Ted Grant Writings: Volume One - Trotskyism and the Second World War (1938-1942) Ted Grant, This is the first volume of Ted Grant s Writings It covers the period from 1938 to 1942 when he was involved in building up the forces of Trotskyism in Britain During the early years of the Second World War Ted became editor of the Socialist Appeal and political secretary of the Workers International League In this role Ted emerged as the principal theoretician of the British Trotskyist movement His participation in the revolutionary movement was to span a period from 1928 when he was introduced to Marxism through to his death in 2006 For all those who knew him he was a truly remarkable and inspiring figure The articles and documents contained in this first volume of his Writings coincided with the emergence of the WIL as one of the most successful Trotskyist groups in the world This present volume covers a decisive time in history It was the most testing time for British and world Trotskyism As Hitler occupied Europe the WIL was alone on the continent in applying the proletarian military policy that had been outlined by Trotsky This it managed to do in the most successful fashion allowing the WIL to establish an important proletarian base We publish here only the articles that were either signed by Ted or that he drafted in his role as the WIL s political secretary He would have certainly written the vast bulk of the editorials of Socialist Appeal but these have not been included These writings constitute an essential and rich part of the theoretical heritage of Marxism which can serve to educate the new generation of workers and youth who are entering into political activity at this time of deep capitalist crisis

Local Government in Occupied Europe (1939-1945) Bruno de Wever, Herman Van Goethem, Nico Wouters, 2006 Through a collection of case studies this volume aims to address the question how the German occupier during World Ward II organized its collaboration with local and regional authorities

political decision making with no combatant or personal perspective this book makes much use of many previously unpublished contemporary writings and eyewitness accounts of the people involved in the Norwegian campaign 32 black and white photographs **Document on German Foreign Policy, 1918-1945** United States Department of State,1954
