Almost Goodbye:

Future Generation China Martens, 2017-09-01 China Martens started her pioneering mamazine The Future Generation in 1990. She was a young anarchist punk rock mother who didn't feel that the mamas in her community had enough support so she began publishing articles on radical parenting in an age before the internet. The anthology of her zine The Future Generation The Zine Book for Subculture Parents Kids Friends Others was first printed in 2007 and has been out of print for many years. Covering sixteen years it uses individual issues as chapters focusing on personal writing and retaining the character of a zine that changed over the years from her daughter's birth to teenagehood and beyond. We are proud to present a tenth anniversary edition including a new afterword by China's grown daughter Clover. The Future Generation remains a timeless resource for parents caregivers and those who care about them. Though first published in the 1990s many of the essays and observations about parenting children and surviving in a hostile political climate still ring true today. The next four years are going to be especially demanding for those trying to balance parenting politics and survival. We're going to need the voices and experiences in The Future Generation now more than ever. **Unbroken** Sushmitha

Madhukar, 2025-06-13 What do you do when the people who were supposed to love you leave you behind? At fourteen Sushmitha was sent across the world under the promise of a better future. What awaited her was silence, hunger, and a deep ache for belonging. *Unbroken* is a raw, powerful memoir about surviving emotional abandonment, rediscovering worth, and becoming the person you once needed. With searing honesty and grace, Sushmitha Madhukar shares a story that crosses continents and generations, offering hope to anyone who has ever felt invisible and a voice to those still finding their way. Sushmitha Madhukar is a masterful writer, and *Unbroken* is a compelling, intimate, inspiring, and important book for each of us. She tells the story of how her life experiences taught her life's most essential lessons: how to survive, how to thrive, and how to hold on to what really matters. Michael Stevens, Rabbi and Professor of Imagery and Emotion, crafted with grace and strength a roadmap of resilience and a guide to start one's healing process, written with love. Sush's telling of her story not only demonstrates her courage in surviving but her courage in telling it. Her writing is selfless, aimed more in helping the reader to see that the thin lines of our scars truly bind us all together. Jennifer Boyer, Healthcare Professional. *Unbroken* is a raw retelling of a journey that shows life as it is, filled with highs, lows, and the inbetweens where we're faced with a choice: do we rise or do we fall? This story reminded me that even in the darkest moments we still have the power to choose hope. Riya Mallampati, 14, student and early reader. *Unbroken* is not only for those who have lived through it but for the next generation learning how to rise through it. *The Encyclopedia of Country Music* Michael McCall, John Rumble, Paul Kingsbury, 2012-02-01 Immediately upon publication in 1998 the *Encyclopedia of Country Music* became a much-loved reference source, prized for the wealth of information it contained on that most American of musical genres. Transanything Ever Jones, 2025-08-15 A debut essay collection that upends our notions of loneliness, wilderness, and liberation. *Transanything* reveals a world in metamorphosis. A hermit crab retires its shell, lovers drift apart, and seasons churn all amid Ever Jones's own narrative of midlife gender transition. Jones takes up a tradition of writing about the American landscape, solitude, wilderness, and the West, long intertwined with colonialism and heteropatriarchy, and makes it wholly their own. A self-proclaimed nature essay misbehaves, wandering away from the hummingbird outside Jones's window. In their chronicle of a week in Yellowstone, Jones navigates trails frequented by grizzlies and a campground where their identity is regarded as equally dangerous. Elk, bison, and bark spiders roam this book's pages, but it is the gray wolf, the embattled apex predator of the American West, narrow survivor of settler colonial violence and vessel for American myths of independence, who emerges as Jones's shapeshifting coprotagonist. Taking on a global web of colonial systems that seek to divide us, Jones disrupts loneliness and forges space for queerness and transness, to be aliveness, to be *transanything*. **Vox**
