Gulzar, 2023-10-30 In *Triveni* are birds perched on branches moonstruck musings a house of straws walking roses and unbridled desires of the heart The poems are inhabited by lost lovers unreturned books and bloodsucking rumours A poetic form unique to Gulzar *Triveni* is a confluence of three of India's majestic rivers the golden hued Ganges the deep green Yamuna and a third the mythical one that lies beneath the former two the Saraswati A form Gulzar began experimenting with in the 1960s *Triveni* comes close to several classical Japanese forms of poetry such as the Haiku Senryu and Tanka The closest Indian forms to *Triveni* are the doha and shayari In this stunning translation by Neha R Krishna *Triveni* have been transcreated as tanka and are ladled with musicality breaking away from the charm of rhyme and metre This collection too is a confluence or sangam of forms and nothing short of a gift from one of India's most beloved poets **Unspeakable Acts**

Evocare: A Collection of Tanka Ayo Gutierrez, Eileen R. Tabios, Brian Cain Aene, Tanka which translates to short song is the lyrical five line poem that has historically served as the basic form of Japanese poetry Despite its shifts in style over the centuries tanka has remained a poem that captures the nuances of human experience by exploring the simultaneous simplicity and complexity found in nature relationships and situations *Evocare* offers tankas of love and lust solitude and togetherness the familiar and the unfamiliar hope and heartbreak strength and weakness among other themes The authors leave room for readers to draw their own connections to the poems Upon reading *Evocare* I admired its sense of fluidity within structure and depth in meaning within such simple compressed form Each tanka offers spiritual nourishment through practical teachings that are embedded in the lines Some of what you will find in these pages are teachings that help us to cultivate a conscious awareness and acceptance of contrast Nature is balance Between birth and death of all Demand and supply Too much birth brings extinction Too much death makes life grow strong Gutierrez Ayo Gutierrez asserts that a balance is possible between contrasting realities By using juxtaposition she explores these notions of contrast and balance in other tankas as well In one poem she tells of the powerful policeman who was once skinny and presumably powerless In another she highlights the difference between elevating above ground level and being on ground Gutierrez teaches us to be aware of balance changes that time can bring dichotomies and contrasting forces as we navigate through the complexities of life and living There is as well much in these pages that helps us to bridge the past and the present If only bullets Could create peace not make wars A schoolchild once hoped This fantasy pays homage To the students as they march Tabios Here

Eileen R Tabios uses tanka to allude to a 2018 United States gun violence protest Likewise she uses tanka to refer to the Marvel universe Tabios illustrates that modernity and tradition can interweave and hold hands Her innovative approach to tanka is present in both content and style In particular Tabios introduces readers to her experimental tankas including the ducktail tanka and the hay na ku Her inventive tankas corroborate the fluidity of poetry while maintaining structure These dualities between fluidity and structure and past and present show that a deep connection between contrasting forces can generate new meaning development and understandings In addition the book reveals that we can find a wealth of lessons from experiences that have challenged our values or hurt us Portrait 72 When things break apart Think back how He broke bread in Pieces to feed men Sometimes it takes broken heart To feed souls with great lessons Aene Brian Cain Aene reminds us that pain can be transformed into power Similar to Gutierrez and Tabios Aene forges a connection between contrasting forces namely the negative and the positive Moreover Aene s tankas provide a sensory experience for readers engaging the senses with insightful portraits about complex subjects that cannot be easily defined such as home love and lust An underlying theme in this collection of tankas is the power of connection The following tankas overall manifest a connectedness between things that are unseen but authentic our feelings and evocations with the observable world in which we live The tankas in Evocare connected me back to my own beginnings as a poet I was reminded of the loneliness and despair I felt as a teenager who was bullied and my reliance on poetry as a source of comfort I used poetry as a means to understand my feelings and to transform all negative energy into strong connective energy weaving together words symbols feelings and rhythms that empowered me Poetry projects power and can touch the soul in myriad ways I hope that the authors humble efforts in this book present you with profound mantras for living inject you with a renewed passion for life and living and instill within you a sense of connection to something that evokes feelings of comfort and empowerment Arianne L Calingo **Today's Japan; Orient/West** ,1959 Frogpond ,1989 Encounter with Zen Lucien Stryk,1981
