Massis, Winnie Vitzansky, 1992 With the help of this indispensable resource librarians can now easily find reading material in alternative formats for patrons who require them in non native languages Interlibrary Loan of Alternative Format Materials is a core resource for librarians that explains how and where to interlend braille audio and large print materials in a variety of languages This sourcebook contains detailed descriptions of libraries around the world that are willing to interlend materials according to a world wide survey conducted by the International Federation of Library Associations Section of Libraries for the Blind In addition to providing a list of 29 libraries that interlend alternative materials this book also provides librarians with the most current research into this area of library work with essays written by noted experts in the field As populations shift rapidly all over the world librarians need to develop an awareness of where alternative format materials in foreign languages can be found Interlibrary Loan of Alternative Format Materials simplifies such a search by providing an accurate list broken down by continent and by country of specific interlending information for 29 countries Librarians serving print impaired readers reference librarians interlibrary loan librarians organizations and social service institutions serving the blind and national libraries will find a wealth of helpful ideas for providing alternative format materials in a variety of languages to their patrons By taking advantage of these free interlibrary loan opportunities librarians can expand the materials available to their print impaired patrons without straining their budgets Interlibrary Loan of Alternative Format Materials includes a detailed list of the availability of materials from nations in Western Europe and Asia interlibrary loan implications and procedures and sample interlibrary loan forms that can be duplicated Special topics covered include sharing of materials for the blind and visually handicapped in Canada some solutions to current problems with interlending audiovisual materials IFLA interlibrary loan and document supply resolutions and the international interlibrary loan system at the U S Library of Congress Libraries and the Reading Public in Twentieth-Century America Christine Pawley, Louise S. Robbins, 2013-09-13 For well over one hundred years libraries open to the public have played a crucial part in fostering in Americans the skills and habits of reading and writing by routinely providing access to standard forms of print informational genres such as newspapers pamphlets textbooks and other reference books and literary genres including poetry plays and novels Public libraries continue to have an extraordinary impact in the early twenty first century the American Library Association reports that there are more public library branches than McDonald s restaurants in the United States Much has been written about libraries from professional and managerial points of view but less so from the perspectives of those most intimately involved patrons and librarians Drawing on circulation records patron reviews and other archived materials Libraries and the Reading Public in Twentieth

Century America underscores the evolving roles that libraries have played in the lives of American readers Each essay in this collection examines a historical circumstance related to reading in libraries The essays are organized in sections on methods of researching the history of reading in libraries immigrants and localities censorship issues and the role of libraries in providing access to alternative nonmainstream publications The volume shows public libraries as living spaces where individuals and groups with diverse backgrounds needs and desires encountered and used a great variety of texts images and other media throughout the twentieth century 1979-1990 Henryk Sawoniak,2012-02-14 No detailed description available for 1979 1990

Selection of Library Materials in the Humanities, Social Sciences, and Sciences Patricia A. McClung,1985 *Libraries in the Age of Mediocrity* Earl Lee,1998-01-01 I only wish I had your paper before me when I wrote *Silicon Snake Oil* Clifford Stoll Ultimately says Earl Lee libraries are involved in the quest for truth but conceptualize it in a way very different from most Library professionals pursue a philosophy of inclusion trying to have as many versions of Truth as possible in the hopes that somewhere in the mass of material something meaningful may be found by some discerning reader But in recent years the mass of data has grown to bury truth and defeat the discerning Librarians have lost sight of what is important The uncontrollable mass of data the transformation of the library to an information center the demise of the card catalog the meretriciousness of publishers offerings the dumbing down of textbooks the decision by the Library of Congress to use the OCLC online system exclusively these are all the subjects of thought provoking and unsweetened opinions welcome reminders of the rich tradition of intellectual freedom in the profession

Readers' Advisory Service in North American Public Libraries, 1870-2005 Juris Dilevko,Candice F.C. Magowan,2007-02-13 Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries By 2005 almost every public library in the United States and Canada offered some form of readers advisory service The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers Historical analysis case studies and statistical charts augment the book s central argument From A to Zine Julie Bartel,2004-08-02 Libraries eager to serve the underserved teen to twenty year old market can make the library a cool place to hang out All it takes are zines according to the author
