Sailing and Social Class Alan O'Connor, 2024-04-23 This book explores the sociology of sailing and yachting Drawing on original research and employing a theoretical framework based on the work of Pierre Bourdieu the book argues that sailing is still an upper middle class activity that has much to tell us about the wider sociology of leisure and sport The book examines the historical foundations of blue water sailing as established by naval and colonial shipping to trace the roots of contemporary sailing and yachting culture It also examines archives of sailing narratives and cruising guides as well as the children's books of Arthur Ransome arguing that this archival material offers a social rather than a psychological interpretation of the bodily investment in sailing The book uses Bourdieu's concepts of *illusio* an investment of time emotion and body into a worthwhile activity and *habitus* or *lifeworld* alongside contemporary data sets to examine the yacht club as a social institution including why many boats never go out on the water the relationship between yacht clubs and the state and social issues as manifested in yacht clubs such as sexism racism and homophobia Offering a vigorous sociological critique of yachting and sailing this book is fascinating reading for anybody with an interest in the sociology of leisure and sport subcultures social theory or social issues in wider society

Emperor of Japan Donald Keene, 2005-06-14 The renowned Japanese scholar brings us as close to the inner life of the Meiji emperor as we are ever likely to get The New York Times Book Review When Emperor Meiji began his rule in 1867 Japan was a splintered empire dominated by the shogun and the daimyos cut off from the outside world staunchly antiforeign and committed to the traditions of the past Before long the shogun surrendered to the emperor a new constitution was adopted and Japan emerged as a modern industrialized state Despite the length of his reign little has been written about the strangely obscured figure of Meiji himself the first emperor ever to meet a European But now Donald Keene sifts the available evidence to present a rich portrait not only of Meiji but also of rapid and sometimes violent change during this pivotal period in Japan's history In this vivid and engrossing biography we move with the emperor through his early traditional education join in the formal processions that acquainted the young emperor with his country and its people observe his behavior in court his marriage and his relationships with various consorts and follow his maturation into a Confucian sovereign dedicated to simplicity frugality and hard work Later during Japan's wars with China and Russia we witness Meiji's struggle to reconcile his personal commitment to peace and his nation's increasingly militarized experience of

Ilan Troen, Benjamin Pinkus, 2020-04-06 Upheavals of the modern period have dramatically changed the traditional pattern of the rescue of Jews by Jews Whereas until the mid nineteenth century rescue was carried out by community leaders in accordance with the religiously rooted injunction for the redemption of captives in the modern period largely secular international Jewish organizations and the State of Israel have emerged as the primary instruments of expressing Jewish national solidarity The campaigns to restore the exodus from the Soviet Union and to rescue Ethiopian Jews through Operation Moses are the most recent expressions of the imperative to save threatened Jewish communities and reconstitute them elsewhere The dynamics and achievements of organized rescue in the modern period are critically assessed in this volume which includes 18 interpretive essays and case studies by leading European American and Israeli scholars Organizing Rescue is divided into four sections The introductory essays examine the roots of Jewish solidarity in Jewish law and trace the transformation of rescue activity from a religious to a largely secular undertaking The three sections that follow group selected case studies chronologically Part I from the Damascus Affair to the First World War 1840 1914 deals with new patterns of response to the persecution of Jews in Europe Asia and Africa under the impact of emancipation nationalism and antisemitism Part II World Wars and the Shadow of the Holocaust 1914 1948 deals with the transitional period that brought hope and bitter disillusion to Jews in Europe and the Middle East Part III The Contemporary Period 1948 to the present examines the different manifestations of Jewish national solidarity that developed in response to the Holocaust and the creation of the State of Israel These studies illuminate and evaluate the efforts of Jews to defend and preserve communities separated by vast distances
