Althusser And Feminism:

Althusser and Feminism Alison Assiter,1990 *Althusser and Feminism* Alison Assiter,1990 A critical assessment of Structuralism and Post Structuralism and their significance to Marxism and feminism Assiter challenges commonly held views regarding Althusser s contribution to Marxism and offers an alternative to radical feminism Between Feminism and Psychoanalysis Teresa Brennan,2002-03-11 In this landmark collection of original essays outstanding feminist critics in Britain France and the United States present new perspectives on feminism and psychoanalysis opening out deadlocked debates The discussion ranges widely with contributions from feminists identified with different often opposed views on psychoanalytic criticism The contributors reassess the history of Lacanian psychoanalysis and feminism and explore the significance of its institutional context They write against the received views on French feminism and essentialism A remarkable restatement of current positions within psychoanalysis and feminism the volume as a whole will change the terms of existing debates and make its arguments and concerns more generally accessible **Feminist Perspectives on Law and Theory** Janice Richardson,Ralph Sandland,2013-03-04 This collection of essays on feminist legal theory therefore provides an interdisciplinary approach drawn not only from law and philosophy but also from cultural and womens studies Feminism and Materialism (RLE Feminist Theory) Annette Kuhn,AnnMarie Wolpe,2013-05-20 These original essays are planned to provide a coherent basis for an understanding of women s social and historical situation This achieved by outlining the foundation of a systematic approach to an analysis of women s relationship to modes of production and reproduction within a materialist framework The essays each with a brief editorial introduction deal with issues and perspectives brought increasingly to the fore in recent years not only in the women s movement but in the social sciences generally The articles are wide ranging covering such issues as patriarchy paid and unpaid labour and the state The centrality of two of the major themes the family and the labour process suggests that an understanding of women s situation is necessarily based on an analysis of the structures of production and reproduction The authors aim in producing *Feminism and Materialism* is to confront systematically theoretical issues current in the developing area of women s studies while recognising that this must constitute a critique of existing theoretical frameworks The book will be of interest to teachers and students in the social sciences and in women s studies as well as to all those who wish to develop an understanding of what a materialist approach to feminism might be **Materialist Feminism and the Politics of Discourse (RLE Feminist Theory)** Rosemary Hennessy,2012-11-27 *Materialist Feminism and the Politics of Discourse* confronts the impasses in materialist feminist work on rethinking woman as a discursively constructed subject The book looks at the problem of examining critically the social dimensions on which theories of discourse are premised how such theories understand materiality the relation between women s experience and feminist politics and that between history and discourse Rosemary Hennessy considers the work of Kristeva Foucault Laclau and Mouffe and argues for a materialist feminist re articulation of discourse as ideology Concerns

over identity and difference are incorporated into a rewriting of materialist feminism's analysis of women's oppression across capitalist and patriarchal structures. In adapting postmodernist theories in this way, Hennessy develops a project of social change where feminism while maintaining its specificity is necessarily aligned with other emancipatory movements.

Transnational Perspectives on Feminism and Art, 1960-1985 Jen Kennedy, Trista Mallory, Angelique

Szymanek, 2021-04-28 *Transnational Perspectives on Feminism and Art 1960-1985* is a collection of essential essays that bring transnational feminist praxis into conversation with histories of feminist art in the 1960s, 1970s, and early 1980s. The artistic practices and processes examined within these pages all centre on gender and sexual politics as they variously intersect with race, class, sovereignty, indigeneity, citizenship, and migration at particular historical moments and within specific geopolitical contexts. The book's central premise is that reconsidering this period from transnational feminist perspectives will enable new thinking about the critical commonalities and differences across heterogeneous and geographically dispersed practices that have contributed to the complex and multifaceted relationship between feminism and art today. The book will be of interest to scholars working in art history, cultural studies, visual culture, material culture, and gender studies. Feminist Knowledge (RLE Feminist Theory)

Sneja Gunew, 2013-05-20 The minority feminist viewpoints have often been submerged in the interests of maintaining a mainstream universal model of feminism. This anthology takes into account the various differences among women while looking at the important areas of feminist struggle. While sisterhood is indeed global, it certainly does not mean that all women are required to submerge their specific differences and assimilate to a universal model. Consequently, the collection includes essays by leaders in the field of post-structuralist enquiry as well as by those immersed in the new spirituality and the social consequences of recent biological research. Other essays reflect the political struggles which continue to be waged with different strategies by socialist and radical feminists and the self-searching analyses undertaken by feminists uneasy about their inclusion within educational institutions and the radical new interpretations of sexuality within the cultural domain. The collection begins with a critique of white mainstream feminism emanating from Aboriginal women in Australia. The implications of the critique indicate that there is a pervasive racism within the feminist movement. *Killer Althusser* Francis Dupuis-Déri, 2025-07-22 On November 16, 1980, the Marxist philosopher Louis Althusser strangled his wife in their Parisian apartment in a period when she was thinking of leaving him.

What do we know about Hélène Legotien today? Almost nothing except that she was murdered by her illustrious spouse. In a sense, Althusser killed her twice: first by his own hands and second by dominating the public space to talk about himself. What then is the political significance of this feminicide and the discourse about it which has taken shape in the public space? Delving into the writings of the murderer and his allies in the French intelligentsia, *Killer Althusser* reasserts the patriarchal violence of the murder, masculine solidarity, and the complacency of a cultural elite. *The Routledge Companion to Feminism and Postfeminism* Sarah Gamble, 2004-11-23 Approachable for general readers as well as for students in women's
