     *American Bookseller* ,1983     *Humor in the White House* Arthur A. Sloane,2001-03-23 I heard one presidential candidate say that what this country needed was a president for the 90s Ronald Reagan once said I was set to run again I thought he said a president in his 90s Abraham Lincoln in one instance was able to put a serious injury in a humorous light in response to a young woman s question about where a soldier was wounded Lincoln replied Ma am the bullet that wounded him would not have wounded you Presidents often bring a sense of humor to the White House with them allowing the American public to catch a glimpse of their not so serious sides This book examines how five of the nation s funniest chief executives Abraham Lincoln Calvin Coolidge Franklin D Roosevelt John F Kennedy and Ronald Reagan used wit and humor to their advantage during their terms as president and how their management of the Executive Branch was thereby enhanced As a bonus the effective use of humor by several unsuccessful presidential candidates is surveyed
