Allies Of Humanity:

The Allies of Humanity Book Two Marshall Vian Summers, 2013-09-28 This second set of Briefings from The Allies of Humanity completes a crucial message regarding our vulnerability and potential within the Greater Community the larger physical universe in which we live Communicated by a small group of extraterrestrial observers the Briefings reveal the true nature and purpose of an extraterrestrial Intervention that has been underway in our world for quite some time This group of observers represents the Allies of Humanity an association of free races in the universe who support the preservation of Knowledge and freedom throughout the Greater Community The Allies distinguish themselves from the intervening forces that are here by maintaining their distance and not engaging directly with us Instead they offer us their wisdom about the realities of life in the universe and a warning about the dangers and consequences of premature human ET contact The arrival of The Allies Briefings was the result of a rare convergence of three powerful forces the extraterrestrial the Divine and the human It was these essential forces that joined to enable The Allies Briefings to be delivered in a form and in a language that can be understood by everyday people In this one book each of these voices is represented the extraterrestrial in the Allies Briefings the Divine in the Teachers Commentaries and the human in the Message from Marshall Vian Summers It was in December 2000 that Marshall received the entire six briefings of The Allies of Humanity Book Two Human Unity Freedom and the Hidden Reality of Contact within 24 hours The Briefings were delivered very quickly for a reason The Allies threatened with being discovered by the Intervention had to give their second set of Briefings to Marshall as quickly as possible before escaping to a distant location far from our Solar System The Allies describe this situation in their Preface to the Second Set of Briefings which is included in this volume Since that time Marshall along with the support of a growing number of courageous people has endeavored to study and to bring The Allies of Humanity Briefings and message to the attention of as many people as possible This ongoing work represents a vital mission and relies upon the contributions of readers everywhere in order to continue Whether or not any further Briefings will be sent here by the Allies is as yet uncertain But what is certain is that the information contained in these two sets of Briefings provides the missing pieces to our understanding of the extraterrestrial presence in the world today and what we must do to begin to prepare The Allies emphasize that these Briefings provide us everything that we need to know to begin this preparation with a clear understanding of our situation We cannot afford to make the same mistakes that so many native peoples have made throughout the course of our own human history regarding their first encounters with explorers from the outside We at New Knowledge Library are proud to be able to present what may prove to be one of the most important documents ever published for the advancement well being and future of humanity We recognize that some people may reject this information out of hand because of its possible association with channeled ET messages However given the high degree of his personal integrity and the extraordinary quality and relevance of his writings Marshall s work stands apart Truly the revelations that

have come to us through his work may ultimately prove to be as significant as other Divinely inspired messages in the past that have impacted the course of human history We encourage you the reader to seriously explore the crucial message presented in all of these Briefings in both Book One and Book Two and to share this message with others These Briefings represent a unique and greatly needed communication to all the people of our world at this critical turning point New Knowledge Library

The Allies of Humanity Book Four Marshall Vian Summers,2019-09-15 The Allies of Humanity are a group of individuals from several different worlds who came to the vicinity of the Earth to observe the alien Intervention that is occurring in our world and to report on the activities of this Intervention and its implications for the human race The Allies of Humanity Briefings reveal the reality of Contact occurring in the world today This fourth set of Briefings focuses on freedom in the universe how it is achieved and maintained and the restraint humanity must exercise in order to become a free race in the universe The Allies also reveal a spiritual coordination which supports spiritual development awareness unity and freedom in the universe The Allies Briefings emphasize that we can understand the reality of Intervention from our own experience of colonization and conquest here on Earth Our history has shown us the evidence of intervention from one culture upon another from one nation upon another repeatedly over time This means that our own history and native wisdom can enable us to see and understand who is here and why they have come Explore these Briefings with an open mind allow your thoughts to be challenged allow old beliefs to be overturned if necessary allow something new and vital and essential to be given to you

The Allies of Humanity Book One Marshall Vian Summers,2013-09-28 The Allies of Humanity is being presented to prepare people for a whole new reality that is largely hidden and unrecognized in the world today It provides a new perspective that empowers people to face the greatest challenge and opportunity that we as a race have ever encountered The Allies Briefings contain a number of critical if not alarming statements about the growing extraterrestrial intervention and integration into the human race and about the extraterrestrial activities and hidden agenda The purpose of the Allies Briefings is not to provide hard evidence about the reality of the ET visitation to our world which is already well documented in many other fine books and research journals on the subject The purpose of the Allies Briefings is to address the dramatic and far reaching implications of this phenomenon to challenge our human tendencies and assumptions regarding it and to alert the human family to the great threshold we now face The Briefings provide a glimpse into the reality of intelligent life in the universe and what Contact will really mean For many readers what is revealed in The Allies of Humanity will be entirely new For others it will be a confirmation of things they have long felt and known

The Allies of Humanity Book Three Marshall Vian Summers,2014-04-09

The Allies of Humanity Book Three Marshall Vian Summers,2013-09-28 The Allies of Humanity Book Three presents the third set of Briefings from an off planet source whose stated purpose is to prepare the human family for the realities of life in our local universe and to alert us to an alien Intervention now taking place on Earth The Allies of Humanity claim to represent a group of free worlds in our local region of

space who do not pursue intervention or domination of other worlds but instead seek to support freedom and sovereignty in emerging worlds such as our own Here the Allies distinguish themselves from the Intervention into our world by exploitative commercial forces they call the Collectives whose activities represent a dark agenda kept secret for over half a century The Allies of Humanity Briefings reveal the four major activities of this alien agenda and give us a clear picture of who is visiting our world why they are here and what they ultimately want The Briefings also give us a window into the reality of life beyond our world a view that we would never have otherwise revealing the nature of trade travel and interaction between worlds and the challenges humanity will face in our local environment of space With this the Allies make clear that we are in the unfortunate position of being a native world discovered by powerful forces from beyond History has taught us the danger and the tragedy that native peoples faced when they encountered outside forces for the first time Now we are all the natives of a new world facing the threat of Intervention The Allies Briefings give us the key information we need to understand the Intervention to protect ourselves from its activities and ultimately safeguard our world from its agenda With this we are also given a new vision of humanity's future in space and a pathway to cultivating a greater unity and freedom in our world as we emerge into a larger universe of intelligent life

The Allies of Humanity, Book One Marshall Vian Summers, 2008-02 Over 20 years ago a group of individuals from several different worlds gathered at a discreet location in our solar system near the Earth for the purpose of observing the alien intervention that is occurring here From their hidden vantage point they were able to determine the identity organization and intentions of those visiting our world and monitor the visitors activities This group of observers call themselves The Allies of Humanity This is their report Cover p 4 [The Allies of Humanity](#) Marshall Vian Summers, 2001 A must have book for anyone interested in the UFO ET phenomenon spirituality and a new paradigm for humanity's future This ground breaking message has global implications and has begun to attract a world wide audience of people who feel its truth and know the preparation lies in Summers other books [Allies of Humanity Book Two](#) Marshall Vian Summers, 2005 The Allies of Humanity Book 2 presents startling new information on the interactions between races in our local Universe and on the nature purpose and hidden activities of those races who are interfering in human affairs This Second Set of Briefings from the Allies completes a crucial message regarding our vulnerability and potential within the Greater Community the larger physical Universe in which we live

Soul Breathing Carrie L'Esperance, 2016-05-17 An exploration of the multidimensional interplay between body mind and spirit Identifies the frequencies that support life and the dissonant frequencies incompatible with life such as the imbalances of EMFs Explains how to cultivate higher consciousness by building a strong light body Includes techniques and exercises for psychic cleansing physical and emotional detox chakra and aura strengthening and oracular dreaming Civilization has reached a critical threshold in time unlike any other Whether life continues to evolve or devolve depends upon our ability to reach higher states of consciousness en masse This requires calling upon the transformative power of the soul a power not handed to us but

earned We are living proof that the physical and spiritual realms of existence work together in unity Yet for many of us our natural soul light and inner spiritual intuition are suppressed due to the distractions of day to day living and the electromagnetic pollution of our screen filled technological world In this exploration of the multidimensional interplay between the body mind and spirit Carrie L Esperance reveals how we can restore the flow of spiritual light in everyday living through the art of self mastery She explains how technology has severely reduced humanity s natural abilities and spiritual power She shows how EMFs and wi fi toast our energetic bodily systems and suppress our immune systems blocking the ethereal frequencies of light and suppressing our creative intuition and higher powers Detailing the spiritual bio geometry of light and the holographic principle she explores how the cells of our bodies receive light s deeper vibratory frequencies to support conscious evolution and soul development as well as explaining near death and out of body experiences She identifies the dissonant energies that endanger mind body health and reveals new advances in brain science that allow us to transcend the malign influences that hamper human evolution She provides exercises and techniques for spiritual alignment and receptivity including psychic cleansing physical and emotional detox chakra and aura strengthening and oracular dreaming Preparing us for the new cosmology and the greater community of worlds that is being revealed L Esperance shows that when we are properly connected with our soul s intelligence and cultivate the reception of higher frequencies of consciousness then we are able to soul breathe to absorb more pranic energy the electromagnetic force and cosmic radiation that is the sustaining element of all life and consciousness

interstellar alliance and learns of the invincible race of predators who almost destroyed it the Grell Dr Rys is then asked to make a choice that will reverberate throughout humanity Will Earth join the struggle against the Grell or will the disembodied spirits of Onav forever be all that remains of the Alliance *Titans* Armond Boudreaux, Corey Latta, 2017-07-14

These days it seems like heroes fight each other more often than they fight villains The hero vs hero trope so common in comic books and in superhero movies these days can provide us with a means of thinking about the deeply polarized state of modern politics and public opinion about civic life morality and even God There is a real divide in our public life that nobody seems to be able to cross It s easy to complain that people should be more willing to meet each other half way that politicians should be more willing to compromise in order to get things done but there are plenty of important issues on which compromise really isn t possible We see this problem dramatized in comics like Marvel s Civil War and Avengers vs X Men in DC s Kingdom Come and The Dark Knight Returns and in film media like Daredevil Batman v Superman and Captain America Civil War The consequences of the conflicts that arise in these stories can serve as warnings about our current political environment They re safe places in which we can see the logic of our political dysfunction carried to frightening but perhaps inevitable conclusions **Away (Volume 2: Keepers of the Alliance)** Norman Oro, 2012-06-05 Keepers of the Alliance follows the continuing adventures of quantum physicist Alberto Rys as he becomes embroiled in an interplanetary conflict that was ancient even before mankind was born After uncovering a web of treachery that threatens the lives of his research team and the small California desert community of Pueblo Dr Rys and his son Pedro embark on a mission to save their friends and the town In the process they re sent to Onav a planet unlike any other and home to the spirits of an ancient alliance that holds the key to humanity s past and its future They soon learn of the Grell a race of predators whose power surpasses that of even the Allies and are asked to make a choice Will Earth join their struggle against the Grell Domain Or will the disembodied spirits of Onav truly be the final keepers of the Alliance *Our Departed Friends*, Jane E. Stebbins, 1867

Christ and humanity; with a review of the doctrine of Christ's person Henry M. Goodwin, 1875 **Encyclopedia of Global Justice** Deen K. intervention We are encouraged to empathize with the suffering of distant strangers every day from ads for UNICEF to the outcry over Russia's invasion of Ukraine But where did this type of politics come from Historian and practicing barrister Catherine Arnold locates the religious origins of humanitarian politics in early eighteenth century Britain and Europe In the late seventeenth century British politicians argued for confessional intervention in other words for interventions to protect Britain's fellow Protestants in continental Europe By the 1740s however a cadre of high ranking British officials was advocating instead for a new form of humanitarian intervention using natural law inflected language to justify its claims Between 1690 and 1745 British officials intervened diplomatically to protect not only Protestants in France northwestern Italy and the Holy Roman Empire but also Jewish fugitives from Portugal Catholic dissidents in France and Jewish refugees in Bohemia Arnold shows that this new type of intervention was intended to stop states from torturing imprisoning or expelling their subjects and was justified with humanitarian arguments British officials contended that state persecution that is using state authority to punish a subject only because of her religious beliefs violated natural law They asserted that Britain had a duty to prevent states from violating natural law and an ethical obligation to aid sufferers of all religious faiths out of common humanity
