Duncan,1989-09-01 This book promotes the use of reference materials by offering simple guidance to the often baffling subject of how to use reference tools The worksheets can be completed with minimal assistance from the teacher but students will require access to the reference books presented The intriguing subjects on the worksheets were chosen to challenge the imagination and lead to further independent study The study skills presented here will also help students proceed toward more efficient and productive work habits Resources in Education ,1998 The Book of Days Robert Chambers,2025-09-29 Reprint of the original first published in 1863 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Faith in Education at the Skidaway Island Benedictine Mission* Laura Seifert,2024-10-15 Having survived the turmoil of Reconstruction several hundred African American tenant farmers were settled on Skidaway Island Georgia and led a fairly quiet existence In 1877 Benedictine monks intruded into this relatively safe if desperately poor haven and built a Catholic mission and boys boarding school For the next two decades the Benedictines and locals negotiated for influence over the islanders religious convictions and education Faith in Education at the Skidaway Island Benedictine Mission brings together the recovered archaeological data and extensive Benedictine archives to reconstruct the intersecting lives of monks students lay brothers and African American neighbors on Skidaway Island Unlike a purely historical treatment this book amplifies the documentary evidence with archaeological findings including glass from arched church windows writing slate and slate pencil fragments a kerosene lamp and harmonica fragments The narrative balances the chronological story of the Skidaway Island mission with the larger history of African American education in Savannah and Chatham County from 1865 to the mission s closure circa 1900 Ultimately Laura Seifert s analysis shows how the roots of our educational system resulted in inequities today particularly because racism is a prominent thread that connects past and present problems
