

Es war einmal ein kleines süßes Mädchen, das hatte jedermann lieb, der sie nur ansah, am allerliebsten aber ihre Großmutter, die wußte gar nicht, was sie alles dem Kinde geben sollte. Einmal schenkte sie ihm ein Käppchen von rotem Samt, und weil ihm das so wohl stand, und es nichts anders mehr tragen wollte, hieß es nur das Rotkäppchen. Eines Tages sprach seine Mutter zu ihm: "Komm, Rotkäppchen, da hast du ein Stück Kuchen und eine Flasche Wein, bring das der Großmutter hinaus; sie ist krank und schwach und wird sich daran laben. Mach dich auf, bevor es heiß wird, und wenn du hinauskommst, so geh hübsch sittsam und lauf nicht vom Wege ab, sonst fällst du und zerbrichst das Glas, und die Großmutter hat nichts. Und wenn du in ihre Stube kommst, so vergiß nicht guten Morgen zu sagen und guck nicht erst in allen Ecken herum!"

The Roman Empire Divided John Moorhead, 2013-11-26 In 400 the mighty Roman Empire was almost as large as it had ever been within three centuries advances by Germanic peoples in western Europe Slavs in eastern Europe and Arabs around the eastern and southern shores of the Mediterranean had brought about the loss of most of its territory Ranging from Britain to Mesopotamia this book explores the changes that resulted from these movements It shows the different paths away from the classical past that were taken and how the relatively unified civilization of the ancient Mediterranean gave place to the very different civilizations that cluster around the sea today This comprehensive and authoritative second edition has been thoroughly revised and updated line by line and contains several new sections dealing for instance with the new evidence provided by recent finds like the Staffordshire Treasure and the widespread effects of the plague As well as a completely new bibliographical essay The Roman Empire Divided now also includes six maps and an expanded selection of illustrations fully integrated in the text

Anger's Past Barbara H. Rosenwein, 2018-10-18 Books have rarely been written about the history of any emotion except love and shame and this volume is the very first on the meaning of anger in the Middle Ages Well aware of modern theories about the nature of anger the authors consider the role of anger in the social lives and conceptual universes of a varied and significant cross section of medieval people monks saints kings lords and peasants They are careful to distinguish between texts the sources on which historians must rely and the reality behind the texts They are sensitive as well to the differences between ideals and normative behavior The first eight essays in the volume focus on anger in the Latin West while the last two turn to the fringes

of Europe the Celtic and Islamic worlds for purposes of comparison Barbara H Rosenwein concludes the volume with an essay on modern conceptions of anger and their implications for understanding its role in the Middle Ages The essays reveal much that is new about medieval rituals of honor and status and illuminate the rationales behind such seemingly irrational practices as cursing feuding and the punishment of blinding

Writing Sin in the German Lands, 1050-1215 Sarah Bowden, 2025-04-11 Writing Sin in the German Lands 1050 1215 is about how sin and atonement function as an impetus for textual production and formal linguistic and intellectual creativity It focuses on the late eleventh and twelfth centuries a time in which various social and cultural conditions came together to provoke both an interest in sin and an opportunity for writing experimentally about it and its area of enquiry is the German speaking world Working with a remarkably rich body of German language texts this book allows us not only to grasp with greater clarity aspects of medieval penitential thought and practice but it also offers new ways of thinking about the development of German as a literary language The book joins bodies of work on the history of penance and on devotional writing in the European vernaculars and through the interconnection of these two fields of study it offers a new perspective on questions that currently occupy scholars of the Middle Ages the medieval conception of the self in relation to other and to God the value and function of vernacular writing the nature of textuality and the relationship between writing speech material text and performance In five chapters that deal with a wide range of texts many of which have had little scholarly attention this volume shows that the long twelfth century was not only a period in which there was a particular interest in exploring aspects of the theology and practice of penance but also significantly a time in which a fundamental connection can be seen between thinking about sin and creative literary production
