The Olympics Bill Mallon, 1984 *Daily Report* United States. Foreign Broadcast Information Service, 1983 15 exploits olympiques, 1976, *Documenting the Beijing Olympics* D.P. Martinez, Kevin Latham, 2013-10-18 This book focuses on the processes of documenting the Beijing Olympics ranging from the visual television and film to radio and the written word and the meanings generated by such representations What were the key stories and how were they chosen What was dramatised Who were the heroes Which clashes were highlighted and how What sorts of stories did the notion of human interest generate Did politics take a backseat or was the topic highlighted repeatedly Thus the focus was not on the success or failure of this event but on the ways in which the Olympics Games as international and historic events are memorialised by observers The key question that this book addresses is How far would the Olympic coverage fall into the patterns of representation that have come to dominate Olympic reporting and what would China as a discursive subject bring to these patterns This book was previously published as a special issue of *Sport in Society* *Livres d'étrennes*, 1980
