 a series of endings Some are good others bad but things always end In the modern age the movie ends the television show
 ends the book finishes with The End and we start to believe life is about endings Yet life continues without end Recently my
 young nephew died but the next day life went on without him This book is based on the premise that endings are just new
 beginnings Everyone can end with the beginning in mind Giving up the concept of everything ends is one of the most
 important steps in business continuity People love to talk about Succession Planning but few ever accomplish the task The
 numbers are staggering The US Department of Labor Statistics tell us after one year in business 20% of new businesses in
 America fail but after 20 years only about 20% of those same businesses will have survived Of those who survive less than

20% will continue to a second generation Most businesses have a cessation plan a plan that leads to a business ceasing to exist while very few have succession plans a plan that leads to a business not only continuing but thriving after the founder exits In his book *Always End with the Beginning in Mind* Donald White takes you on his journey that resulted in a successful business continuation and will give a founder of a business the steps necessary for a succession plan to actually succeed A well thought out and properly executed Succession Plan is a classic win win In fact it is a win win win It is a win for the company namely the clients and staff who are able to enjoy continuity after the founder s exit It is a win for the successor who is able to build on the success of the founder Finally it is a win for the founder who is able to exit on their own volition and see what they have built continue to prosper for years to come Firms can succeed into perpetuity They do not need to eventually cease A businessperson who exits a business without seeing their exit as an ending but as a new beginning both for themselves and the business can enjoy seeing the firm they spent a lifetime building continue to prosper after the business transitions to new leadership and simultaneously enjoy a new season of life personally Do not leave business continuity to fate Read this book and discover the tools necessary to move from a reactive cessation plan to a proactive plan of succession
