Matthew J. Flynn, Stephen E. Griffin

1805 Austerlitz Napoleon And The Destruction Of The Third Coalition:

1805 Austerlitz Robert Goetz, 2017-04-30 This in depth study of The Battle of Austerlitz considered Napoleon's greatest victory won the Napoleon Foundation's History Grand Prize Sometimes called The Battle of Three Emperors Napoleon's victory against the combined forces of Russia and Austria brought a decisive end to The War of the Third Coalition The magnitude of the French achievement against a larger army was met by sheer amazement and delirium in Paris where just days earlier the nation had been teetering on the brink of financial collapse In 1805 Austerlitz historian Robert Goetz demonstrates how Napoleon and his Grande Armée of 1805 defeated a formidable professional army that had fought the French armies on equal terms five years earlier Goetz analyses the planning of the opposing forces and details the course of the battle hour by hour describing the fierce see saw battle around Sokolnitz the epic struggle for the Pratzen Heights the dramatic engagement between the legendary Lannes and Bagration in the north and the widely misunderstood clash of Napoleon's Imperial Guard and Alexander's Imperial Leib Guard Goetz's detailed and balanced assessment of the battle exposes many myths that have been perpetuated and even embellished in other accounts

1805 Austerlitz Robert Goetz, 2017 *The Cambridge History of the Napoleonic Wars: Volume 2, Fighting the Napoleonic Wars* Bruno Colson, Alexander Mikaberidze, 2023-03-02 The Napoleonic Wars saw almost two decades of brutal fighting Fighting took place on an unprecedented scale from the frozen wastelands of Russia to the rugged mountains of the Peninsula from Egypt's Lower Nile to the bloody battlefield of New Orleans Volume II of The Cambridge History of the Napoleonic Wars provides a comprehensive guide to the Napoleonic Wars and weaves together the four strands military naval economic and diplomatic that intertwined to make up one of the greatest conflicts in history Written by a team of the leading Napoleonic scholars this volume provides an authoritative and comprehensive analysis of why the nations went to war the challenges they faced and how the wars were funded and sustained It sheds new light not only on the key battles and campaigns but also on questions of leadership strategy tactics guerrilla warfare recruitment supply and weaponry *Forging Napoleon's Grande Armée* Michael J Hughes, 2023-11-21 A fascinating study exploring the motivation of French soldiers during the Napoleonic Era and the process through which they became Napoleon's men Frederick C Schneid author of Napoleon's Conquest of Europe The men who fought in Napoleon's Grande Armée built a new empire that changed the world Remarkably the same men raised arms during the French Revolution for liberty and fraternity In just over a decade these freedom fighters who had once struggled to overthrow tyrants rallied to the side of a man who wanted to dominate Europe What was behind this drastic change of heart In this ground breaking study Michael J Hughes shows how Napoleonic military culture shaped the motivation of Napoleon's soldiers Relying on extensive archival research and blending cultural and military history Hughes demonstrates that the Napoleonic regime incorporated elements from both the Old Regime and French Revolutionary military culture to craft a new military culture characterized by loyalty to both Napoleon and the preservation of French

hegemony in Europe Underscoring this new hybrid military culture were five sources of motivation honor patriotism a martial and virile masculinity devotion to Napoleon and coercion Forging Napoleon s Grande Arm e vividly illustrates how this many pronged culture gave Napoleon s soldiers reasons to fight Hughes offers a tight and well grounded exposition and analysis of French military culture in the Napoleonic period in which military honour is presented as a dynamic element Journal of European Studies Hughes s book not only contributes to our understanding of the military success of Napoleon s army but also elegantly employs cultural history methods to better understand army operations and sustained troop motivations Julia Osman History Reviews of New Book

Napoleon and the Operational Art of War ,2016-02-02 In Napoleon and the Operational Art of War the leading scholars of Napoleonic military history provide the most authoritative analysis of Napoleon s battlefield success and ultimate failure Napoleon s development and mastery of the operational art of warfare is revealed as each chapter analyzes one Napoleonic war or major campaign of a war To achieve this the essays conform to the common themes of Napoleon s planning his command and control his execution of plans and the response of his adversaries Napoleon s sea power and the British response to the French challenge at sea is also investigated Overall this volume reflects the finest scholarship and cutting edge research to be found in Napoleonic Military History Contributors include Jonathan Abel Robert M Citino Huw Davies Mark T Gerges John H Gill Jordan Hayworth Kenneth G Johnson Michael V Leggiere Kevin D McCranie Alexander Mikaberidze Frederick C Schneid John Severn Dennis Showalter Geoffrey Wawro and John F Weinzierl

War, Strategy and the Modern State, 1792-1914 Carl Cavanagh Hodge,2016-11-25 This book is a comparative study of military operations conducted by modern states between the French Revolution and World War I It examines the complex relationship between political purpose and strategy on the one hand and the challenge of realizing strategic goals through military operations on the other It argues further that following the experience of the Napoleonic Wars military strength was awarded a primary status in determining the comparative modernity of all the Great Powers that military goals came progressively to distort a sober understanding of the national interest that a genuinely political and diplomatic understanding of national strategy was lost and that these developments collectively rendered the military and political catastrophe of 1914 not inevitable yet probable

Napoleon and the Art of Leadership William Nester,2021-03-03 This deep dive into the mind of the complex controversial political and military leader is a great addition to the field of Napoleonics Journal of Military History No historical figure has provoked more controversy than Napoleon Bonaparte Was he an enlightened ruler or brutal tyrant An insatiable warmonger or a defender of France against the aggression of the other great powers Kind or cruel farsighted or blinkered a sophisticate or a philistine a builder or a destroyer Napoleon was at once all that his partisans laud his enemies condemn and much more He remains fascinating because he so dramatically changed the course of history and had such a complex paradoxical character One thing is certain If the art of leadership is about getting what one wants then Napoleon was among history s greatest masters He understood

and asserted the dynamic relationship among military economic diplomatic technological cultural psychological and thus political power War was the medium through which he was able to demonstrate his innate skills leading his armies to victories across Europe He overthrew France s corrupt republican government in a coup then asserted near dictatorial powers Those powers were then wielded with great dexterity in transforming France from feudalism to modernity with a new law code canals roads ports schools factories national bank currency and standard weights and measures With those successes he convinced the Senate to proclaim him France s emperor and even got the pope to preside over his coronation He reorganized swaths of Europe into new states and placed his brothers and sisters on the thrones This is Napoleon as has never been seen before No previous book has explored his seething labyrinth of a mind more deeply and broadly or revealed more of its complex provocative and paradoxical dimensions Napoleon has never before spoken so thoroughly about his life and times through the pages of a book nor has an author so deftly examined the veracity or mendacity of his words Within are dimensions of Napoleon that may charm appall or perplex many buried for two centuries and brought to light for the first time Napoleon and the Art of Leadership is a psychologically penetrating study of the man who had such a profound effect on the world around him that the entire era still bears his name *A Great and Glorious Victory* Richard Harding,2008-10-29 In October 2005 an international naval conference was held at Portsmouth and well known historians and naval officers from around the world including Colin White Brian Lavery Contre Amiral Remi Monaque and Admiral Sir Jonathan Band now First Sea Lord gave a series of papers on aspects of the battle of Trafalgar Containing a wealth of new information they are now form the core of this book Twelve chapters cover every aspect of the battle but also explore important associated themes such as the Grand Armee and the invasion threat and the British defenses against invasion in the years before 1805 On the battle itself there are pieces on the ships men and the tactics and important chapters from the French and Spanish perspectives Perhaps the most groundbreaking contribution is from the Inshore Squadron a naval war gaming group which produced a timeline that is the most accurate yet available and reveals amongst other things the nature of the ship on ship actions and the timing of some of the set events Put into its strategic political and economic context the battle is brought to life in a way which distinguishes it from all the other accounts that have appeared and offers enthusiasts and historians the most up to date and important reassessment that is available Napoleonic Wars Frederick C. Schneid,2012-07-01 It is only in the past two decades that English speaking scholars have fully breached European language barriers permitting a comprehensive reexamination of the Napoleonic Wars beyond the limitations of English French and German dependent works This new volume in the Essential Bibliography Series examines the changing nature of Napoleonic historiography and provides the student and scholar an invaluable guide to those changes Washington & Napoleon Matthew J. Flynn,Stephen E. Griffin,2012 Two political and military giants compared Kutuzov Alexander Mikaberidze,2022 A Russian war hero who defeated Napoleon and became a mythic military figure Alexander Mikaberidze s latest book is the first

modern English language biography of Mikhail Golenischev Kutuzov the famed Russian Field Marshal and central character of Leo Tolstoy's epic War and Peace. One of the most important military minds of the period, he is credited with defeating Napoleon and saving Russia, though his fame is not limited to the Napoleonic wars. As it often happens with national heroes, Kutuzov gradually became larger than life, a messianic character who led Holy Russia against the evils of the Revolution and anarchy. The Soviet leaders later exploited his personality for even more grandiose schemes. The real Kutuzov was gradually replaced by a mythical character who appeared at a time of great danger to save Russia. The impact of this propaganda can be still seen in modern Russia. In 2000 the public opinion poll showed that majority of the Russians consider Kutuzov as the Person of the 19th Century far ahead of famous writers Alexander Pushkin and Leo Tolstoy, composer Peter Tchaikovsky or scientist Dmitry Mendeleev, while the 2017 public opinion poll placed Kutuzov in the top twenty of the most distinguished historical personalities in world history, slightly behind Napoleon. As much as Kutuzov is venerated in Russia, he remains an overlooked figure in the West, with Western historiography comprising of just a handful of titles in English, French or German, the vast majority of them translations of older Soviet works or derived from them. This book provides a new biography of the field marshal, examining his personal life and military/diplomatic accomplishments and relying on a wide range of primary and secondary sources as well as Russian archival material. Mikaberidze offers a fresh look at the historical figure whose character remains elusive but whose accomplishments are irrefutable.

A History of the Apocalypse Catalin Negru, 2018-07-26 Every generation of people think that their problems are the most important ever. As history flows without interruption and doomsday scenarios fail, the following generations focus on their own contemporary events, ignoring or underestimating the past. In this way, people always see signs in their times and the end of the world is constantly a fresh subject.

Napoleon's Infant Terrible John G. Gallaher, 2008 A dedicated career soldier and excellent division and corps commander, Dominique Vandamme was a thorn in the side of practically every officer he served. Outspoken to a fault, he even criticized Napoleon, whom he never forgave for not appointing him marshal. His military prowess so impressed the emperor, however, that he returned Vandamme to command time and again. In this first book-length study of Vandamme in English, John G. Gallaher traces the career of one of Napoleon's most successful midrank officers. He describes Vandamme's rise from a provincial youth with neither fortune nor influence to an officer of the highest rank in the French army. Gallaher thus offers a rare look at a Napoleonic general who served for twenty-five years during the wars of the French Revolution and Napoleonic Empire. This was a time when a general could lose his head if he lost a battle. Despite Vandamme's contentious nature, Gallaher shows Napoleon needed his skills as a commander and Vandamme needed Napoleon to further his career. Gallaher draws on a wealth of archival sources in France, notably the Vandamme Papers in Lille, to draw a full portrait of the general. He also reveals new information on such military events as the Silesian campaign of 1807 and the disaster at Kulm in 1813. Gallaher presents Vandamme in the context of the Napoleonic command system, revealing how he related to both

subordinates and superiors Napoleon's *Enfant Terrible* depicts an officer who was his own worst enemy but who was instrumental in winning an empire

Land of War William Nester, 2023-05-01 War in Europe began with the first human migrants Rival bands fought for thousands of years before the Greeks and Romans began writing about their military history first as legend for instance the hero Achilles battling the Trojans and then as fact War developed from sticks and stones to bronze iron and steel including armor and edged weapons Then came gunpowder guns and cannons which eventually replaced edged weapons Finally in the nineteenth and twentieth centuries technology exploded railroads steamships telegraphs machine guns automobiles airplanes and tanks enabled European states to muster equip arm transport and command more men than ever before with more firepower than ever before In the past seventy five years atomic weapons changed the military landscape of Europe as have the internet and cyber warfare In this colorful new telling of European warfare and indeed European history through the continent's all too numerous wars and conflicts William Nester describes millennia of armed conflict He covers the greatest hits of military history both ancient and current Thermopylae the Peloponnesian War the wars of the Roman Empire across the continent the Battle of Hastings the Crusades Agincourt Waterloo Napoleon and Wellington the Somme the Spanish Civil War Stalingrad and Normandy Churchill Hitler and Stalin Bosnia and up through Putin's attempts to redraw the map of Europe Nester highlights how warfare has been deeply entwined with European statesmanship and undergirds modern institutions such as NATO and the European Union Europe's sense of itself is bound up in its military history *Land of War* is an epic odyssey from Europe's mythic origins through its latest violent conflicts

The Encyclopedia of the French Revolutionary and Napoleonic Wars Gregory Fremont-Barnes, 2006-08-30 This comprehensive three volume work on the French Revolution and Napoleon's rule and campaigns covers a wide range of military political social and cultural events and personalities during a time of dramatic change in Europe In three extraordinarily rich volumes *The Encyclopedia of the French Revolutionary and Napoleonic Wars* captures the full sweep and legacy of the transformation of Europe from 1792 to 1815 Its nearly 900 alphabetically organized fully cross referenced entries provide students and general readers with vivid biographies of politicians sovereigns and commanders accounts of battles weaponry and diplomatic affairs insights into the art music and culture of the times and much more Unlike other works on the subject this encyclopedia combines coverage of Napoleon's rule with that of the crucial Revolutionary years in France that set the stage for his rise to power It includes contributions from the most wide ranging group of international experts ever assembled for a work on this era Students will see the full continent wide impact of France's evolution from aristocracy to democracy to military autocracy and explore the effects of nationalism empire building industrialization and international conflict which resonate with more relevance today than ever

Battle Descriptions as Literary Texts Johanna Luggin, Sebastian Fink, 2020-02-14 Battle descriptions are usually seen as the raw material of the military historian who uses them to explain why generals won or lost a given battle This volume does not aim to contribute to

this discussion it rather approaches battle descriptions as literary texts that interact with the expectations of a given audience Therefore literary traditions in structure vocabulary and topics of battle descriptions should be explored The transgression of genre borders also literary and fictional texts are included and a broad comparative approach combining evidence from the third millennium BC up to the 20th century AD makes cultural specifics and differences more easily perceivable Contents With contributions by Marcos Such Gutti rrez Pavel ech Hilmar Klinkott Wolfgang Oswald Kai Ruffing Oliver Stoll Martin M Bauer Reinhold Bichler Christian Mileta Simon Lentzsch Sven G nther Dennis Pulina Johanna Luggin Sonjar Koroliov Magdalena Gronau and Martin Gronau The Editors Dr Johanna Luggin is a post doc researcher in the ERC funded project NOSCEMUS Nova Scientia Early Modern Science and Latin in Innsbruck Austria Dr Sebastian Fink is a postdoctoral researcher at the Academy of Finland Centre of Excellence Changes in Sacred Texts and Traditions
