Alone Atop The Mountain:

Chinese Thirdspace Jianmei Liu, 2025-03-25 Chinese intellectuals have long chafed under the dominance of dualities the sense that they are trapped between two diametrically opposed forces with no choice but to pick one side or the other Over the years they have been driven into binary debates such as reform versus revolution tradition versus modernity the West versus the East and left versus right At the same time a number of key thinkers have sought to transcend the extremes and find middle ground This book examines how a diverse set of Chinese intellectuals carved out in between spaces beyond the poles of competing ideologies for greater openness multiplicity and pluralism Reappropriating and rehistoricizing the concept of Thirdspace theorized by Homi Bhabha and Edward Soja Jianmei Liu traces how writers and artists in different times and places have explored and developed alternatives to either or dichotomies Chinese Thirdspace brings together an unexpected group of cases including Zhang Dongsun's political philosophy Yin Haiguang's colorless thought Jin Yong's martial arts fiction Liu Zaifu's fragmentary writing Gao Xingjian's transmedia cine poems Xi Xi's hybrid works Chi Zijian's eulogy of shamanism Chu Tien Hsin's various heterotopias and Chan Koonchung's speculative political novel concluding with the controversy over Fang Fang's Wuhan Diary Their works offer new ways to grapple with the modern Chinese experience and as Liu shows they contain alternative possibilities for a future beyond the binary oppositions of our current era Wide ranging and theoretically rich this interdisciplinary book demonstrates the pivotal role of Thirdspace in the intellectual history politics philosophy literature aesthetics art and film of modern China

Liu Zaifu: Selected Critical Essays Zaifu Liu, 2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature refusing to succumb to political manipulation Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity Rather than drawing upon the existing paradigm he reinvents his own unique theoretical conceptions in order to exile the borrowed gods

Wallace Stevens and the Pennsylvania Keystone Thomas F. Lombardi,1996-03 Wallace Stevens and the Pennsylvania Keystone represents the definitive work on origins as they appear in Stevens s poetry Author Thomas Francis Lombardi a poet himself traces Stevens s originary influences place family tradition the feminine ethnic heritage and religious roots against the cosmopolitan influences of Cambridge and New York and demonstrates the extent to which Stevens s formative and early adult years shaped his entire life and influenced the grand sweep of his poetry That influence spread itself across Stevens s entire canon from the early verse through Harmonium Ideas of Order Parts of a World Notes toward a Supreme Fiction Transport to Summer The Auroras of Autumn The Rock and finally Opus Posthumous Though Lombardi acknowledges

the importance of the global presence in Stevens's poetry he argues that the hallmark of the poet's vision is the presence of his Pennsylvania provincialism and the increasing significance he attached to his roots as he grew older Stevens's life epitomized a personal and irresistible rite of passage toward origins a universal odyssey that sensitive people undertake over the course of their lives the ethnocentric pull toward the native experience That attraction to his native soil would inform much of the content of his poetry To this end he wished to be one with his ancestors for the reason of experiencing a sense of identity with the provincial past not in spite of but because of it Without an adequate understanding of this relationship no in depth comprehension of Stevens's poetry seems possible

The Framework of the Story of Jesus Karl Ludwig Schmidt, 2021-04-14 Now available for the first time in English Karl Ludwig Schmidt's The Framework of the Story of Jesus Der Rahmen der Geschichte Jesu has been a foundation of New Testament studies Through meticulous analysis Schmidt demonstrates that the Synoptic Gospels are collections of individual stories that

circulated orally and independently in the earliest Christian communities In their oral forms most of these traditions existed apart from any sequence or specific temporal or geographic location The chronology and locations now evident in the Gospels Schmidt argues are frameworks that the evangelists applied to the stories while collecting and recording the oral traditions Across much of the twentieth century and even into the present day this argument has undergirded Gospel interpretation But given that The Framework of the Story of Jesus remained untranslated Schmidt s ideas have been sometimes ignored and often misunderstood Synoptic Gospels discussion and study will surely be enriched by engagement with the evidence and argument of this classic James and the Sky Bandits Stephanie Bognar,2014-04-11 Oooh you are a cheeky wretch said the Colonel a little put out by the secret smile which appeared on James face You ll see how funny this all is when you re smited by a Grabandle or when you ve had your head chewed off by the Giant Sand Serpent of the Dead Plains The snort became a raspberry which burst from James pursed lips and he laughed even harder A Giant Sand Serpent Smitted by a Grabandle This was all becoming too much The Colonel became more and more irate by the apparent humour James was finding in everything he was saying There was nothing at all humorous about being robbed and then having your knees gnawed at by a Sinister Neeblestack or being digested by the Gurglebelch He began to think the boy was quite insane James felt as though he had lost the plot too James is bored His town is boring and his job is boring He craves escape and adventure One day when he comes across two rather peculiar characters it seems his wish is about to come true But this isn t the kind of swashbuckling adventure he had in mind and he soon discovers that not all is quite what it seems A comic fantasy adventure story suitable for both young adults and older adults looking for a fun read and a bit of escapism themselves
