Always Merry And Bright The Life Of Henry Miller:

Always Merry and Bright Jay Martin, 1979 **Always Merry & Bright** Jay Martin, 1978 *Always Merry and Bright* Jay Martin, 1978 **Henry Miller and Religion** Thomas Nesbit, 2012-12-06 This study argues that this previously banned author devoted his entire life to articulating a religion of self liberation in his autobiographical books examining his life and work within the context of fringe religious movements that were linked with the avant garde in New York City and Paris at the first of the 20th century This study shows how these transatlantic movements including Gurdjieff Rosicrucianism and Theosophy gave him the hermeneutical devices not to mention the creative license to interpret texts and symbols from mainline religions in an iconoclastic manner ranging from obscure Taoist treatises to the mystical works of Jacob Boehme The influence of numerous philosophical sources widely circulated in his most critical years particularly Henri Bergson's *Two Sources of Morality and Religion* 1932 also helped him develop a religious view situated between transcendence and immanence in which self liberation through the channeled flow of *lan vital* is the chief objective Miller's knowledge of these intellectual currents along with his involvement with sidestream religious groups inspired him to meld his religious and literary aims into one perplexing project **Henry Miller and Modernism** Finn Jensen, 2019-12-04 *Henry Miller and Modernism* The Years in Paris 1930 1939 represents a major reevaluation of Henry Miller focusing on the Paris texts from 1930 to 1939 Finn Jensen analyzes Miller in the light of European modernism in particular considering the many impulses Miller received in Paris Jensen draws on theories of urban modernity to connect Miller's narratives of a male protagonist alone in a modern metropolis with his time in Paris where he experienced a self discovery as a writer The book highlights several sources of inspiration for Miller including Nietzsche Rimbaud Hamsun Strindberg and the American Transcendentalists Jensen considers the key movements of modernity and analyzes their importance for Miller studying Eschatology the Avant Garde Dada Surrealism Expressionism and Anarchism *Henry Miller* David Stephen Calonne, 2014-08-15 As an author Henry Miller 1891 1980 was infamous for his explicit descriptions of sex and many of his novels from *The Tropic of Cancer* to *Black Spring* were banned in the United States on grounds of obscenity But his books frequently smuggled into his native country became a major influence on the Beat Generation of American writers and would eventually lead to a groundbreaking series of obscenity trials that would change American laws on pornography in literary works In this new critical biography David Stephen Calonne goes beyond Miller's notoriety to take an innovative look at the way in which the author's writings and lifestyle were influenced by his spiritual quests Charting Miller's cultivation of his esoteric ideas from boyhood and adolescence to later in his career Calonne examines how Miller remained deeply engaged with a variety of philosophies from astrology and Gnosticism to Eastern thinkers Calonne describes not only the effects this had on Miller's work but also to his complex and volatile life his marriages and love affairs with Beatrice Wickens June Mansfield and Anaïs Nin his years in Paris and the journey to Greece that resulted in the travelogue *The Colossus of*

Maroussi the book Miller considered to be his greatest work After discussing Miller's final residences in Big Sur and the Pacific Palisades in California Calonne considers the author's involvement in the arts love of painting and music and friendships with a number of classical musicians Miller Calonne reveals was a quirky charismatic man of genius who continues to influence popular culture today Highlighting many areas of the author's life that have previously been neglected Henry Miller takes a fascinating revisionary approach to the work of one of American's most controversial and iconic writers

Henry Miller and Narrative Form James Decker, 2006-06-01 In this bold study James M Decker argues against the commonly held opinion that Henry Miller's narratives suffer from formlessness He instead positions Miller as a stylistic pioneer whose place must be assured in the American literary canon From *Moloch* to *Nexus* through such widely read texts as *Tropic of Cancer* and *Tropic of Capricorn* Decker examines what Miller calls his spiral form a radically digressive style that shifts wildly between realism and the fantastic Drawing on a variety of narratological and critical sources as well as Miller's own aesthetic theories he highlights that this fragmented narrative style formed part of a sustained critique of modern spiritual decay A deliberate move rather than a compositional weakness then Miller's style finds a wide variety of antecedents in the work of such figures as Nietzsche Rabelais Joyce Bergson and Whitman and is viewed by Decker as an attempt to chart the journey of the self through the modern city Henry Miller and Narrative Form affords readers new insights into some of the most challenging writings of the twentieth century and provides a template for understanding the significance of an extraordinary and inventive narrative form

The Limits of Ferocity Daniel Fuchs, 2011-05-30 A powerful critique of the revolutionary mentality and sexual aggression represented in the works of authors including D H Lawrence Georges Bataille Henry Miller and Norman Mailer

Henry Miller: The Inhuman Artist Indrek Männiste, 2013-06-20 Against skeptics Männiste argues that Miller does indeed have a philosophy of his own which underpins most of his texts It is demonstrated that this philosophy as a metaphysical sense of life forms a system the understanding of which is necessary to adequately explain even some of the most basic of Miller's ideas Building upon his notion of the inhuman artist Miller's philosophical foundation is revealed through his literary attacks against the metaphysical design of the modern age It is argued that by repudiating some of the most potent elements of late modernity such as history modern technology and an aesthetized view of art Miller paves the way for overcoming Western metaphysics Finally it is showed that philosophically this aim is governed by Miller's idiosyncratic concept of art in which one is led towards self liberation through transcending the modern society and its dehumanizing pursuits

Anti-Humanism in the Counterculture Guy Stevenson, 2020-10-21 This book offers a radical new reading of the 1950s and 60s American literary counterculture Associated nostalgically with freedom of expression romanticism humanist ideals and progressive politics the period was steeped too in opposite ideas ideas that doubted human perfectibility spurned the majority for a spiritually elect few and had their roots in earlier politically reactionary avant gardes Through case studies of icons in the counterculture the controversial sexual revolutionary

Henry Miller Beat Generation writers Jack Kerouac Allen Ginsberg and William S Burroughs and self proclaimed philosopher of hip Norman Mailer Guy Stevenson explores a set of paradoxes at its centre between romantic optimism and modernist pessimism between brutal rhetoric and emancipatory desires and between social egalitarianism and spiritual elitism Such paradoxes Stevenson argues help explain the cultural and political worlds these writers shaped in their time and beyond

The Making of a Counter-culture Icon Maria R. Bloshteyn, 2007-01-01 At first glance the works of Fedor Dostoevsky 1821 1881 do not appear to have much in common with those of the controversial American writer Henry Miller 1891 1980 However the influencer of Dostoevsky on Miller was in fact enormous and shaped the latter's view of the world of literature and of his own writing The Making of a Counter Culture Icon examines the obsession that Miller and his contemporaries the so called Villa Seurat circle had with Dostoevsky and the impact that this obsession had on their own work Renowned for his psychological treatment of characters Dostoevsky became a model for Miller Lawrence Durrell and Anais Nin interested as they were in developing a new kind of writing that would move beyond staid literary conventions Maria Bloshteyn argues that as Dostoevsky was concerned with representing the individual's perception of the self and the world he became an archetype for Miller and the other members of the Villa Seurat circle writers who were interested in precise psychological characterizations as well as intriguing narratives Tracing the cross cultural appropriation and misinterpretation of Dostoevsky's methods and philosophies by Miller Durrell and Nin The Making of a Counter Culture Icon gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's influence on twentieth century literature

Writing an Icon Anita Jarczok, 2017-02-15 Ana's Nin the diarist novelist and provocateur occupied a singular space in twentieth century culture not only as a literary figure and voice of female sexual liberation but as a celebrity and symbol of shifting social mores in postwar America Before Madonna and her many imitators there was Nin yet until now there has been no major study of Nin as a celebrity figure In Writing an Icon Anita Jarczok reveals how Nin carefully crafted her literary and public personae which she rewrote and restyled to suit her needs and desires When the first volume of her diary was published in 1966 Nin became a celebrity notorious beyond the artistic and literary circles in which she previously had operated Jarczok examines the ways in which the American media appropriated and deconstructed Nin and analyzes the influence of Nin's guiding hand in their construction of her public persona The key to understanding Nin's celebrity in its shifting forms Jarczok contends is the Diary itself the principal vehicle through which her image has been mediated Combining the perspectives of narrative and cultural studies Jarczok traces the trajectory of Nin's celebrity the reception of her writings The result is an innovative investigation of the dynamic relationships of Nin's writing identity public image and consumer culture

Imagining Paris J. Gerald Kennedy, 1993-01-01 Explores how living in Paris shaped the literary works of five expatriate Americans Gertrude Stein Ernest Hemingway Henry Miller F Scott Fitzgerald and Djuna Barnes The book treats these figures and their works as instances of the effect of place on writing and the formation of the self The Secret

Violence of Henry Miller Katy Masuga, 2011 Miller as a writer whose work does something more profound and violent to literary conventions than produce novel effects it announces the possibility of difference and instability within language itself Henry Miller is a cult figure in the world of fiction in part due to having been banned for obscenity for nearly thirty years Alongside the liberating effect of his explicit treatment of sexuality however Miller developed a provocative form of writing that encourages the reader to question language as a stable communicative tool and to consider the act of writing as an ongoing mode of creation always in motion perpetually establishing itself and creating meaning through that very motion Katy Masuga provides a new reading of Miller that is alert to the aggressively and self consciously writerly form of his work Critiquing the categorization of Miller into specific literary genres through an examination of the small body of critical texts on his oeuvre Masuga draws on Deleuze and Guattari's concept of a minor literature Blanchot's infinite curve and Bataille's theory of puerile language while also considering Miller in relation to other writers including Proust Rilke and William Carlos Williams She shows how Miller defies conventional modes of writing subverting language from within Katy Masuga is Adjunct Professor of British and American literature cinema and the arts in the Cultural Studies Department at the University of Paris III Sorbonne Nouvelle Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **Cinematic Fictions** David Seed, 2012-01-01 The phrase cinematic fiction has now been generally accepted into critical discourse but is usually applied to post war novels This book asks a simple question given their fascination with the new medium of film did American novelists attempt to apply cinematic methods in their own writings From its very beginnings the cinema has played a special role in defining American culture Covering the period from the 1910s up to the Second World War Cinematic Fictions offers new insights into classics like The Great Gatsby and The Grapes of Wrath discussing major writers critical writings on film and active participation in film making Cinematic Fictions is also careful not to portray cinema as a single or stable entity Some novelists drew on silent film others looked to the Russian theorists for inspiration and yet others turned to continental film makers rather than to Hollywood Film itself was constantly evolving during the first decades of the twentieth century and the writers discussed here engaged in a kind of dialogue with the new medium selectively pursuing strategies of montage limited point of view and scenic composition towards their different ends Contrasting a diverse range of cinematic and literary movements this will be compulsory reading for scholars of American literature and film The Book Shopper Murray Browne, 2009 In search of a good book Browne provides rich leads and much wit Go shop read Henry Miller James M.
