Jesus—The Portrait and Inscription of God George Paki, If we want to understand what God was telling John about the future we need to first understand what John understood Professor Jon Paulien Loma Linda University USA In Jesus The Portrait and Inscription of God the author pours his years of research into addressing the issue that Jon Paulien highlights Paki builds an intriguing case for a dual focused method of interpreting Revelation He uses this method to show i that Revelation was written primarily to John and his initial audience ii that the same prophecies also speak to us with clarity and force iii Then he wonders if God intentionally used the same material to speak to an audience then and now When this method is applied to Revelation 1 3 the text does come alive Deep theological truths and nuggets extracted are way too many

to recount in a single book In fact this fresh approach minimizes most of our interpretive issues and enhances our understanding and appreciation of the apocalyptic Christ Some of our leading scholars agree It is well written well laid out and has good solid biblical insights Good solid evidence for Revelation s high Christology Dr Kayle de Waal Avondale College Australia I found it thoughtful helpful and interesting to read The style of presentation is also very attractive Professor Jon Paulien Loma Linda University USA You have clearly shown the relationship between Revelation 1 3 with the rest of Revelation Dr Ross Cole Avondale College Australia The method used its interpretations and the theological insights are corroborated by other Johannine books the New Testament the Old Testament and the Spirit of Prophecy This volume will enhance the libraries of academics and laypeople alike *Dictionary of Biblical Prophecy and End Times* J. Torbert,2012-12-06 John F Kerry United States Senator If we are to reinvigorate and reinforce civic participation in this country at a time when our society is increasingly fragmented and highly technologically based we must find a way to unite distinct communities such as universities regional and non profit organizations and families We must find ways to link academicians students teachers and professionals with the reality of events and circumstances so that theories and ideas mightily pursued within the ivory tower are connected to social reality and useful As the editors and contributors in this volume point out the way to bridge theory practice divide is not merely to interpret and report on circumstances of the real world but rather to deconstruct the separate and distinct communities that exist within our society and actively engage other communities to realize a continuum of mutual understanding collaboration and action It is crucial to include our nation s public schools in this new approach of social inquiry and social action Improving and creating educational opportunity for all children in the United States has been an ongoing critical federal issue We know that when children achieve in school they

have a much greater chance of living healthy productive adult lives that will benefit themselves and society and we know that increasing the base of stakeholders in children s education yields those positive results

Divine Frustrations Jason L. Moore,2023-11-21 The Bible encourages believers to love God with all their hearts Interestingly enough there is no command to like God Is the admonition to like God conspicuously absent due to its inherent difficulty If we are honest we can safely affirm that there are unlikable realities about our world that critics allege reflect poorly on the perceived nature of God However there is a lack of awareness regarding alternative ways to understand such realities Divine Frustrations is an attempt to bridge that gap by providing a balanced engaging approach to revisiting the unpleasant aspects of God s dealings with humanity Drawing on decades of interactions with students atheists critics inmates and church members as well as people from all walks of life Moore offers reflections on both sides of the most common complaints leveled against God Whether you are a believer or a skeptic your approach to various topics will be challenged If you are open to considering alternatives to what you believe as well as new insights into your own views read on
