

SUSANNA RABOW-EDLING

THE FIRST RUSSIAN REVOLUTION

THE DECEMBRIST REVOLT OF 1825

1825 The First Russian Revolution

Anatole G. Mazour

1825 The First Russian Revolution:

The First Russian Revolution, 1825 Anatole Gregory Mazour, 1937 **The First Russian Revolution, 1825** Anatole Gregory Mazour, 1961 The First Russian Revolution, 1825 Anatole Gregory Mazour, 1969 **The First Russian Revolution 1825** Anatole G. Mazour, 1971 The First Russian Revolution 1825: The Decembrist Movement Its Origins, Development, and Significance Anatole G. Mazour, 2018-02-13 The ringleaders of the rising which occurred in December 1825 were then arrested They were all high army officers and members of noble families The investigation that followed was conducted by Nicholas I himself It was soon disclosed that revolutionary leagues permeated the whole army Wholesale arrests accompanied by inhuman inquisitions followed Some of the revolutionists known in history as the Decembrists were executed and others exiled But the flame of revolution lit by them did not go out with the suppression of the revolutionary movement The severe punishment of the revolutionists only fanned that flame The Decembrists had not sacrificed their lives in vain The First Russian Revolution, 1825 Anatole Grigorevich Mazour, 1971 **The Invention of Terrorism in Europe, Russia, and the United States** Carola Dietze, 2021-07-20 Terrorism s roots in Western Europe and the USA This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze s lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book s centerpiece The first is the failed attempt to assassinate French Emperor Napol on III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown s raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods **Michael Speransky Statesman of Imperial Russia 1772-1839** M. Raeff, 2012-12-06 An autocracy tempered by assassination clever foreigners used to say about the Russian empire in the 18th and 19th centuries With this bon mot the average curiosity about the Tsars government was satisfied and there seemed to be no need to look further into the matter There was on the surface of things some justification for such a definition many rulers had suffered violent death and little did the autocracy abate between 1725 and 1905 The impression created by travelers by historians and journalists as well as by Russia s own discontented intelligentsia was that nothing really ever changed in Russia that the autocracy was the same in 1905 as it had been at the death of Peter the Great in 1725

Not that the outside world had remained ignorant of the efforts at reform the changes and the modernization wrought in Russia since the day Peter I had cut a window into Europe But the prevailing opinion was that such changes as occurred were merely external and did not affect the fundamental structure of the government or of society First Russian Revolution, 1825 Anatole Grigorevich Mazour,1961 Decembrist movement its origin development and significance A History of Russia Volume 1 Walter G. Moss,2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists Renegades, Rebels and Rogues Under the Tsars Peter Julicher,2003-08-25 In the Russia of the tsars people who criticized or questioned the autocratic prerogatives of the sovereign were brutally suppressed and sometimes actively persecuted So imbedded was this official hostility to anyone hoping to change or even influence government policy that even the most high minded reformers came to understand that the only way they could succeed was to overthrow the regime The author describes the activities of the most important dissidents and agitators from the reign of Ivan the Terrible to Nicholas II and the Communist Revolution in 1917 Many of these fascinating individuals were serious activists endeavoring to improve society others were opportunistic scoundrels and adventurers The author explores the causes that provoked them and the consequences they faced and explains how time and time again the tsars were goaded into mistakes and over reaction **The First Russian Revolution, 1825** Anatole Gregory Mazour,1961 *Creating Literature Out of Life* Doris Alexander,2010-11 An exploration of the creative process in four classic works Death in Venice Treasure Island The Rub iy t of Mar Khayy m and War and Peace Creating Literature Out of Life examines four very dissimilar masterpieces and their authors in search of evidence that will answer some of the many questions in the great mystery of creativity Crossing boundaries of period nation and genre the study looks into the why and how of the creation of Thomas Mann s Death in Venice Robert Louis Stevenson s Treasure Island Edward FitzGerald s The Rub iy t of Mar Khayy m and Lev Tolstoy s War and Peace Doris Alexander finds that each of these works was compelled by an urgent life problem of its author some of them partly conscious others completely unconscious which worked in harmony and counterpoint with the author s conscious theme to shape his work She traces an interconnected nexus of memories personal experiences ideas readings that came alive in response to the author s problem and served as a reservoir out of which his characters his images his story line and the emotional tone of his work emerged Creating Literature Out of Life tells the exciting story of how Mann Stevenson FitzGerald and Tolstoy fought out their major life battles in their works Russia and Eastern Europe, 1789-1985 Raymond Pearson,1989 *The Routledge Companion to Modern European*

History since 1763 Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history

Beyond the Revolution in Russia: Narratives - Concepts - Spaces Jaromír Mrňka, 2021-09-01 The book sheds light on the preconditions and consequences extending far beyond the event that opened up totally new horizons in 1917 To mark the centennial of the Russian Revolution an international team of both junior and experienced scholars from Austria Belarus Brazil the Czech Republic France Israel Poland Russia and Slovakia brought together contributions from the surprisingly broad interdisciplinary field of comparative economic conceptual and political history human geography and urbanism literature media studies and political science The book explains the Russian revolution in a complex ambiguity between the event and its immediate consequences medium term social and economic transformations and the long term reconfiguration of the spaces of politics and culture

The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture Jay Bergman, 2019 The Bolsheviks sought legitimacy and inspiration in historic revolutionary traditions and Jay Bergman argues that they saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked including guidance in constructing socialism and communism and useful fodder for political and personal polemics

The Four Horsemen Richard Stites, 2014-04 The Four Horsemen narrates the history of revolution in Spain Naples Greece and Russia in the 1820s connecting the social movements and activities on the ground in the inimitable voice of a renowned historian

Russia William A. Dando, Zoran Pavlovic, Charles F. Gritzner, Anna R. Carson, Carol Z. Dando, 2007 Russia is the world's largest country it is nearly twice the size of both China and the United States and it stretches over 11 time zones It consists of vast plains and the nation has an abundance of natural resources This work contains information that guides students through the history geography culture and economy of this country

The Encyclopedia of Political Revolutions Jack A. Goldstone, 2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the

world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions
