"ALTERNATE DISPUTE RESOLUTION IN INDIA AND WORKING OF ADR INSTITUTIONS IN HYDERABAD " N. Jaswanth Rao, 2023-10-26 Law cannot change times but times may change the law Prudence provides that change is law of life Our ancient glory of being the repository of all knowledge mundane and spiritual and the potency of traditional piety enlightened legal acumen for justice resolution as a beacon light for global illumination all faded into dark layers of history partly due to our infatuation for imaginary intellect inadvertence to our ancestral science and astronomy and inefficiency of our intelligence Our tremendous expositions of Dharma in the form of commentaries of sanctified sages and enlightened writers epical ebullience science of Tarka and Mimamsa have been buried seven fathoms deep making them unknown unwept and unsung Justice dispensation by resolving the disputes and differences not settling with the disputes had been a natural characteristic of our ancestors village panchayat as the temple of justice reflecting the aroma of equity justice and good conscience Even the toughest problems were drowned in the cogency of common good disputes dispelled and differences dried up sustaining the buoyancy of cordial human relations and fraternal faith The invincible Indian erudition equity and empathy are eclipsed by the invasive culture of western and foreign maniacs The simple inexpensive and expedient justice dispensation of Indian society is engulfed by high sounding but low yielding and expensive English court system

Judging State-Sponsored Violence, Imagining Political Change Bronwyn Leebaw, 2011-04-18 How should state sponsored atrocities be judged and remembered This controversial question animates contemporary debates on transitional justice and reconciliation This book reconsiders the legacies of two institutions that transformed the theory and practice of transitional justice Whereas the Nuremberg Trials exemplified the promise of legalism and international criminal justice South Africa s Truth and Reconciliation Commission promoted restorative justice and truth commissions Leebaw argues that the two frameworks share a common problem both rely on criminal justice strategies to investigate experiences of individual victims and perpetrators which undermines their critical role as responses to systematic atrocities Drawing on the work of influential transitional justice institutions and thinkers such as Judith Shklar Hannah Arendt Jos Zalaquett and Desmond Tutu Leebaw offers a new approach to thinking about the critical role of transitional justice one that emphasizes the importance of political judgment and investigations that examine complicity in and resistance to systematic atrocities

control one that promises to reanimate debate and initiate real change He explores the cultural and religious roots of the current punitive system in search of new perspectives that can help create a more just and effective one In the ancient Hebrew notion of *tsedeka* justice or righteousness Bianchi finds the inspiration for a new model of crime control based on conflict resolution rather than punishment Because so many feel alienated from the criminal justice system he argues for new procedures that will enable people to experience law as supportive of their lives and their social interactions To complement the current punitive system Bianchi proposes a system that provides victims and offenders a chance to resolve their conflicts and offers them the opportunity to reach non punitive systems By incorporating the concept of liability Bianchi s model returns to offenders the responsibility for their acts while providing an active legal role for the victims of crime It adapts structures and models from civil and labor law for conflict resolution of nonviolent crimes and in the case of violent crimes and in the case of violent crimes proposes the creation of special sanctuaries that would protect the public while making it possible to effect true justice Startling in its implications Bianchi s system is not a utopian dream but a carefully considered set of proposals that could be acted upon today

Sourcebook, Federal Agency Use of Alternative Means of Dispute Resolution Marguerite S. Millhauser, 1987

Alternative Dispute Resolution in Civil Justice Systems Roger E. Hartley, 2002 Hartley examines the introduction of alternative dispute resolution e g mediation in a court system in Georgia Attorneys supported the introduction of mediation to consolidate control of the legal process and to add it to their practices They also used mediation to settle some cases more quickly Mediation gave judges flexibility to weed out minor cases and process others more quickly However these changes were not so great as to put a dent in settlement or trial rates and Hartley concludes that while changes in court procedures have effects researchers need to examine the behavior of actors in depth in order to discover these effects
